Mark AuBuchon delivered Cruiser Comfort Kits to the Winthrop Police Department and officers Ignacio Oyola, Phil Hamilton, James Freeman, and Lt. James Feeley last Thursday.

Masonic project helps provide police with comfort kits

By Adam Swift

For first responders, one of the hardest parts of the job can be dealing with small children during an emergency. One local man, Mark AuBuchon, is helping make that part of the job a little bit easier. Last week, AuBuchon dropped off an assortment of Cruiser Comfort Kits to the Winthrop Police Department. The kits, which

contain stuffed animals that officers keep in their cruisers, is part of Project Delta. Project Delta is a Freemasons program designed to help first responders provide comfort to kids in crisis. AuBuchon said he is part of four Masonic lodges, and wanted to help local first responders through the program. The idea of the program is to provide any first re-

sponder wishing to partake in the program, a "kit" that contains five to six stuffed animals and a drawstring bag that can be used to not only house these items but also, in case of emergency removal, provide the child with a carry-all for any personal property. The content of these kits can be given out at the discretion of the first responders, and there is no cost to the responders. e at the above contacts.

This is not just a Delta Lodge program but a program designed and supported by all Freemasons, according to AuBuchon. Winthrop Police Lt. James Feeley thanked AuBuchon for the kits, and said they would be a valuable tool for the officers in the town. AuBuchon said he was hoping to donate the comfort kits to other police departments in the area, as well.

Fire station proposal moves toward November vote

By Adam Swift

Town leaders have been considering building a new fire station for so long, there's been some debate as to whether the discussions have been going on since the 1960s or "only" the 1990s. But at a special meeting on Tuesday night, the Town Council unveiled plans to build an approximately \$35-\$40 million new station on the site of the Wadsworth Building on Winthrop Street. The project, which includes the taking of two parcels of land by a friendly eminent domain taking, will likely be before voters on the November town election ballot. It is expected that the council will appoint a

Firehouse Building Committee at its next regular meeting on August 1 to begin the work of educating the public on the details, cost, and need for the new fire station, according to Council President James Letterie. "One of my goals, when I was fortunate enough to be elected, was to have a proposal before the town (for a firehouse)," said Letterie. "There has been an incredible amount of discussion on this for many, many years, and we are just announcing our plans after a lot of effort. We thank the architectural firm of Kaestle Boos that helped us with this project over the past many years." If the project is approved, Letterie said the two current fire stations on Pauline Street and Shirley Avenue will remain open so that there are no disruptions in service from the fire department. The next steps in the process include appointing the building committee, which Letterie said will likely have seven to nine members plus alternates, with representa-

tion from the council, the fire department, the town manager's office, and the public. "The job of the committee over the next three months is to educate the town of Winthrop as to this proposal, to let them understand the ramifications of the cost, and the benefits of building this proposal," said Letterie. Letterie also discussed why the council chose to move forward with a new firehouse as opposed to a public safety building that would also include a new police station. "Over the past several years, there has been much talk about a public safety building and why did we start with a firehouse?" he stated. With the two fire stations both over a century old, Letterie said there was a definite need to address those concerns. "The need is there, I don't think there is much question of a need, the question always comes down to the cost, and the police station has done a remarkable job with their facility trying to keep it up

to date," said Letterie. The initial design for the new firehouse does include the possibility of connecting it to a new police station, either through an underground tunnel or a second floor walkway. Letterie said the town could possibly begin the process of moving forward with a new police station in eight to 10 years, when the debt service for the new middle-high school building comes off the town's books. If the proposal passes muster at the ballot box in November, Letterie said the building committee would continue its work by assisting with the design and hiring an owner's project manager, architect, and engineering firm for the project. Town Manager Tony Marino said part of the process is making people aware of the conditions in the current buildings. "These buildings have certainly passed their useful lives, and it is long overdue to get a new fire station in place," said Ma-

ONE WAY

Three local streets going single direction

By Adam Swift

The Town Council approved a plan to make portions of Locust, Cross, and Almont streets one-way at its meeting on Tuesday night. Under the new traffic plan, which addresses traffic backing up on the narrow streets toward Revere Street, Almont Street will be one way from Revere Street to Cross Street, Cross Street will be one way from Shirley Street to Locust Street, and Locust Street will be one-way from Cross Street to Revere Street.

The change also eliminates right turns from Almont Street onto Revere Street from 7:30 a.m. to 8:15 a.m. and 1:45 p.m. to 2:30 p.m. on school days. Those recommendations were first made by the town's Traffic Safety Advisory Committee (TSAC) three years ago. TSAC Chair Michael Diluio noted that the streets that are impacted are all approximately 26 feet wide with parking on both sides. "If we want two-way traffic with parking on both sides, we really need much wider streets to accommodate it," said Diluio. Diluio said the traffic is more of an issue during school hours, but has gotten worse during all times of the day. "The only other option is to look at eliminating parking on one side of the street, and even that is not wide enough," he said. "We understand that this is going to inconvenience the neighborhood and it's going to have some growing pains, but I will also say that I do believe that people will adjust."

Councilor-at-Large Rob DeMarco, who cast the lone vote against the traffic change, asked how many accidents there have been on Locust and Almont in the last year. Diluio said there have been some close calls, but that he wasn't aware of any accidents. "As a council, I think

rino. The early plans for the new fire station on Winthrop Street call for a three-story building with a basement, four bays for larger apparatus, and two bays for smaller vehicles such as ambulances, said Marino. It also includes decontamination and turn-

out areas, conference and training space, more room for firefighter bedrooms, and room for the health department.

"Everything we need today for a modern fire station that we currently don't have," said Marino.

Marino said the ear-

ly designs will likely be tweaked as the building committee and architect work together if the project is approved in November.

"The committee would spend the next six to eight months designing the building and coming up with the final product along with a lot of public input," said Marino.

we are trying to be proactive instead of reactive, we don't want to wait for a bad situation in order to act," said Council President James Letterie.

Precinct 3 Councilor Hannah Belcher said the town has made a good faith effort over the past several years not to inconvenience the neighborhood, but that the issue still exists. She also noted that it could be a safety issue if an emergency vehicle is trying to get down one of the narrow streets while traffic is coming in the other direction.

"Despite the inconvenience to people on those one-ways, it is improving safety and it is preserving our limited resources in parking," said Precinct 2 Councilor John Munson.

Loose Dog!

by Penny & Ed Cherubino

Recently we helped a neighbor protect a loose dog who had escaped from a pack of eight dogs tied up outside a building. We moved in slowly and surrounded the pup. Fortunately, we all knew that our best hope to keep the dog from running into traffic was to calmly and quietly encourage the dog to come to one of us. While that didn't happen, we did keep the dog safe until the dog walker returned.

We've participated in several dog recoveries and learned a few tricks from our successes. In the case of a pretty Bichon Frise, a group effort caught her, and a water bottle strap became a temporary leash. A call to the phone number on her tag revealed that her person didn't know she was missing.

In another instance, a neighbor was trying to catch a rather aggressive, large, mixed breed who had broken free from a

prong collar while walking with a family member who did not know the dog well. Penny took a neighbor's dog so he would have two hands to work with, and so his dog would be safe from the growling, snapping escapee.

With no hope of getting the pinch collar back on the dog, we turned the leash into a noose and tried to lasso the animal. We offered treats to tempt the dog, but nothing was working. In the end, a young man joined the fray and held the dog by its ruff long enough to get the leash around its neck.

Catching a Loose Dog

If faced with a loose dog, follow the expert advice on what to do and what not to do. Don't grab or chase the dog. The Whole Dog Journal suggests you should not even talk to a scared and agitated dog.

Instead, they recommend using calming signals, "...mimicking the body language that

dogs use to communicate peaceful intentions, avoid conflict, and defuse tension. Calming signals include yawning, using peripheral vision and blinking (never long, direct stares), and oblique approaches (moving from the side, not head on)."

Call animal control. They have the tools and training to capture stray dogs. Moreover, they can access records to locate the dog's family and provide a safe place to secure the dog until she is reunited with her people. Make this call even if it's your dog on the loose.

Carefully Choose a Dog Walker

Our most recent experience ended when the dog walker came out of the building with two more dogs. The walker immediately rushed to the dog, made a one-arm grab, nearly dropped the pup, and then scolded the poor thing for breaking out of its collar.

Three neighbors surrounded this dog who had pulled out of its collar while tied up with a pack of eight dogs outside a building.

The lesson from our experiences is that you must carefully choose any temporary guardian who walks your dog. Be realistic about how well that person can control the dog. Consider how many dogs a professional walker can safely manage. Ask if the walker's professional insurance covers them when walking a large

pack. Karen B. London, Ph.D., a Certified Applied Animal Behaviorist and Certified Professional Dog Trainer writing for Bark Magazine, says, "It worries me when I see a person walking more than four or so dogs, which is a very challenging thing to do." She explained that some jurisdictions limit

the number of dogs a person can walk at one time. Ask yourself if a limit is something you would like your city or town to consider.

THE REVERE BEACH SAND SCULPTING FESTIVAL IS THIS WEEKEND

One of the premier events of the summer season in the Greater Boston area is set to take place this weekend when the 19th annual International Sand Sculpting Festival returns to Revere Beach this Friday, July 28, through Sunday, July 30.

America’s first public beach will host 15 sand sculptors from around the world who will display their amazing creations as they compete for \$28,000 in prizes. The theme for this year’s festival is King Kong, in observance of the 90th anniversary of the epic movie that captivates audiences to this day.

The festival is a free, family-friendly event that is hosted by the Revere Beach Partnership, a non-profit organization, and truly has something for everyone of all ages. The festival will feature vendors, food trucks, and a fireworks extravaganza on Saturday night in addition to the highly-competitive sand sculpture competition.

For entertainment, there will be over 20 acts of street performers, live music, and a special performance from Blue Man Group, in addition to various amusement rides. Vendors will include about 30 food trucks and there will be about 20 emerging small businesses and nonprofits taking part in the Beach Shop Pavillion.

For the first time, the Samuel Adams Beer Garden will offer live music, games, and entertainment from 1 p.m. to 9 p.m. on Friday and Saturday and from 1 p.m. to 6 p.m. on Sunday. The awards ceremony is scheduled for 6:30 p.m. on Saturday, with the fireworks scheduled to go off at 9 p.m. Saturday evening.

With the promise of good weather, it is expected that close to a million visitors will turn out for the festivities. Needless to say, public transportation via the MBTA’s Blue Line -- which will be free -- is the best way to attend the festival, especially with the Sumner Tunnel closed for repairs. The Revere Beach and Wonderland T stops literally are just minutes away by foot from Revere Beach.

This year’s festival promises to be better than ever -- and we urge all of our readers to take advantage of this unique and fun-filled opportunity.

A SAD, TRAGIC WEEK -- SAFETY ALWAYS MUST BE NUMBER ONE

When we looked at our Boston newspapers this past Thursday, a cavalcade of headlines, one-after-another, told stories of sadness and tragedy throughout our area.

There was the four year-old boy who was struck and killed by a hit-and-run driver in Hyde Park; the brothers who died in a single-car accident in Brockton; and the 11 year-old daughter of a former New England Revolution player who died in a boating accident in North Carolina. Saturday brought more tragedy -- a 21 year-old man who died while swimming in a lake in Hopkinton and a 17 year-old girl who died in a boating accident on the Cape.

These incidents remind us how precarious our lives, and those of our loved ones, can be -- and how life can take a turn for the tragic in just the blink of an eye. Accidents are the leading cause of death for young people in our country. Safety for ourselves and our loved ones never should be taken for granted and always must be our first priority in everything we do.

GOOD LUCK USA WOMEN’S SOCCER!

We wish to express our support for the U.S. women’s soccer team as they embark on their quest for a third straight FIFA World Cup, which this year is being held in Australia and New Zealand.

The U.S. women’s team has achieved unparalleled success in the World Cup, with four titles since 1991, and once again is among the favorites to win the championship, despite injuries to some of the American stars.

The women’s World Cup is something we look forward to every four years -- and we trust that 2023 once again will prove to be an exciting tournament for both ardent and casual soccer fans of all ages.

Life is always changing

By Dr. Glenn Mollette

No doubt life is always changing. If you don’t like the weather, it will change, eventually. It’s been hot most all over but cooler weather will come. In most of the country, cooler weather will be welcomed sooner rather than later.

An Arizona friend told me last week, “One hundred degrees is actually nice in our area. One hundred and twenty degrees is unbearable.” Across our country, Europe and Asia record temperatures have been recorded and for the longest periods of time.

When it’s icy cold weather we hope and wish for warm weather. The problem in many of our areas is that we don’t

have much moderately cool weather or moderately warm. It seems to either be blazing hot or freezing cold.

It’s hard to be satisfied. We get too hot and then we get too cold. Triple digit heat is insane and so is below zero. No one wants either one.

Have you ever been satisfied with your life? When were you satisfied? Were you happy when your parent was telling you what to do and how to live? Do you still have them telling you what to do? The day comes when they are no longer around. Most likely you didn’t take as much advice from them as you should have.

We don’t pay much at-

tention to old people when we are young but we wish we had. They knew more than us but we thought we knew everything. We now know how smart they were. We learn the hard way and by the time we figure it out life has greatly changed.

Life is always changing. Children grow into adults. Our bodies change. We get old if we are very fortunate and blessed.

If possible, try to be happy and content today with what you have, where you are and what you are doing. Life changes and while it may get better and better, it can always become worse.

Enjoy the sunshine and enjoy the rain. Enjoy the

car ride or sitting in your swing. Enjoy whatever labor you have to do. The time is coming when all will be through. Live your life the best you can and there will be times you don’t understand. So make your schedule, make your plans and always do the best you can. After all is said and done, it’s all in God’s hands.

Getting There
With the Sumner Tunnel closure increasing traffic, the MBTA is providing free transportation on the MBTA Blue Line! We encourage guests to take

the T (which is super easy to use) and just hop off at the Wonderland or Revere Beach stations which are both within walking distance to the festival. If you are driving, the closest and most cost-effective parking is at the Wonderland Station Parking Garage.

Family Fun Amusements

The first thing you’re going to spot when you walk over is the Ferris Wheel. Seriously you won’t be able to miss it. If you’ve been to the festival before just know we have upgraded the Ferris Wheel this year and will have one of the largest traveling wheels in New England! Start here so you can get the perfect spot to see the full festival and the beautiful view of the ocean.

Support Your Local Businesses

The only thing better than shopping is shopping for a good cause and this is the perfect excuse. New to the festival this year is The Beach Shop Pavilion. Basically, this area is dedicated to highlight local Revere businesses, emerging small business-

es, or non-profit. With 19 different shops there will be plenty to browse from luxury sunglasses from Niraji to the perfect beach-themed décor from Ashley Mary Craftery and much more!

Engaging Entertainment

Prepare to be entertained by an incredible lineup of live performances throughout the festival. From talented musicians to captivating dancers and engaging performers, there will be four designated spots throughout the festival that will be alive with energy and excitement.

The place to be on Friday night at 7pm will be the centerpiece for a special performance by none other than Blue Man Group. These three will let you see the world in a whole new way with their paint drums, one-of-a-kind instruments, and interactive show.

Fireworks Extravaganza

Prepare to be dazzled by our Fireworks Extravaganza that will light up the night sky. Make sure to grab a spot along the

sea wall for the best view of the display beginning at 9pm on Saturday, July 29. Watch in awe as the colorful explosions illuminate the sand sculptures, creating a magical atmosphere. It’s the perfect way to end your Saturday night with a breathtaking spectacle.

Calling All Foodies

Indulge your taste buds with an enticing array of food trucks and vendors. From savory to sweet there’s something to satisfy every craving. Whether you’re in the mood for creative Asian street food from Moyzilla, the best hot dog from Trolley Dogs, an ice cream cool-down with Ben & Jerry’s, or your typical festival snack from Fiesta Shows, there is truly something for everyone!

Right now, there’s almost 30 food trucks and vendors to choose from so we definitely recommend checking out the full list!

Jack Wallace named new Winthrop High golf coach

By Cary Shuman

Jack Wallace, a baseball and golf superstar during his athletic career at Winthrop High School, has been named as the new head coach of the Winthrop golf team.

Wallace, 24, was an assistant coach of the Vikings last fall and was promoted to the head coaching position by Winthrop Director of Athletics Matt Serino.

“We’re really excited to have Jack as our new golf coach,” said Serino. “He was an exceptional golfer for Winthrop High, our No. 1 player for two seasons. He was a great kid and a great athlete. Jack helped out with the baseball team in the spring. Coach [Mark] DeGregorio took him under his wing. He will be a great addition to our program.

Jack Wallace, pictured above during his college baseball career at Franklin Pierce.

He’s super knowledgeable about golf.” Wallace said he expects approximately 15 players to be competing in the program this season. Two

seniors, Andrew Faretra and Eli Wickham, were starting players last season and headline the returning cast. Incoming freshman Ryan Murphy, who competed as an eighth grader, will contend for one of the top positions on the Vikings’ ladder.

Wallace, who graduated from Winthrop High in 2017, recorded one of the most impressive individual athletic feats in WHS history when he won the Northeastern Conference Golf Open, besting the No. 1 players from Marblehead and Swampscott who were part of his group.

The following spring, Wallace led the NEC in batting (.505) for the Vikings, in addition to being an All-Conference pitcher.

He later played baseball at Franklin Pierce College before continuing in his graduate studies at Eastern Connecticut State University where he received a master’s degree in Organizational Management. As a pitcher, Wallace helped ECSU win the Division 3 national championship. “We received our rings last fall,” proudly said Wallace, who was also a member of the ECSU golf team.

Wallace is currently pitching for the Malden Mad Dogs in the Inter-city Baseball League. But his major focus is now on golf and the son of Mark Wallace and Beth Tallent Wallace is hoping to lead the Vikings into the top echelon of the Northeastern Conference.

“I want to bring golf back to the level where it was when I was in high school,” said Wallace. “We were contenders for the NEC title two out of my five years of varsity golf. I want to get the athletes more involved in golf and have the school community recognize that we have a golf course across the street, and we can be a pretty good golf town.”

Winthrop’s returning varsity head coaches for the fall season are: Jonathan Cadigan (football), Tracey Martucci (girls soccer), Phil Ronan (boys soccer), Nik Beshere (boys and girls cross country), Lauren Kelley (girls volleyball), Briana Hogan (cheering), and Emily Bitchell (cheering).

Sean Driscoll’s Spartans will play Everett High on Thanksgiving Eve

The St. Mary’s High School football team, coached by Winthrop resident Sean Driscoll, will play Division 1 powerhouse Everett High on Thanksgiving eve at Everett Memorial Stadium.

“Everett will be a tough test, that’s for sure,” said

Driscoll. “It will be exciting for our team to play Everett on the night before Thanksgiving. It should be a great environment.”

Winthrop head coach Jon Cadigan, whose team plays St. Mary’s in Week 2 at Manning Field in Lynn, said the St. Mary’s-Ever-

ett game would not have an impact on Winthrop’s rating points because the game comes after the playoff seedings have been set.

The Vikings open their 2023 season against Stoneham at Miller Field.

The "Old Ironsides" crew will project each film to guests seated on the pier alongside the legendary Ship to deliver a one-of-a-kind experience.

Each of the four films features the beauty and strength of the sea. The first screening is Academy Award-nominated Master and Commander: The Far Side of the World. Starring Russell Crowe, shot on a replica frigate, the film authentically depicts life and war at sea during the early 1800s, drawing parallels to Constitution's legendary service during the War of 1812.

Before the screenings, Museum educators will offer free, all-ages activities and discuss the Ship's his-

tory related to the movie being shown that evening. The Museum's president Anne Grimes Rand notes, "We're excited to collaborate with Constitution's crew for a second season of Movie Nights. We hope people in the community take advantage of the chance to see these popular films in this unique setting. On the edge of the harbor alongside this great Ship, with the beautiful Boston skyline as a backdrop, the setting will provide an experience to remember."

All movie titles, dates, and times for the Summer Movie Nights are available on the Museum's website. The events will be first-come, first-served due to space. General seating is available, and guests may bring chairs and blankets to use while viewing the movie. Guests ages 18 and up will be asked to show a photo I.D. and

pass through a security screening.

Mary Gagliardi

Loving mother, grandmother
and great grandmother

Mary (Zecchino) Gagliardi of Winthrop, formerly of East Boston, passed away on Thursday, July 20 after complications with dementia. She was 99 years old.

Mary was a loving mother, grandmother and great grandmother. She was a strong, beautiful, saucy, smart and creative woman. She was a part of the greatest generation. Calvin Coolidge was president; movie tickets were 25 cents and the average price of a house was \$7000. Mary lived through many of America's best and worst of times; including the Jazz Age, Great Depression and WWII. Being a woman of those times brought the burden of filling the man's place in sports, business, and child rearing. Mary did her part by being a seamstress, sewing together military uniforms for our soldiers during WWII.

She married her husband, Angelo, of 72 years, and stayed home to raise her children. When her children grew, Mary worked in a factory on Bennington Street in East Boston as a seamstress and ended her career as an office manager of a store in Boston.

Mary loved to cook. She had her family over every Sunday for a home cooked meal. Everyone knew where they sat, they pitched in and had lots of fun. There was singing and dancing and celebrations in Nana's house. When Mary wasn't cooking, you could find her in her rocking chair cro-

cheting a blanket for one of her family members. Mary and her husband frequently took the bus on an adventure to Foxwoods.

Mary, or Nana, as the kids called her, will be greatly missed.

She was the devoted wife of the late Angelo Gagliardi, and the loving mother of Samuel Gagliardi and his late wife, Barbara and Rosanne Tranfaglia and her husband, John. She was the cherished grandmother of Kristin Coffey, Jodi Rice and her husband, Chuck, Mark Gagliardi and Joey Gagliardi; Great grandmother of Kristina, Thomas, Avalina, John, Giana, Jack, Julia, Giovanni, Matilda and Ayah, and she is also survived by a sister and she had several late brothers and sisters.

Services and interment were private.

Memorial donations may be made to the Alzheimer's Association at www.alz.org.

Arrangements were under the direction of the Caggiano-O'Maley-Frazier Funeral Home, Winthrop.

Rose Saulnier

She loved cooking, dancing and
being with her grandchildren

Rose M. (LeBlanc) Saulnier of Winthrop passed away on July 19. She was 92 years old.

The beloved wife of the late Louis P. Saulnier, she was born in Mavillette, Nova Scotia, Canada, the cherished daughter of the late Bazil and Helene (LeBlanc) LeBlanc.

Rose loved cooking Rappie Pie, quilting, dancing at the French Club and being with her grandchildren for all their birthday parties and events.

She was the devoted mother of Linda Coles and her husband, Robert of Bedford, NH, Donna Wood and her husband, Randall of Manchester, NH, Alan Saulnier and his wife, Janice of Derry, NH, Philip L. Saulnier of Pepperell, Brian Saulnier and his wife, Kris of Blackstone, MA and Carol M. Saulnier of Winthrop. She was the adored grandmother of 10 and great-grandmother of seven and the dear sister of Angelina Kaulback of Nova Scotia, Canada. She is also survived by many nieces and nephews.

Visiting hours were held in the Maurice W. Kirby Funeral Home, 210 Winthrop St., Winthrop, on Tuesday, July 25 followed by a Funeral Mass in St. John the Evangelist Church (St. Michaels Parish)-Winthrop. Interment was in Winthrop Cemetery (Belle Isle Section).

REVERE BEACH ANNUAL INTERNATIONAL SAND SCULPTURING WEEKEND IS BACK

There are several sponsor exhibits partially or completed for your viewing pleasure, one even at the foot of the Boulevard Bridge.

The sand is here, the sun is coming and so are millions of people getting ready to visit the Nation’s First Public Beach, Historic Revere Beach.

For the 19th festival theme, Kong is the featured character, and a bigger than life figure he is. Kong has battled every monster known to mankind, including men out to destroy his home. Lately King Kong has partnered with Godzilla to save the world, however this year he is donning a swimsuit and visiting the sunny beach in Revere, celebrating 90 years as part of our heritage and movie enjoyment.

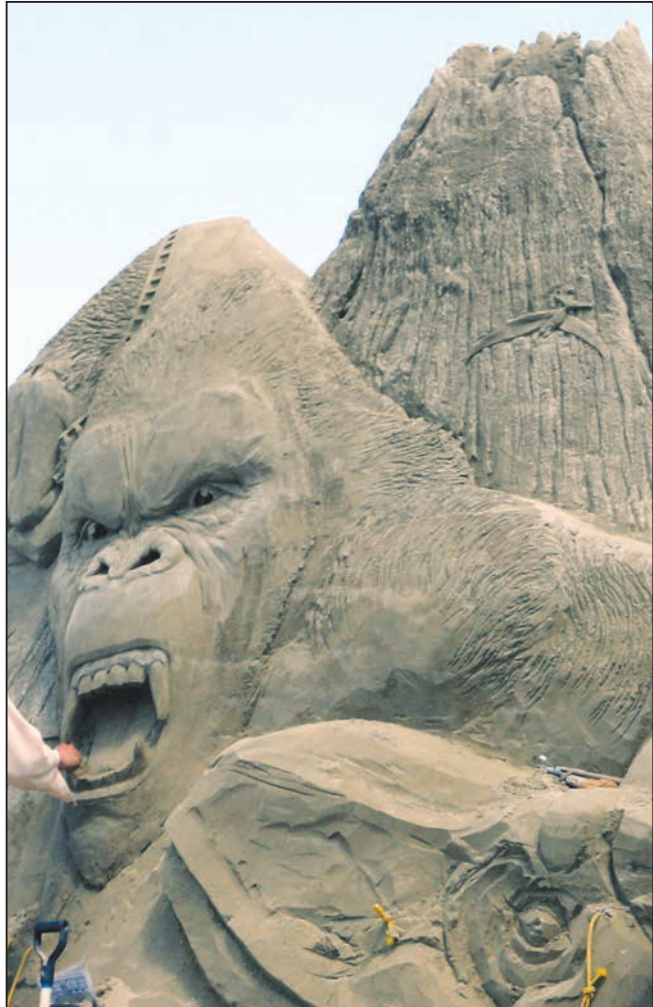

The Revere Beach Partnership is happy to present this event for free, and it is very family friendly. From Friday July 28 running through Sunday, July 30, the event will be officially opened, although the sculptures will remain long after the crowds subside. Hosting world class sculptures for the event, as well as food trucks, food vendors and other trinkets and paraphernalia will be available for purchase. The most up to date information can be obtained at www.rbissf.com, or on social media.

Although the sculpturing contest does not begin until Thursday, sponsor exhibits are under way.

The special sand for sculpturing is in place along Revere Beach’s shoreline, ready to be transposed into greatness, and in the image of this year’s celebrity, King Kong.

Celebrating his 90th Birthday, King Kong will be visiting Revere Beach this coming weekend.

A beautiful sunny Sunday on Revere Beach brought bathers and walker to its location, all stopping to see the center piece come to life.

den to unwind and soak up the festival atmosphere. Savor a refreshing selection of Samuel Adams products including Truly Seltzers, Twisted Tea, Wicked Hazy, and Angry Orchard as you mingle with fellow 21+ attendees. Raise a glass to the celebration, relax with some games, and enjoy the live music.

Beach Fit Weekend

Looking to break a sweat and rejuvenate your body and mind? Join invigorating and free workout classes offered at the MoveStudios Mobile Stage with workouts on Revere Beach. From morning yoga sessions that allow you to connect with nature to high-energy group fitness HIIT classes, you can exercise in a refreshing beach setting while being surrounded by the incredible sand sculptures. It’s the perfect opportunity to stay active and find your inner balance.

Sand Sculptures

Saving the best for last is the whole reason why everyone is coming to the Revere Beach International Sand Sculpting Festival,

the sand sculptures! These sculptures are truly a work of art that captivates our imagination and transports us into a world of creativity and wonder. With just sand, water, and boundless talent, Master Sand Sculptors can transform ordinary grains into magnificent masterpieces.

With the theme of this year’s festival being ‘Celebrating 90 Years of Kong,’ one cannot wait to see the artistry of an epic battle of Kong featured at the centerpiece. In addition to the centerpiece, there will be 15 Master Sand Sculptors from around the world in a heated competition for \$28,000 in prize money beginning Wednesday, July 26th through the afternoon of Saturday, July 28th. Though all the sand sculptures are spectacular, make sure to watch last year’s 1st place winner, Abe Waterman, or the People’s Choice Award, Deborah Barret-Cutulle, transform sand and water into works of art.

Conclusion

The Revere Beach International Sand Sculpting Festival offers experiences that will delight and en-

ertain visitors of all ages. Immerse yourself in the mesmerizing world of sand sculptures while exploring the festival’s diverse attractions, including live entertainment, mouthwatering food, unique shopping, and a lively beer garden. Don’t miss out on this unforgettable experience that celebrates art, entertainment, and the joy of coming together.

So, mark your calendars for July 28th through 30th and we hope to see you there! Stay tuned for more updates through our website www.rbissf.com, or follow us on social media.
