School Committee approves new teacher contract

By Adam Swift

The School Committee approved a memorandum of agreement with the Winthrop Teachers Association for a new, threeyear contract at its meeting Monday night.

The contract, which runs through August 31 of 2025, will see teachers receive a two percent raise per year over the duration of the contract, as well as some additional market adjustments and longevity

"The collective bargaining agreement expired on August 31 of 2022," said Paul Hodnett, the attorney for the school district. "We began negotiations in January of 2022, but in earnest, really, the negotiations began in late March. We had 11 sessions between January and Sept. 21."

The teachers ratified the agreement on Wednesday, Sept. 28.

"It provides wage increases on the basic teacher salary schedule of 2

Congressman Jim McGovern participates in a conference at EBNHC

On Monday, October 3, Representative Jim Mc-Govern, Congressman for the 2nd District of Massachusetts, visited East Boston Neighborhood Health Center (EBNHC) to hear about food insecurity needs reflected in the 2022 Boston's Community Health Needs Assessment and to learn more about how EBNHC's services are helping to promote nutritional equity for local communities.

During the conference,

Rep. McGovern lauded EBNHC as a national model in the United States, crediting President and CEO Gregory Wilmot, his administration, and staff for setting the standard to which other health centers should aspire.

OUR Opinions

TAKE A FOREST BATH

When we saw a headline about a "forest bath" in an on-line publication the other day, we initially took its meaning literally.

But the article was not about physically bathing in the woods. Rather, it pointed out that there have been some studies which have suggested that spending time in heavily-treed areas can decrease blood pressure and stress and boost overall mood, particularly if there is a stream or lake nearby. Exercising in the woods also has similar unique benefits (which made us recall some of our cross-country runs.)

The article further noted that the sounds and smells of the forest, as well as the chemicals released by trees, can have a calming effect. (Though we assume this does not include the growling of a bear...)

After we read the article, we realized that a "forest bath" simply is a new-agey term for taking a hike in the Here in New England, the change to the fall season

provides us with the ultimate opportunity to take a nice hike. Summer's humidity is gone and the cool, crisp air is perfect for taking a long walk amidst the splendor of the foliage season. Although our most-memorable hikes have been in the mountains of northern New England, we don't have to

travel that far to enjoy a forest bath. The nearby Blue Hills, Arnold Arboretum, state parks, and parks under the auspices of the Trustees of Reservations provide many nearby opportunities to enjoy the solitude of nature with our friends and family members.

So whether you call it a hike -- or a forest bath -- we encourage all of our readers to get outside in the coming

SUNDAYS AREN'T FUN **ANYMORE**

Some years back, amid the Patriots' long string of success, we wrote that New England fans should enjoy the ride, because it inevitably would come to an end.

We've been Pats' fans since the 1960s, so unlike younger fans, we've known many more years of failure than success, which gave us a much-greater appreciation for the Pats' amazing and unprecedented run of Super Bowl appearances and league titles from 2001-2019.

Societies have worshiped their athletic heroes dating back to the ancient Greeks. In the modern age, sports have served as a form of entertainment that uniquely brings people together, where we can forget ours and the world's problems, even if it's for just a few hours each week. In addition, success on the athletic field (or track or arena) is the ultimate meritocracy -- unlike just about every other aspect of our society -- which is why cheaters in sports are so reviled.

The Patriots' success became part of the local culture, with fans -- and even non-fans -- partaking of gameday parties and tailgating that helped us endure the long fall and winter seasons. Studies have shown that sharing the experience of a successful sports team with friends brings noticeable psychological benefits that last for a couple of days -- and New England fans had almost 20

But New England no longer is the center of the pro football universe. We're now the ones on the outside looking in, as was the case for so many others for two decades. When the hometown newspaper writes that your 1-3 team can take comfort in the positives after another loss -- well, you know that it's going to be a long season.

We were listening to the 1960s station on our Sirius XM radio in our car the other day when we heard one of our favorite tunes, Sundays Will Never be the Same by Spanky and the Gang. The lyrics are about a lost love and how their Sundays together were special, but they seem appropriate for New England Patriots fans these days:

Now I wake up Sunday morning Sunday's just another day Sunny afternoons that made me feel so warm inside Have turned as cold and gray as ashes As I feel the embers die Sunday will never be the same

The consequences of sea level rise are ominous for Boston

BY John Vitagliano

Hurricane's Ida's devastating impacts on Florida's seacoast communities provide a stark warning to Boston which is similarly vulnerable to the combined impacts of storm surges and sea level rise which is universally predicted as inevitable.

Sea level rise is due largely from accelerated melting of the Greenland and Antarctic glaciers and ice sheets from global warming, and to a lesser but significant degree from ocean waters' expanding volumes due to warming temperatures.

The consequences of sea level rise are ominous for Boston. Currently accepted scientific data indicate that by the year 2050 New England coastal communities will experience an average sea level rise of three to six feet. This would be a

catastrophe for East Boston, a peninsula bordered by Boston Harbor and the Chelsea Creek, with a possible flooded area of over 300 acres. Charlestown, the North End and Seaport District would also be severely impacted as would Winthrop and Chelsea. Logan Airport, due to its massive filling of onceopen Boston Harbor, has removed 2,000 acres of inner harbor that once served as a buffer between tidal surges and East Boston and Winthrop.

There is a brilliant proposal that would protect all of Boston Harbor, its adjoining communities, the seaport facilities and Logan Airport. A brilliant city planner, Antonio Di-Mambro, has proposed an award-winning project, praised by noted oceanographer John Englander, that would not only protect the entire harbor and it's neighborhoods from

sea level rise but also protect its maritime dependent economic base. Mr. DiMambro has described his brainchild as "Boston's Safety Belt", a series of connected barriers linking Deer Island, Long Island, and Squantum into a bulwark across the harbor, with 15 foot gates that would rotate closed to protect the harbor and city from storm surges. The outer harbor would effectively become an encircled pond, shielding Boston and its harbor from storm surges and sea level rise. Winthrop's inner harbor from Point Shirley to Court Road would also be protected, as well as the Bayswater Street neigh-

borhood of East Boston. Such an undertaking would not be inexpensive in the short term but would be critical in the long term as protection for the incalculably valuable seaport assets and irreplaceable neighborhoods of Boston. I believe that Massport, created by the legislature in 1956 to be the steward and protector of Boston Harbor assets, including Logan Airport which would be severely impacted by sea level rise to the point of closure, must play a vital role in the underwriting of an effective sea level rise protective system. In 2012 Boston narrowly escaped the massive destruction from Superstorm Sandy, endured by New Jersey and New York, by six hours because the storm struck at low tide instead of high tide. The safety of East Boston, all Boston neighborhoods, and Winthrop as well as the security of the region's air transportation and maritime infrastructure should not be dependent on a chance

Ian – when devastation happens

By Dr. Glenn Mollette Life changes all the time. Nothing is permanent. The only constant is

change. Hurricane Ian proved again that life is unpredictable and so is the weather. One reminder from Hurricane Ian is that we can't fight the weather and come out very well. Category four hurricanes are certain to bring devastation and loss of life to what or who is in its path.

Dozens of people in Florida lost their lives to Ian last week. Hundreds of millions of dollars of damage occurred. We can always hope that the weather will not be as bad as forecasted. We can always hope we will hold

out, hang on, and survive but bad weather is a formidable foe.

California fires, Midwest tornadoes, Appalachian flooding and now a gulf coast hurricane proves again that it's best to get out of the way of mother nature. This often means hurrying to a place of safety depending on the threatening weather.

Hindsight always sees better. It's easy to say this is what people should have done. We hope that the bad weather won't be as bad as forecasted. We hang on hoping we will be able to ride out the storm.

The best that we can do is try to stay ahead of dangerous weather if we can. Relocate, or put ourselves in as safe a place as possible is vital.

Ft. Myer's Beach has been dear for many years. My wife and I have visited there often. We have become very familiar with the very small island that is only about seven miles long. We know some of the people impacted and who are hurting. We can't imagine how they will ever overcome last week's horrific hurricane. Some will likely never reopen their businesses or even consider trying to rebuild. Some will try but the climb back to any semblance of normalcy will be long and hard.

Overcoming devastation is never easy, sometimes impossible and at best takes a long time. Your devastation may not be a hurricane. Your devastation may not be

weather related. We all must keep in mind that if we live life long enough, we will face some kind of devastation that hurts or even cripples us. Rendering prayer, kindness, emotional and financial support is being a good neighbor and treating others the way we hope to be treated when it happens to

There is also a longevity increase in year one for teachers who have been in the system for 30 years or more. Hodnett said that increase runs from \$1,800 to \$2,500.

Other teachers in the bargaining unit, at whatever step they are on, will receive a \$100 increase on their step, although that increase would not apply to the teachers with 30 years or more of longevity.

"As someone who has worked on this agreement, this is the result of many, many weeks of back and forth and very good discussion with our teachers," said committee Chair Jennifer Powell. ART 970 - POINT SHIRLEY YACHT CLUB

Over the years Winthrop has been home to five Yacht Clubs, three of which are still in existence, the Winthrop Yacht Club, the Cottage Park Yacht Club and the Pleasant Park Yacht Club. The two that are no longer in operation are the Highland Yacht Club, which ceased operation as a yacht club in 1940 to become a USO Club for World War II military personnel, and the Point Shirley Yacht Club which is the subject of this

The Point Shirley Yacht Club was organized in 1908 and incorporated in 1909. Its charter members/stock holders included William Bradford, John Simpson, Bernard Farrell, Thomas Davidson, George Floyd, Eric Swenson Alex Knox Jr. and Frank Walker.

The original clubhouse was built about 1910, with its own pier, by George Floyd on a site between Otis Street and Townsend Street next to the old railroad pier that had serviced

the Revere Copper Works from 1844 to 1869. Picture one depicts this building in the 1920's, prior to the fire that destroyed it in the early 1930's, and shows its location in relation to the previously referenced Copper Works pier. The members of this club enjoyed a deep water basin for their boats at all times which made it the only club in town with the facilities to accommodate large yachts on every tide. Since the club membership consisted mostly of summer residents, the facility was the scene of much social activity during the boating season. Picture two is a closer view of this building as it appeared before the fire. This fire followed the 1903 fire at the Winthrop Yacht Club and the 1926 fire at the Cottage Park Yacht Club both of which rendered the buildings useless and beyond repair. Since then, the Pleasant Park Yacht Club also suffered the same fate during a fire in 1958. While the Winthrop Yacht Club,

the Cottage Park Yacht Club and the Pleasant Park Yacht Club were all rebuilt, the few remaining members of the Point Shirley Yacht Club only succeeded in constructing a small building on the original site as shown in picture three. The club was forced to disband shortly before WW - II and the building was sold and rebuilt into a summer cottage that has been converted into the beautiful year round home that exists today. Picture four depicts that home as it appears in modern day under the arrow drawn above it. This is currently the home of Michael Herbert at 86 Otis Street. The picture was taken from about the same spot that picture one was taken in the 1920's from the Copper Works Pier. The posts sticking up from the water with birds on them were those that supported the pier protruding out from the original Point Shirley Clubhouse as seen in picture one.

Town Clerk Carla Vitale is getting her staff and poll workers ready for one of the most watched elections in years. A plaque and two rails embedded in the sidewalk, along with a steel H beam, have been placed at the corner of the rear of the Samuel's Building in French Square to commemorate the old Narrow Gauge Railroad that ran through Winthrop for more than four decades from approximately 1900-1940. The idea for the memorial was the brainchild of former resident Don Simonini, who noticed two lengths of iron sticking above the ground's surface on Hagman Road during the Center renovation work last spring. These were the last two remnants of the rail line which was dug up almost in its entirety shortly after the Narrow Gauge ceased operations in 1940.

The selectmen and the MWRA still are at logger-heads over the construction of a new water main line to Deer Island. Saint Michael the Archangel Parish celebrated the Feast of Saint Francis of Assisi with a Blessing of the Animals on October 1. Parishioners gave thanks for the gifts of creation, and the joy that pets bestow on our families. Deacon Jim Leo blessed dogs

and their caretakers with a prayer and holy water.

"One of the first things I was asked as a deacon was, 'What is God's love?" said Deacon Jim. "The first thing I thought about was animals. No matter what you do, they are always with us. That's the love that god gives us. It's unconditional."

What differentiates Suffolk's certificates from other asynchronous online courses, Masiello says, is that "we have purposefully built them to ensure that individual students have live interactions with our subject matter experts."

The goal is to "take this kind of learning a step further," she said. "We provide flexible learning modules that enable people to work at their own pace, according to their own schedules, while also giving them the opportunity to engage with specialists in their field." Certificates can be completed in as few as ten weeks.

For corporate partners, the center can curate timely, relevant training programs that will enable their employees to learn valuable skills quickly, Masiello said, "enabling them to stay on top, and even ahead, of industry demands."

In addition to Suffolk-designed certificate programs, the Center for Continuing & Professional Education is partnering with MindEdge, a leader in noncredit continuing education, to offer hundreds of affordable courses in dozens of fields ranging from banking to

WHS GIRLS In one of their two contests the previous week, SOCCER BLANKS the Lady Vikings took on SALEM, 6-0 a non-conference oppo-The Winthrop High nent, Excel Academy, and

girls team put it all together at both ends of the pitch on Salem's Bertram Field to come away with a 6-0 victory over the Witches last Wednesday evening.

"We went into that game knowing they had similar scores as us against the same teams, so we knew it was going to be anyone's game," said WHS head coach Tracey Martucci. "It was also their Senior Night, so we figured they were going to come out ready for us. But we played an incredible game and rose to the occasion."

The Lady Vikings scored early and often in the first half to open up a 5-0 advantage at the intermission.

Senior Emma Holmes (unassisted), Reese Brodin (two unassisted goals), Kaylee Farrell (assisted by Hannah Parker), and Lily Tallent (also assisted by Parker) provided the offensive firepower for Win-

Maddie Stiglets accounted for the final Winthrop tally in the second half, reaching the back of the Witches' net on what Martucci termed "an amazing header," with assists going to Talia Martucci and Emma Holmes.

The Lady Vikings then took on a potent Saugus squad, which had breezed to a 7-0 win over Winthrop in their first meeting a few weeks ago. However, the Lady Vikings came out strong and turned the tables on the Lady Sachems through the opening half, battling their Northeastern Conference rival to a nilnil standoff.

"We knew we had to step up our game and ended up tied at the half, 0-0," said Martucci. "We had a much better game against them and a lot more offense."

Saugus finally broke through late in the second half for two goals and then tacked on a third with just six seconds to play for the 3-0 finale.

"Our sophomore goalkeeper, Amelia Spencer, had an amazing game," said Martucci. "She has never played soccer before and has jumped Into the net for us this year and is getting better every game."

This past Monday evening, the Lady Vikings battled another strong NEC opponent, Swampscott, in similar fashion. The contest was deadlocked at zero at the intermission, before the Lady Big Blue scored twice in the second half for a 2-0 victory.

"We had a phenomenal game against them as well," said Martucci. "Our defense -- Daniela Gomez, Emily Hoxhaj, Carolina Gonzalez, and Lizzy Quinn -- played a strong game and held their offense off as long as they could. Senior Mia Norris played a strong two-way game both up front and helping out down low."

Talia Martucci scored her first varsity goal and Brodin added another to give the Lady Vikings a 2-0 edge at the intermission.

Winthrop received insurance markers in the second half from senior captain Lily Tallent, Kaylee Farrell (assisted by Martucci), and Emma Holmes (assisted by Stiglets).

The Lady Vikings fell to Danvers, 6-0, in a contest that was much closer than the final score would indicate.

"At the half we were only down 2-0, which is a big deal for us against a team like Danvers," said Martucci. "The girls played very well. We were attacking up front and solid in the back. Unfortunately they were just too much for us to keep up with. They scored two in the last few minutes, so to say we were playing evenly with Danvers is a positive.

"I'm super proud of how these girls are holding their own against very strong teams. The team has improved tremendously over the past few games and we hope to keep the momentum going as we enter the second half of the season."

Martucci and her crew will host Swampscott in a rematch at Miller Field on the holiday Monday morning at 11:00 and will entertain non-league rival Matignon next Wednesday afternoon.

WHS BOYS SHOWING STRONG **IMPROVEMENT**

Although the Winthrop High boys soccer team came up short in its two matches this past week, the Vikings continue to show steady improvement under the direction of first-year head coach Phil Ronan.

"We lost 2-0 to Salem last Wednesday, but played an excellent game," said Ronan. "Goalkeeper Mateo Martinez was excellent in his return from injury. We had multiple scoring chances created by Loert Mana and Eron Muja, but couldn't convert."

The contest went down to the wire, with the Witches clinging to a 1-0 advantage right to the end. The Vikings pulled out all the stops in an effort to score the leveling tally, putting pressure on the Salem net over the final several minutes, but the Witches sealed the victory with less than a minute to

"Once again we had chances, but failed to convert," said Ronan. "A positive note this season is that several of our freshmen are getting valuable experience from the minutes they are logging on the pitch with the varsity team."

WHS VOLLEYBALL LOOKS TO GET BACK ON TRACK

The Winthrop High volleyball team came up short in its matches this past week.

In a 3-0 loss to Masconomet (the set scores

were 25-12, 25-18, 25-

16), the highlights for the Lady Vikings included the performances of junior Mira Ivanis, who made two successful blocks, and seniors Gabby Golden and Hanna Essaoubi, both of whom served two aces.

Winthrop also dropped a contest to Swampscott by a similar, though closer, 3-0 score (25-20, 25-23, 25-19).

"This was an especially tough loss because we previously had defeated them," said WHS head coach Lauren Kelly. "I'm hoping we can bounce back from this."

Kelly and her crew were scheduled to travel to Beverly yesterday (Wednesday) and to make the long trek to Andover tomorrow (Friday) to meet non-league opponent Greater Lawrence Regional. They will return to the WHS gym next Wednesday to host Northeastern Conference rival Salem, with the JV game starting at 4:30 and the varsity at 6:00.

Football // CONTINUED FROM PAGE 7

and the captain turned it into a 38-yard scamper around left end in which he dove at the pylon for the touchdown. Noonan also had a quarterback sneak for a TD and a twopoint conversion pass to Demetri Koutsouflakis as Winthrop defeated Danvers, 22-13, for a hardfought, non-league victory as the NEC divisional schedule begins Friday at Gloucester.

"That [Noonan's TD run] was the play that we were talking about last week," said Coach Cadigan. "We had only been running it to the right and that was the first time we ran it left all year and it was a Rob Noonan 38yard touchdown. We ran jet-motion that pulled a couple of their guys, and we just executed the play the way you draw it up."

Fast start for the Vikings

Winthrop (2-2) stormed out the door with a well-executed drive to take a 6-0 lead in the first quarter. Noonan's pass to Nick Cappuccio for a first down deep in Danvers territory ultimately set up a quarterback sneak for a

touchdown. Winthrop made it 14-0 on the Noonan 38-yard TD and two-point conversion pass to Koutsouflakis. Cadigan addressed the dive-to-the-pylon ma-

neuver by Noonan. "I told Robert I that I love the effort, but you have to make sure that you hold on to the ball and you secure it," related Cadigan. "If you fumble at the 1-yard line, it becomes a touchback. But Robert had two hands on the football, and you saw his desire to make a big play."

Noonan's leadership on the field and management of the Winthrop offense have been exemplary through the non-league portion of the schedule.

Danvers rallies but Vikings respond

The Falcons closed the gap to 14-7 at the half and 14-13 in the third quarter.

But the duo of Welvis Acosta and Nick Cappuccio soon extended the lead for Winthrop. Acosta, who seemed to be bouncing off tacklers and picking up extra yardage all game, had a 10-yard carry to the Winthrop 45-yard line for a first down. Cappuccio followed with 39-yard run down the sideline (during which he deked a Danvers defender) that ended with an illegal tackle preventing Cappuccio from scoring what should have been an electrifying touchdown. Acosta bounced off a tackler and scored from seven yards out to give Winthrop a 20-13 lead.

Following a timeout, Winthrop coachthe es elected to go for two points and Cappuccio produced the conversion and 22-13 lead that made it a two-possession game.

Galuris named defensive player of the game

Junior cornerback George Galuris received the Winthrop Black Shirt Defensive Player of the Game award. Galuris was assigned to Danvers' best wide receiver and received high marks from the Winthrop coaches for a couple of pivotal pass-breakups. Galuris also had a fourthdown pass reception in the second quarter.

"I think George is a terrific basketball player and being the cornerback, there are similar qualities to playing basketball, fighting for jump balls, and positioning and all that stuff. George did a great job covering their wide receiver all game."

Defensive back Mark Johnson finished a strong effort by the secondary with an interception.

Ryan Harris and Michael Donahue had important sacks. Donahue was the Vikings' scout player of the week, acting as Danvers' top linebacker on the scout defense.

Donovan Cassidy played his best defensive game of the season, according to Cadigan. Cassidy made a big, fourthdown stop early in the game.

Acosta wins the one-on-one

Welvis Acosta had a huge defensive play in the fourth quarter when he raced across the field to tackle the Danvers quarterback in a classic, oneon-one open field play that ended the Falcons' possession. Acosta had been assigned to cover the Danvers tight end, but he saw the quarterback rolling out and appeared to come out of nowhere to make the tackle.

"Welvis was the outside linebacker on the opposite side and he noticed the Danvers quarterback got outside of containment," said Cadigan. "I figured the Danvers quarterback was going to get the first down, but Welvis made a beeline right to him and made a great open-field tackle to stop him from getting a first down which was probably the biggest defensive play of the game."

Phil Boncore leads the line

Sophomore Phil Boncore was the Vikings' No. 1 lineman for the second week row, as determined statistically by the coaches' grading system.

It's great to see Boncore excelling as a three-sport varsity performer in the Vikings' athletics program.

Cappuccio's **'9'** was almost **'99'**

It will go on the stat sheet as a 9-yard gain, but if you look at the replay, you can determine that Nick Cappuccio came within one last-ditch Danvers tackle of scoring on a

99-yard touchdown in the game.

With the Vikings pinned at their own 1-yard line, Cappuccio took the handoff from Noonan in the end zone, neatly avoided a tackle at the goal line, and began to pick up steam before a Danvers player (who was getting blocked and falling to the turf), just managed to trip up Cappuccio.

"He's 100 percent going 99 yards on that play," said Jon Cadigan. "Nick knew it at the time - he was one guy away. Credit to the Danvers cornerback for making the play."

Of course, a 99-yard run is a record that can only be tied but never eclipsed.

Acosta picked up a key first down on the next play to keep the ball in Winthrop's possession.

A trip to Gloucester

The Vikings, who are at No. 5 in the power rankings, will travel to the end of Route 128 for an NEC divisional matchup with Gloucester (1-3) at the newly refurbished Newell Stadium that was part of the "Newell Renewal" project.

It's a challenging test for the Vikings who defeated Gloucester two years ago at Newell Stadium, which has the Annisquam River just beyond one of the end zones. (Gloucester fans like to cheer, "To The River" when the Fishermen offense is heading in that direction).

to play and a tough place to win," conceded Coach Cadigan. " I look at our coaches – Chris Ferrara, Mark D'Ambrosio, James Fucillo, Nick McCarthy, and Frank Ambrosino and we never won up there as players, and those are some pretty good players."

"It's still a tough place

A victory over the Fishermen would set up a major showdown against Peabody (4-0) next week, but Cadigan said the Vikings are not looking past Gloucester.

WHS SPORTS Through the Years

The Winthrop High football team had two tough opponents in its home opener: a superb Beverly team and windy and raining conditions that made the middle of the field a quagmire.

An undermanned Viking squad, missing three starters, stayed with Beverly for just over a half before the Panthers pulled away to a 36-8 victory. Sophomore quarterback Dylan Driscoll connected with freshman Reise Turransky for a 24-yard touchdown late in the first half. Ruben Powell rushed for the conversion to close the gap to 14-8 and send a resurgent Winthrop to the locker room with an upset on its mind, but that would prove to be as close as the Vikings would get on the evening.

October 15, 1992 The Winthrop High football team remained undefeated at 4-0 with a 34-20 triumph over Gloucester. Senior wide receiver Richard Staff caught six passes from quarterback Mike Mason for 124 yards and three touchdowns. Staff also scored a fourth TD when he recovered a fumble in the endzone. Danny Godfrey was immense from his linebacker post on defense, accounting for 14 tackles, two interceptions, and a sack. Halfback Anthony Palmer ran for 119

yards on 14 carries and

scored a TD. The win

earned Coach Tony Fucil-

lo's Vikings a spot in the

Boston Globe top 20 and a ranking of fifth in Division III.

WHS cross country star John Mullane won for the sixth time this season, but the WHS boys cross country team dropped a 24-31 decision to Lynn Classical. Mullane won the race in 17:40. David McNamara was the next Viking across the line in 19:21.

The WHS girls tennis team won its third match of the season with a 5-0 shutout of Classical. Andrea Pulik won at first singles, Stacey Grillo won at second singles, and Janelle Forbes won at third singles. The Lady Viking doubles teams of Nicole Zedalis & Tiffany Scopa and Denise Collins & Robin Murray also were easy winners. 40 years ago

October 13, 1982 The Winthrop High

football team remained undefeated with a big victory over Lynn Classical in the Manning Bowl. Classical had been slated as one of the teams in the NEC that could topple Winthrop from first place and end the Vikings' unbeaten skein that goes back to Thanksgiving of 1980, but Winthrop answered the challenge. Coach Bob DeFelice's team now will face an even bigger challenge against unbeaten and unscored upon Salem this week.

The rash of injuries which has been plaguing the Winthrop High football team since the second day of practice brought an unprecedented meeting of school officials this week. The group achieved immediate remedial action when WHS head coach Ed MacFarland was asked to go easy at practice sessions and to end them by 5:30.

"Swim to the Water Tower" was held on September 25 after a postponement due to Hurricane Fiona. The Point Shirley Athletic Association formerly sponsored the Five Sisters Swim which has evolved into this first swim at the new Yirrell Beach location. Coach Warren MacPhail was happy with the turnout and hopes to organize a Spring Road Race around Deer Island coupled with a swim at Yirrell Beach as well as the second annual Swim to the Water Tower next September. Thanks to Save the Harbor, the Friends of Winthrop Beach, the Winthrop Harbormaster and all the people who came to cheer on the swimmers.

OBITUARIES

Bridget Manganelli

All about family, active in the community and church, she will always be remembered and loved

Family and friends attended visiting hours on October 2 and a funeral on October 3 in Vazza's "Beechwood" Funeral Home, 262 Beach St., Revere for Bridget M. (Giovino) Manganelli who died on Wednesday, September 28 at the Massachusetts General Hospital following a brief illness. She was 90 years old. A Funeral Mass at St. Anthony of Padua Church, 250 Revere St., Revere, was immediately followed by interment in Holy Cross Cemetery, Malden.

Bridget was a native of East Boston, where she was born to her late parents Patrick and Rose (Rinaldi) Giovino . She was raised and educated in East Boston and was a graduate of East Boston High School, Class of 1949. Bridget married her husband, Ralph and they remained in East Boston's "Eagle Hill Section."

Bridget was a proud mother of her only child, Rosemary. She proudly and gracefully raised her daughter and kept her home. She later became a Crossing Guard for the City of Boston, where she happily crossed many children in the Streets in East Boston, for over 28

Bridget was also a very active woman, where she sat on the Commission of Elderly Affairs at Boston City Hall. She also helped many seniors over the years who needed

guidance and assistance for their needs. She was active in the East Boston Social Center and Chelsea Senior Center. Bridget was a woman of strong faith and also attended mass regularly. Above all, she was all about her family. She cherished cooking for them and hosting many dinners and holidays. She will always be remem-

bered and loved. The devoted wife of 60 years to Ralph D. Manganelli of Chelsea, formerly of East Boston, she was the loving mother of Rosemary Bouchrif and her husband, Hassan of Chelsea, formerly of East Boston; the cherished sister of the late Edward Giovino and his surviving wife, Patricia Giovino of Burlington, she is also lovingly survived by her sister in law. Virginia Leo of Peabody and her late husband. Nunzio Leo and by many loving nieces, nephews, grandnieces, nephews, cousins and friends.

Anne Marie Faria

She loved her family and she was so loved by them

Anne Marie Faria of Winthrop passed away peacefully into eternal rest at the age of 77.

She was loved by so nany people both family and friends who watched over her and cared for her.

She attended Saint John's School and enjoyed Scouts, dance, elocution lessons, sewing class and crafts as a child. She was "famous" for her baking skills especially her chocolate chip squares, chocolate cake and snickerdoodles! She loved her town of Winthrop and walked everywhere meeting and talking with others. She liked starting her day at the Cafe Delight for her coffee, reading the newspaper and chatting.

Anne Marie worked at the Chelsea Naval Hospital Laundry, as a messenger in Boston, and as a cafeteria worker at an elementary school in Winthrop. When she retired, the Winthrop Senior Center was her favorite place to be and she was the first one there in the morning. She liked line dancing, exercising, and helping to set up the trays for lunch.

Food was more than something to eat for Anne Marie.She enjoyed going to different restaurants and tried some new places with the Red Hatters. She liked getting ice cream at Twist and Shake and then sitting at the Landing, Deer Island or Piers Park to watch the planes

and boats. Anne loved her family and she was so loved by them.

She leaves her broth-

er, Stephen A. Faria, Jr., her sister, Mary and her husband, John Joyce, her nieces, Katie Joyce, Meghan Tozer (David) and nephew, Brian Joyce (Ali). She had three great nieces, Amie, Ella and Clare, a great nephew, Jonathan and many cous-

Remember Anne Marie for the special person that she was and for the strength that she showed despite all her life challenges!

A Celebration of Life Service was held in the First Church of Winthrop, United Methodist, 217 Winthrop St., Winthrop on Saturday, October 1. Interment was in the Winthrop Cemetery (Belle Isle Section). Remembrances may be made to the Winthrop Senior Center, 35 Harvard Street or First Church of Winthrop, United Methodist, 217 Winthrop Street, where Anne Marie enjoyed bible study, services, friendship and refreshments.

Funeral arrangements were from the Maurice W. Kirby Funeral Home, 210 Winthrop St., Winthrop. To sign Anne Marie's guestbook, please visit: www.mauricekirbyfh.

OBITUARIES

Lila Hewson Taylor

July 30, 1926 – September 22, 2022

Our treasured mother, Lila Hewson Taylor, passed away after 96 years of sharing her zest for life with so muchlove, humor and grace. With her every day, Lila set the standard with the life she lived so well . . . always giving of herself and making the world a better place for those who knew her.

Born in Watertown, Massachusetts, Lila was the daughter of Garfield Hazel (Chicken) Hewson, along with her brothers, Gar, Don and Bob. The family moved to Weymouth before finally settling down in Winthrop, where she lived for the rest of her life.

Lila graduated from Winthrop High School in 1944 and spent about a year and a half at the University of New Hampshire. Around that time, she participated in the USO and met James D. Taylor, a sailor from San Diego, California. They married on New Year's Day in 1949.

The 1950's came and so started their family: Brad. Nancy, Lisa and Suzanne.

Life continued with new challenges, as the 1960's arrived. After being a housewife and mother, her life changed, and Lila decided she wanted something new. She found a job at Putnam Investments, where she worked as a Librarian for the next 35+ years, finally retiring when she was 72.

All her life she enjoyed many years of fun playing cards with the "bridge' ladies. She remained well known around Winthrop, as she rode her blue bicycle everywhere! She became a world traveler, finding her way to the Great Wall of China, Mykonos, England and Australia.

She is survived by Brad and Lynn Taylor, Nan-

Suffolk Sheriff warns residents of circulating jury duty scam

Staff Report

The Suffolk County Sheriff's Department is issuing a warning to Massachusetts residents about an elaborate scam being attempted by people impersonating Department employees.

In one reported case, a woman received a telephone call from a man falsely identifying himself as "Chief Deputy Alphonso Johnson from Civil Process." The caller then told his potential victim that she was in contempt of court for failing to appear for jury duty and she would need to pay a stated amount of \$625.00 to settle a bond so that they can close the matter. The

scammer also told the woman that she would need to pay in the form of prepaid credit cards.

While many people believe that they could never be the victims of such a seemingly obvious attempt at deception, the perpetrators of this crime are continuously updating and enhancing their methods to convince their intended targets. Scammers are now using equipment and software that "spoofs" the telephone numbers of actual businesses and organizations, so that it appears on Caller ID that the caller is actually from the place that they are claiming to be from.

In an additional attempt to enhance the caller's

appearance of authenticity, the scammer created a fake "Summons for Jury Duty" form with the intended victim's name and current address printed on it, marked with a date that has already passed, indicating the date that the scammer claims their intended target failed to report for jury duty.

In past scams, callers have even asked their intended victims to purchase prepaid credit cards and bring them to the front of the Department's Civil Process building.

Once again, the Department wants to emphatically reiterate that it does not call to collect money and, if anyone should receive a call resembling the ex-

amples given above, they are advised not to give out any personal information and to call their local police department to report the caller. Above all, they should not, under any circumstances, take out money and go to meet these callers at any location, nor should they wire or send any money or other form of currency.

The Department also asks that you call the Suffolk County Sheriff's Department's Investigative Division at: (617) 704-6514. You may also reach the Suffolk County Sheriff's Department Civil Process Division at: (617) 704-6999.

CELEBRATE YOUR ITALIAN HERITAGE,

HAPPY COLUMBUS DAY!

Italian American Cultural Celebration set for Monday, Oct. 10 in Eastie

By Cary Shuman

The Italian American Alliance (IAA), led by CEO Dom Amara and President Jim DiStefano, will host the first annual Italian American Cultural Celebration on Monday, Oct. 10 (11 a.m. to 3 p.m.) at The Tall Ship East Boston, 1 East Pier Drive, Pier One, in East Boston.

The event will celebrate Italian-American culture and feature Italian food, fun activities for families, and musical entertainment.

A major sponsor of the

event is NIAF (National Italian America Foundation. Italia Unita is also a sponsor.

"It is our goal to promote and highlight our Italian legacy and the many contributions Italians have brought to this country," said Dom Amara, IAA chief executive officer. "Our hardworking Italian immigrants were a strong piece in building America to what it is today. I, along with our children and grandchildren appreciate our ancestor's struggles. We took what was taught to us through

education and the installation of values to help us continue to contribute to many areas. Today we showcase our talents with music, arts, and cuisine."

Lisa Capogreco Cappuccio, a long-time community leader and member of the event committee, expects a fun-filled celebration on the day that the Columbus Day Parade was traditionally held in East Boston for many years. The national holiday recognizes Christopher Columbus, the Italian explorer who discovered America in 1492.

"I felt we have to do something to celebrate Italian-American culture, and what better place than East Boston," said Cappuccio.

"We welcome everyone from East Boston aand beyond to attend and enjoy this celebration."

The event will show-case East Boston's newest attraction, The Tall Ship, which boasts the most amazing views of the Boston Harbor/Skyline. Vendors will line up with Italian food. Children will be treated to special activities such as games (with priz-

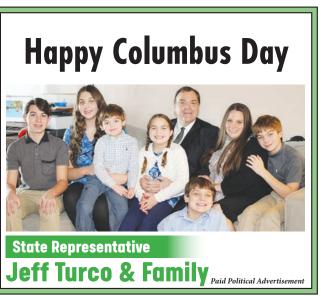

es), a magician, face-painting, paper mâché building, and inter-active character performances with "Anna and Elsa." Live musical entertainment will be provided by DJ Ross Zagami, Ray Cavicchio on the "Cavi-Chord," Cory Pesaturo, world champion accordionist, and Boston's premier Acapella group, Street Magic.

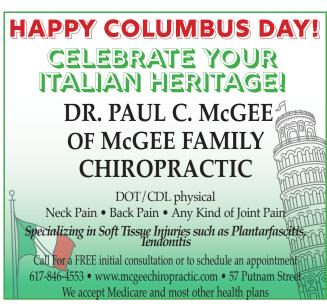

There will also be a wide variety of Italian specialties: brick-oven pizza by Montilio's; sausages and more by The Sausage Guy; arancini, coffee and espresso by Brelundi; can-

nolis by Roma Bakery; limoncello baked goods and limoncello tasting by Fabrizia; Italian pastries, and so much more. Also, there will be cash bars on the premises. A variety of non-food vendors will also be on-site.

Valet Parking is available. MBTA accessible on the Blue Line MBTA stop Maverick Station, one block down. Water Shuttle from Long Wharf directly to the Tall Ship (MBTA fares).
