The latest meeting of the Fire House Building Committee (FHBC) on Monday night focused on public relations efforts, as well as the unveiling of a new website with information and frequently asked questions about the proposed project.

A ballot question at the Nov. 7 municipal election will ask voters to okay a debt exclusion to pay for a new fire station at the site of the Wadsworth Building and Kirby Funeral Home on Winthrop Street. The existing properties would be taken by eminent domain by the town for the new fire station, which would replace the two current stations which are more than a century old on Winthrop Street and Pauline Street.

FHBC members have used a \$35 to \$40 million estimate when discussing the cost of a new fire

station, although have cautioned that more accurate figures would come with more detailed design plans.

The FHBC held its initial public relations subcommittee meeting prior to Monday night's regular meeting.

In addition to finalizing a draft of FAQs about the project, Town Council President James Letterie said the committee is days away from going live with a new website, [www.winthropfirestation.com](http://www.winthropfirestation.com), which will feature an abundance of information about the fire station proposal.

"That will have all the frequently asked questions and answers, and it will also have a link to the videos where we did a tour of the Pauline Street station and the Shirley Avenue station," said Letterie.

### SGT. FERRUCIO ROMEO SWORN IN AS DEPUTY POLICE CHIEF

Congratulations to Sgt. Ferruccio Romeo, newly appointed Deputy Chief at the Winthrop Police Department. Shown here at his swearing in ceremony with wife Joanne, and grand-nephew, Charlie.

Alaina Coppola and Audrey Nagle of Massport delivered backpacks to the 21st Century Afterschool Program in Winthrop as part of the Authority's annual Backpacks Project.

### Massport lends a hand to students returning to school

Employees at the Massachusetts Port Authority (Massport) joined together this year to help prepare students in neighboring communities for the upcoming school year. Nearly 100 children at the 21st Century Afterschool Program in Winthrop, Condon Community Center in South Boston, Crossroads Family Center in East Boston, East Boston YMCA and the South Boston Neighborhood House, are starting the school year with new backpacks, new school supplies and new clothes donated by Mass-

port employees through the 15th annual Backpack Project. The Backpack Project is Massport's annual back-to-school drive aimed at assisting local families in need.

"The annual Backpack Project is always fun and rewarding for Massport employees to participate in," said Massport Director of Community Relations & Government Affairs Alaina Coppola. "We are grateful for the generosity of our employees and proud to partner with these organizations to help make a positive impact on

local children."

"The donation of backpacks and school supplies are always needed and appreciated. We are grateful to Massport for the opportunity to partner on this annual project," said Cathy DelVento, Winthrop Public Schools/21st Century Program.

This year, over 100 Massport employees participated in the Backpack Project by sponsoring children individually or as a group, providing school supplies and new outfit for children, ages 4-17.

### Winthrop Parks and Rec take advantage of STH/STB summer activities

Special to the Transcript

This summer over 5,000 community members joined Save the Harbor/Save the Bay (STH/STB) for free harbor island cruises to Georges and Spectacle Islands, including around 45 kids from Winthrop Parks and Recreation.

"There's no better way to beat this summer's record-breaking heat than to spend the day out on the harbor and the islands," said Save the Harbor Executive Director Chris Mancini. "Swimming in the clean waters off Spectacle Island and exploring the 'Dark Tunnel' in Fort Warren are two of the best places to be during a heat-wave."

Every Tuesday, Wednesday, and Thursday 300-500 kids from around the region meet at the Leader Bank Pavilion or Fan Pier where Harbor Historian David Coffin

tells them how Spectacle Island went from a landfill on fire to the beautiful park it is today. "It's one of my favorite stories to share with the kids," said Coffin, "And it emphasizes the importance of the park's carry-in, carry-out

policy. They take that experience home with them and become the next generation of environmental stewards."

The trips are organized and run by Boston Pub-

work less impactful to the surrounding residents and businesses. This new work shift will be Monday through Thursday from 2PM to 12AM. We expect

this work shift to be in effect for two months while the remainder of this project is completed. Detail officers will be on site at all times to ensure safety

for pedestrians and to ensure access to homes and businesses, however there will be “on-street parking restrictions” between the hours of 2PM to 12AM within the limits of this work. These parking restrictions have been posted and will be enforced. The contractor will make every effort to maintain access to at least one of the entrances to the municipal lot while the work on Crest Ave. is being completed.

Officials said, “We apologize for any inconvenience caused by this important infrastructure project and we thank you for your attention to this matter.”

If you have any questions related to this work, please contact the Winthrop Department of Public Works during regular business hours at (617) 846-1341 or Paul Sarnaglia at 978-985-9414 for any off-hours emergencies.

## POST OFFICE WILL BE CLOSED TO CELEBRATE LABOR DAY

Postal Service employees across the common-

wealth will celebrate Labor Day as all Post Offices will be closed on Monday, September 4, 2023. There will be no delivery of mail on the Labor Day, with the exception of guaranteed overnight parcels. Full retail and delivery services will resume on Tuesday, September 5, 2023.

As we celebrate our nation's labor force, if you're considering a new career or looking for work visit [www.usps.com/careers](http://www.usps.com/careers) and you can search, by state, for available jobs near you. As the Postal Service's Delivering for America Plan transforms USPS into the premier shipping provider in the nation, we need your help moving the nations mail and are currently hiring for positions in your area.

## SPECTACULAR BRIDGES GRACE STAMPS

The U.S. Postal Service issued four new Presorted First-Class Mail stamps featuring striking photographs of bridges. The structures range from modern to historic, pedestrian to car-carrying, and all are important land-

marks in their communities.

The Bridges stamps are intended for business mail users and are sold in self-adhesive coils of 3,000 and 10,000. Use of these stamps requires a special permit and a minimum quantity of 500 letters.

The stamp art features four bridges completed between 1938 and 2022: the multi-span steel through arch Arrigoni Bridge connecting the Connecticut municipalities of Middletown and Portland; the S-curved cable-stayed Bob Kerrey Pedestrian Bridge between Council Bluffs, IA, and Omaha, NE; the steel truss Skydance Bridge topped by a public sculpture in Oklahoma City; and the basket-handle twin arch Iowa-Illinois Memorial Bridge connecting Bettendorf, IA, and Moline, IL.

Bridges are among the oldest structures created by humans. In ancient times, simple slabs of stone spanned slow moving rivers. And in modern times, concrete and steel are used to cover vast distances. While the materials and designs have evolved

from utilitarian structures to engineering marvels, bridges remain integral parts of American life, with over 600,000 bridges in the United States. The construction of bridges is a way to reinvigorate communities economically as well as create landmarks of regional pride. Many modern bridges are designed for use by cyclists and pedestrians as well as motorists, capturing the imagination of human possibility.

Whether simply improving transit or vibrantly lighting the night with color-changing light displays, bridges remain vital connectors drawing together people, cities and the nation.

Ethel Kessler, an art director for USPS, used existing photographs to design these stamps.

MUSHROOM, BROCCOLI, AND CHEESE STUFFED CHICKEN

INGREDIENTS:

- 2 cups finely chopped broccoli florets
- ¼ cup mayonnaise
- 4 small button mushrooms, sliced
- 1 teaspoon garlic powder
- 4 large chicken breasts
- ½ cup shredded pepper Jack cheese
- 1 teaspoon paprika salt and ground black pepper to taste

DIRECTIONS

**STEP 1:** Preheat the oven to 400 degrees F (200 degrees C). Line a baking sheet with aluminum foil.

**STEP 2:** Combine broccoli with 2 tablespoons water in a microwave-safe bowl. Microwave on high for 2 minutes. Drain.

**STEP 3:** Transfer broccoli to a large bowl. Stir in pepper Jack, mayonnaise, mushrooms, and garlic powder.

**STEP 4:** Season chicken breasts on both sides with paprika, salt, and pepper. Use a sharp knife to cut a slice through the middle of each breast to create a deep pocket, making sure not to cut all the way through. Evenly stuff each breast with broccoli mixture and place onto the prepared baking sheet.

**STEP 5:** Bake in the preheated oven until chicken is no longer pink in the center and the juices run clear, about 35 minutes.

# Firehouse // CONTINUED FROM PAGE 1

“We also have pictures we did during two firehouse visits, one to Lexington and one to Woburn.”

The website will also include clips from FHBC meetings, and a link where residents can ask questions or make comments about the project. Letterie said the town will be sending postcards to all residents to inform them of the website.

“We are hoping to have

all the information possible,” said Letterie.

Additionally, two open houses have been scheduled at the two current fire stations so residents can tour them and see their condition firsthand. Those open houses are on Saturday, Sept. 9 from 9 a.m. to noon and Saturday, Oct. 21 from 9 a.m. to noon.

The next public forum on the fire station project is scheduled for Sept. 25.

At that forum, Letterie said there will be more information about a potential future plan to connect the new firehouse with the police station. While he said there will be more information at the Sept. 25 meeting, the initial future plans call for a major renovation and addition to the existing police station.

Letterie said the police station project would also require a debt exclusion

vote, but that no timeline has been established yet for when that might take place.

During the public comment portion of Monday’s meeting, Winthrop resident Dianne Marchese asked if there would be acceptable response time from a new station on Winthrop Street to Point Shirley.

Letterie and several other FHBC members noted

that the fire department can respond to an emergency from any point in town in under five minutes.

Kathleen Cappuccio recommended that the FAQs include more information about other businesses that will be displaced by the eminent domain process in addition to the Meat Market. She also recommended that the FHBC include

information on the cost of rebuilding the new fire stations as compared to building a new firehouse.

“With the middle school/high school, that was a big selling point that the cost of redoing the old middle school and high school would far outweigh having a new middle/high school built,” said Cappuccio.

## CLARIFICATION

The following clarification is for the story that appeared in last week’s edition on Low Vision Group meeting story.

- “John Oliveira, Acting Commissioner for the Massachusetts Commission for the Blind (MCB), Brookline, attended the August 16 Winthrop Low Vision Group meeting at the Robert DeLeo Senior Center to discuss the proposed \$27.1 million FY2024 state budget as well as agency resources,

- such as occupational therapy and home care assistance.”
- Our main office is in Boston.
- We do not provide home care assistance.
- “Massachusetts Commission for the Blind serves approximately 30,000 visually impaired individuals. Through MCB, those with low vision can join adult support groups, enroll in educational opportunities, gain access to case managers,

- and partake in social rehabilitation services. Volunteers can assist in reading mail and grocery shopping, as well.”
- The low vision support groups are not operated by MCB. We do provide funding to support the groups and let our consumers know the groups exist, however a person does not need to be an MCB consumer to attend a low vision support group. The majority of the low vision support groups, including the one in Winthrop, are operated by MABVI. The support groups on Cape Cod are operated by Site Loss Services.

- MCB does not have volunteers who read mail and grocery shop.

The items in red are in reference to the Massachusetts Association for the Blind and Visually Impaired, which is a separate non-profit organization. MABVI is located in Brookline, operates many of the low vision support groups, and has a volunteer program.

OUR Opinions

ENJOY A GREAT -- AND SAFE

— LABOR DAY WEEKEND

With the weatherman predicting a superb Labor Day weekend (as we’re writing this), we hope that all of our readers will have a chance to make the most of the final weekend of the summer season.

Although the Summer of ‘23 overall has been a bit on the rainy side (which was great for our gardens and lawns), it nonetheless had plenty of perfect days that we hope created memories that will last a lifetime for our friends, families, and ourselves. The coming Labor Day weekend promises to give us one final opportunity to enjoy the outdoors in whatever way we choose.

However, as always, we urge our readers to do so safely, not only for ourselves, but also for our family members, friends, and loved ones, whether we are on land or on the water.

Just a few weeks ago we wrote about the spate of tragic accidents that befell the Boston area --- and sure enough, tragedies have continued in the weeks since.

None of us wants to be a tragic statistic, and that means making sure that both we ourselves and those around us do not overindulge in alcohol. Yes, accidents do happen, even under the best of circumstances, but generally speaking, no one ever gets hurt by being sober. It’s when two beers become four or more that the chances for a tragedy increase exponentially.

We wish all of our readers a happy -- and safe -- Labor Day weekend.

SCHOOL’S BACK — DRIVE

WITH CAUTION

With schools going back in session this week and next after the summer vacation, morning rush-hour commuters need to readjust our driving habits to ensure that we take into account the thousands of children who will be filling our streets during our morning commute.

We’ll admit that school buses, school crossing guards, etc. are a pain in the neck, especially if we’re running a bit late on our way to work.

But that is no excuse for ANY sort of driving behavior that does not take into account the safety of the children in our communities.

Every morning commuter needs to be a patient and defensive driver, especially in the first few weeks of school, when youthful exuberance typically results in kids dashing out into the street to greet friends for the start of the new school year.

Each of us is responsible not only for our own safety, but also for the safety of others when we are behind the wheel of a motor vehicle -- and that is doubly true when school is back in session.

THIS WEEK’S SHOOTINGS

SPREAD LIKE WILDFIRE

ACROSS AMERICA

Mass shootings have become all-too commonplace in America. But even by our nation’s uniquely violent standards, the multiplicity of shootings that spread across the country like a tornado-driven wildfire this past weekend was mind-numbing.

First there was the shooting last Thursday night in a bar in California by a former police sergeant, who shot and killed his ex-wife and several others, in an apparent fit of domestic rage.

Then on Friday evening, there was the shooting at a high school football game in Oklahoma that claimed the life of a 16 year-old boy.

A few hours later, the rampage of shooting jumped east to Boston on Saturday morning, when gunfire among a group of young men left seven persons injured in the vicinity of the annual Caribbean Festival in Dorchester.

A few hours later, the inferno of tragedy veered south with the news from Maryland that a 34-year-old man shot his mother, cousin, and nephew before turning the gun on himself.

And then came the reports Saturday afternoon from Jacksonville, Florida, of the race-motivated shooting by a 20 year-old white supremacist (who espoused Nazi-style views) in which he targeted and killed three Black persons in a Dollar General store with an AR-15.

The spate of gun violence in a 48-hour period this past week demonstrated that no part of America is immune to the tragic consequences of our gun culture -- and as long as Republican lawmakers are beholden to gun owners’ groups and refuse to pass even common-sense gun safety legislation, there will be no end in sight to the sort of senseless and horrific shootings that ripped across America this past weekend.

LETTERS to the Editor

**HONAN NOT RUNNING**

**Dear Editor:**

As many of you know, I wear many hats, husband, father, grandfather, care package organizer, artist, Historic Commission member, teacher, American Legion Post 146 Commander, Beautification Committee member, Sesquicentennial Committee member, Veteran’s advocate and a board member of the Winthrop Housing Authority. For the past ten years, I have enjoyed being part of the decision making process to make the Winthrop Housing Authority’s property a nice place to live for many of our residents, seniors and our military Veterans

After much consideration, I have decided not to seek re-election to the WHA Board of Directors. Time for some new faces! I will finish out my existing term which concludes in January of 2024, but I will not be a candidate for re-election.

For those interested in running for this open four year term, you must pull your nomination papers by Tuesday, September 5 and return them to the Town Clerk with 150 names(175 is better) by Tuesday, September 19.

**Richard D. Honan**

**THANK YOU TRACEY**

**Dear Editor,**

I’m writing to publicly thank Tracey Honan for

her very kind letter and her support of my campaign to serve as the at-large town councilor. Tracey’s service on the town council, and her many years of volunteerism are a display of her commitment to the town. I hope Tracey will continue on giving her time to improve the town as a volunteer again.

So far, I’ve been able to meet with a wide variety of voters around town from different backgrounds, and at different stages in their lives. I’ve learned that dedication to the town is not uncommon; many residents are so invested in the town’s success that they are willing to give their time and talents. Their uncommon dedication has been in-

spiring. I look forward to meeting and listening to more residents about the everyday issues. Topping the list of concerns recently has been the transparency and communication surrounding the new fire station. At the committee meeting I attended, all the members expressed their commitment to getting the word and information out to all the residents across various channels. As one voter, I look forward to learning more about this issue as we approach the November vote. As a candidate who will be asking for you vote, I hope to reach as many of you as possible before November 7.

Health officials announce first two human cases of WNV in state

Special to the Transcript

The Massachusetts Department of Public Health (DPH) announced the first two human cases of West Nile virus (WNV) in state residents this year. One individual is a female in her 70s who was exposed to the virus in another part of the country. The second individual is a male in his 40s who was exposed in Middlesex County, an area already known to be at moderate risk.

The risk of human infection with WNV is moderate in the Greater Boston area (Middlesex, Norfolk, and Suffolk counties), and in parts of Berkshire, Bristol, Hampden, Hampshire, Plymouth, and Worcester counties. There are no additional risk level changes indicated at this time.

“This is the first time that West Nile virus infection has been identified in Massachusetts residents this year,” said Public Health Commissioner Robert Goldstein, MD, PhD. “August and September are the months when most people are exposed to West Nile virus in Massachusetts. Populations of mosquitoes that can carry and spread this virus are fairly large this year and we have seen recent increases in the number of WNV-positive mosquito samples from multiple parts of the Commonwealth.”

In 2022, there were eight human cases of WNV infection identified in Massachusetts. WNV is usually transmitted to humans through the bite of an infected mosquito. While WNV can infect people of all ages, people over the age of 50 are at

higher risk for severe disease. Most people infected with WNV will have no symptoms. When present, WNV symptoms tend to include fever and flu-like illness. In rare cases, more severe illness can occur.

“We are coming to the unofficial end of summer but mosquitoes with West Nile virus will persist for several more months,” said Dr. Catherine M. Brown, State Epidemiologist. “To avoid mosquito bites, use a repellent with an EPA-registered ingredient, wear clothing to reduce exposed skin, drain standing water and repair window screens. We also encourage everyone to regularly visit DPH’s mosquito-borne diseases web pages to stay informed on when and where WNV activity is occurring.”

People have an important role to play in protecting themselves and their loved ones from illnesses caused by mosquitoes.

biting times for many mosquitoes. Consider rescheduling outdoor activities that occur during evening or early morning in areas of high risk.

- Clothing Can Help Reduce Mosquito Bites. Wearing long-sleeves, long pants, and socks when outdoors will help keep mosquitoes away from your skin.

**Mosquito-Proof Your Home**

- Drain Standing Water. Mosquitoes lay their eggs in standing water. Limit the number of places around your home for mosquitoes to breed by draining or discard-

ing items that hold water. Check rain gutters and drains. Empty unused flowerpots and wading pools and change the water in birdbaths frequently.

- Install or Repair Screens. Keep mosquitoes outside by having tightly fitting screens on all windows and doors.

**Protect Your Animals**

Animal owners should reduce potential mosquito breeding sites on their property by eliminating standing water from containers such as buckets, tires, and wading pools – especially after heavy

## School Committee meets with new Gorman Fort Banks principal

By Adam Swift

The School Committee met with new Gorman Fort Banks School principal Mark McAneny Monday night as he put the finishing touches on the beginning of the new school year on Wednesday.

McAneny was hired to replace former long-time Gorman Fort Banks principal Ilene Pearson, who retired at the end of the last school year. Previous to coming to Winthrop, McAneny most recently served as the principal of the Bishop Elementary School in Arlington.

“This week is the busiest week of our school year, the next two days are just straight out,” said McAneny on Monday.

Staff were in the building setting up classrooms, the special education department was looking at caseloads for the coming year, and specialists were planning for the year over the beginning of the week, McAneny said.

As of Monday, McAneny said that hiring

was complete at the school with the exception of being one position short with its educational support professionals.

“There are no concerns with us being ready to go on Wednesday,” said McAneny.

McAneny also talked about his educational philosophy and the work he has put in over the summer in preparation for his first year at the Gorman Fort Banks.

“When I came on the scene, I invited every staff member ... to come meet me over the summer,” he said.

McAneny said it was an opportunity for staff to get to know him and for him to put faces with names. He also noted that he recently moved to Winthrop and has focused on becoming involved in the community.

“I’m a big community leader, I like to be available and I like to be visible,” he said. “I spent most of the summer just riding around on my bike going into businesses and introducing myself.”

The new principal said he wants parents to know that he will work together with them to meet the educational needs of their children.

“I want them to know that I’m approachable, willing to listen to feedback, and to adjust my practices if needed,” said McAneny. “There are times when we have to be firm but diplomatic at the same time.”

In other business, the School Committee voted to allow the superintendent and assistant superintendent to sign contracts under \$250,000.

Superintendent of Schools Lisa Howard said that town counsel has been reviewing town rules and ordinances, and has found nothing on the books that allows the superintendent to sign off on smaller contracts.

Howard noted that larger contracts, such as union agreements and anything over \$250,000 will still have to come before the School Committee for its approval.

Special Agent in Charge, Jodi Cohen.

In 2020, Ms. Cohen served as the chief of staff for the executive assistant director and section chief in the National Security Branch of FBI Headquarters. In 2021, Ms. Cohen was promoted to Special Agent in Charge of the Louisville Field Office.

## Jodi Cohen named Special Agent in Charge of the Boston Field Office

Special to the Transcript

Director Christopher Wray has named Jodi Cohen as the Special Agent in Charge of the Boston Field Office. Ms. Cohen most recently served as the Special Agent in Charge of the Louisville Field Office in Louisville, KY.

Ms. Cohen joined the FBI as a Special Agent in 2005 and was assigned to the New York Field Office, where she investigated white-collar crime and health care fraud. She also worked violent crime matters on the Safe Streets Task Force.

In 2014, Ms. Cohen

was promoted to Supervisory Special Agent and reported to the Washington Field Office to provide support to national security and criminal covert operations. In 2018, Ms. Cohen was selected as the Assistant Special Agent in Charge of the Criminal Branch in the Seattle Field Office.

In 2017, Ms. Cohen served as a team leader in the Inspection Division at FBI Headquarters in Washington D.C. She oversaw agent-involved shooting investigations, national program reviews, and field office inspections.

rains. Water troughs provide excellent mosquito breeding habitats and should be flushed out at least once a week during the summer months to reduce mosquitoes near paddock areas. Horse owners should keep horses in indoor stalls at night to reduce their risk of exposure to mosquitoes. Owners should also speak

with their veterinarian about mosquito repellents approved for use in animals and vaccinations to prevent WNV and EEE. If an animal is suspected of having WNV or EEE, owners are required to report to the Department of Agricultural Resources, Division of Animal Health by calling 617-626-1795, and to the Department of

Public Health by calling 617-983-6800.

More information, including all WNV and EEE positive results, can be found on the Arbovirus Surveillance Information web page at Mosquito-borne Diseases | Mass.gov, which is updated daily, or by calling the DPH Division of Epidemiology at 617-983-6800.

TODD SACCO ANNOUNCES CANDIDACY FOR COUNCILOR-AT-LARGE

Cary Shuman Photos

Todd Sacco announced his candidacy for councilor-at-large at a campaign kickoff event Aug. 25 at Adriana’s Café.

Following is the text of Todd Sacco’s speech to his many supporters at the event:

“I am a graduate of Winthrop High School Class of 86. A class, by the way, that the retiring Principle

John Domenico stated was the best class to graduate from Winthrop High under his leadership! I’ve lived in Winthrop for 51 years, having moved here when I was three years old from East Boston.

On the first day of my life in Winthrop I couldn’t believe what a GREAT town I had the fortune to live in. Beaches, boats, marshes, parks, and great neighborhoods we could ride our bikes through safely. The little hamlet that once was Winthrop is changing and that change is making it more difficult for our community of teachers, firefighters, police and all town employees, painters, contractors, and small businesses owners to afford to live here comfortably. Our working families, and our elderly are being squeezed out by ever rising water rates, trash fees, parking fees, user fees in schools, and debt exclusions. The people should be deciding these issues on the ballot.

As Councilor at large I

Todd Sacco, candidate for councilor-at-large in the Nov. 7 town election, delivers his remarks at his campaign kickoff event last Friday at Adriana’s Café.

Support:

1. Giving more power and transparency to the people
2. A thriving community that supports all of its residents, not just special groups
3. Responsible develop-

ment – we should not be developing density in our neighborhoods, that is for the CBD, Shirley street, and other commercially zoned areas  
The best communities are built around their schools, churches, syna-

gogue’s and community centers. The best communities prioritize families. I can’t promise you I’ll be successful, but, I can promise you that nobody will work harder and fight harder, and be more trans-

parent than me.

I’m proud to be asking for your support on November 7th!”

## Leaders of the 2023 Vikings Football team

Rich, Cassidy, Harris, Rockefeller  
elected captains of the 2023 team

By Cary Shuman

Winthrop High head football coach Jon Cadigan has announced that seniors Robert Rich, Donovan Cassidy, Ryan Harris, and Evan Rockefeller, are the captains of the 2023 team.

In a new selection process installed for this season, players had to apply for the captaincy positions. Seven players applied, and four were voted in as captains by their teammates and coaches.

Cadigan explained how some candidates for captains emerge early on, while other players develop into leaders later in their careers.

"You have an idea when certain players start out [as freshmen] and you determine that 'this guy could be captain material,' and I think there were two out of that four that became captains, and then there are the players that naturally grow over the years and by the third or fourth year, you say, 'there's another candidate [for captain],' and I think there were two out of that four that became captains. They are definitely deserving. I think all four bring a different element. Robert Rich is more of a vocal guy. Donovan Cassidy and Evan

Rockefeller are more quiet-lead-by-example type guys. I think Ryan Harris is a little bit of both."

The captains talked about their leadership roles before a practice session Monday.

#### ROBERT RICH

"It feels great to be a captain. I've been trying to be a captain all four years, but this year my teammates voted me in, and it just felt amazing," said Rich, son of Bob Rich and Cara Rich.

Asked about his goals for the season, Rich said, "Individually, I want to have a great season and play as well as I know I can and lead the team. My goal for the team is to win a championship."

Rich said he and his fellow captains were teammates in Winthrop Youth Football beginning in second grade (with Ryan Harris) and third grade (with Donovan Cassidy and Evan Rockefeller).

#### DONOVAN CASSIDY

Cassidy, son of Greg Cassidy and Atiyeh Cassidy, said of his captaincy, "It feels great, it's a total honor to be a leader on this team and that everyone else thinks I'm a leader on this team to be voted in. When Coach Cadigan

career at Boston University, and on to competing in the 1980 Winter Olympics in Lake Placid where he scored the game-winning goal in a 4-3 upset of the Soviet Union team. That game, “The Miracle on Ice,” was watched on ABC-TV tape delay that night by 34.2 million viewers. Two days later, Eruzione and Team USA, coached by Herb Brooks and assistant Craig Patrick, defeated Finland, 4-2, to win the gold medal.

The day after the gold

medal game Eruzione and Team USA traveled to the White House in Washington, D.C., for a reception hosted by President Jimmy Carter.

Eruzione returned to Winthrop where he received a glorious hometown hero’s welcome from residents.

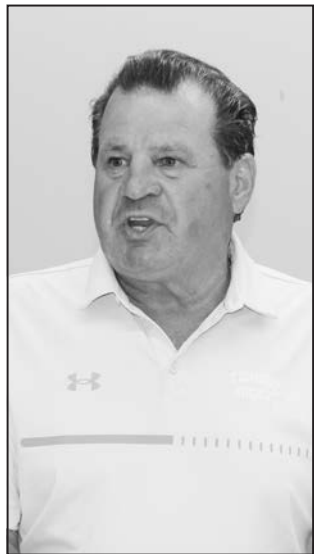

Sports Illustrated magazine selected Eruzione and Team USA’s accomplishment, “the greatest sports moment of the 20th century.”

Event Chair Mary Lou Osborne told Eruzione how excited she and her family were watching Eruzione and his teammates light the cauldron to start the 2002 Winter Olympics in Salt Lake City, Utah.

“My kids were so hyped for that. We were away for a ski weekend. Somehow some of the Winthrop teachers knew about it [in advance] and they said to the kids, ‘Your assignment for the weekend is to watch the Opening Ceremonies of the Olympics, there’s going to be a special surprise.’”

“And wow, was it ever a surprise,” Osborne said.

Eruzione reflected on

his tremendous honor in Salt Lake City. “I’m backstage and my heart’s pounding. I’m waiting [for Picabo Street and Cammi Granato to hand him the torch] and all of a sudden Mark Johnson taps me on the shoulder and says, ‘Remember, four billion people are watching. Don’t drop the torch.’”

“That [moment] was right up there with standing on the podium when we won,” said Eruzione.

Members of the audience listen as Mike Eruzione talks about his journey from Winthrop to Boston University and then to Lake Placid, where he led the 1980 USA Olympic team to the gold medal.

made the announcement, it was one of the highlights of my life. We’re going to have a great season. We trying to win a championship this year and do everything to get there.”

### RYAN HARRIS

Harris follows his older brother, Ian Harris (2021 team), into the captain’s role.

“It feels amazing. It’s a great honor to be a captain here. Ever since my brother was captain, I always wanted to be a captain,” said Ryan. Ryan and Ian are the sons of Rob Harris and Kerri Harris.

Harris will be a right tackle and a defensive end this season. “The line is looking great. It’s one of our strong points. The preseason is going well. I think we looked great in that scrimmage against Beverly and Malden, but we have to keep working hard. I think we’re going to win a championship. That’s the mindset this year.”

### EVAN ROCKEFELLER

Evan Rockefeller will lead the defense at middle linebacker and start at

tight end on offense.

“Being a captain is amazing. It’s a great honor. Ever since my brother [Tyler Rockefeller] became a captain, I’ve been hoping that I would be a captain,” said Evan.

Rockefeller said he is aware of the high expectations for the 2023 season. “I think we’re going to do well. I’m hoping for an NEC championship and also other championships, of course.”

Evan is the son of Jason Rockefeller and Melissa Rockefeller.

### Vikings defeat Beverly, Malden in scrimmage

Winthrop outscored Beverly and Malden by a 4-1 margin in touchdowns in the opening scrimmage.

“That’s about as good a first scrimmage as I’ve had in my six years as head coach,” said Coach Jon Cadigan. “That’s as good as we’ve looked in a first scrimmage setting.”

Running back Nick Cappuccio provided a highlight with a 60-yard run for a touchdown, giving a dynamic sample of his speed.

Quarterback Matt

Noonan (6-of-10, 116 yards passing) threw two touchdown passes to George Galuris, measuring 73 yards total. Robert Rich had a 10-yard run for a touchdown.

Winthrop’s offense had 297 yards on 30 plays, which is close to 10 yards gained per play. The Vikings have four very capable running backs in Nick Cappuccio, Robert Rich, Demetri Koutsouflakis, and George Galuris.

Cadigan said he was very impressed with the blocking by the offensive line and receivers.

“One of the big focus points that we’ve had in the offseason is block to the whistle. If we block to the whistle, we’ll be fine,” said Cadigan. “If we run to the football on defense until the whistle, we’ll be fine, because we do have a talented roster.”

Winthrop was set to scrimmage East Boston Wednesday. It’s on the road Friday for a game scrimmage at Gloucester’s Newell Stadium Friday against Manchester-Essex. The Hornets’ home field in undergoing renovations.

# September service changes will allow crews to continue improvement work across MBTA system

Special to the Transcript

The MBTA announced service changes in September on the Red, Green, Orange, Kingston, Middleborough, Greenbush, Newburyport/Rockport, and Haverhill lines. The MBTA will continue working to improve service reliability across the system.

Service changes will take place on the Red Line Braintree Branch this month in order for MBTA crews to perform critical rail and tie replacement work. Accessible shuttle bus service will replace Red Line trains between North Quincy and Braintree Stations on the following dates:

- Beginning at approximately 8:45 PM through the end of service Tuesdays through Thursdays, September 5-7 and September 12-14, as well as Tuesday through Friday, September 19-22.
  - All day from start to end of service during the weekend of September 23-24.
- Accessible shuttle bus service will also replace Red Line trains between Quincy Center and Braintree Stations beginning at approximately 8:45 PM on Friday, September 8, and through the weekend until the end of service on Sunday, September 10.

Accessible shuttle bus service will also replace Red Line trains between Broadway and Ashmont Stations on the Ashmont Branch and between Broadway and North Quincy Stations on the Braintree Branch all day from start to end of service during the weekend of September 30-October 1. This service change allows MBTA crews to perform critical work on the Savin Hill Avenue and Dorchester Avenue bridges, to perform necessary tunnel inspections on the Ashmont Branch, and to accomplish station brightening work at JFK/UMass Station.

The Kingston, Middleborough, and Greenbush Commuter Rail lines, which run adjacent to the Red Line, will also experience service changes. Accessible shuttle bus service will replace trains between South Station and Braintree on the following dates:

- After 7:30 PM through the end of service Tuesdays through Thursdays on September 5-7 and September 12-14 as well as Tuesday through Friday September 19-22.
- All day from start to end of service during the weekends of September 9-10, September 23-24, and September 30-October 1.

- Accessible express shuttle bus service will also operate directly between South Station and Braintree Station.
  - Passengers should note that bicycles are not allowed on shuttle buses, and regular Commuter Rail fares will be collected between Kingston, Middleborough, Greenbush, and Braintree Stations. Keolis Customer Service Agents, MBTA staff, and Transit Ambassadors will be on-site at impacted stations to support riders.
  - The diversion schedule will be available online soon at [mbta.com/CommuterRail](http://mbta.com/CommuterRail).
- Due to the continued demolition of the Government Center Garage by private developer HYM Construction, Orange and Green Line service changes will take place in the downtown Boston area all day for 25 days from September 18-October 12:
- Orange Line trains will bypass Haymarket Station. Orange Line riders should instead exit at North Station or State, less than a half-mile from Haymarket (or a four- to eight-minute walk), and travel to the Haymarket area.
  - Green Line service will be suspended between North Station and Government Center Station. Riders are instead asked

to walk above ground between these stations – Government Center, Haymarket, and North Station are each less than a half mile from each other (about a five- to 10-minute walk). The distance between Government Center to North Station is about three-quarters of a mile (about a 13-minute walk).

- Riders are also reminded that Orange Line / Green Line connections can also be made via the Winter Street Concourse, which connects Park Street and Downtown Crossing Stations.
- Accessibility vans will also be available for on-demand transportation – Orange and Green Line riders should ask MBTA personnel for information and assistance.

Accessible shuttle buses will replace Newburyport/Rockport Line trains between Swampscott and North Station during the weekend of September 9-10. This service change will allow for work on the future temporary platform at Lynn Station. There will be no service at Chelsea Station with passengers instead encouraged to utilize Silver Line 3 service. Passengers should note that bicycles are not allowed on shuttle buses. Regular train service will operate between Newburyport/Rockport and

Swampscott with regular Commuter Rail fares collected. A dedicated diversion schedule will be in effect and is available on [mbta.com](http://mbta.com).

As previously announced, accessible shuttle buses will replace Haverhill Line trains between Ballardvale and North Station for 58 days from September 9-November 5. This service change allows crews to perform Automatic Train Control (ATC) work. ATC is a federally mandated safety system that sends signals to trains about potentially unsafe conditions, automatically slowing and stopping a train if needed. Shuttle buses will replace train service between Reading and Oak Grove where passengers can make an Orange Line subway connection. A shuttle bus will also provide service between Reading and Anderson/Woburn for connections to the Lowell Line and Haverhill Line. The shuttle service between Reading and Oak Grove will make stops in Wakefield, Greenwood, Melrose Highlands, Melrose Cedar Park, Wyoming Hill, and Oak Grove. Train service for passengers between Ballardvale and Haverhill will be re-routed along the Lowell Line after Ballardvale, making one ad-

ditional stop at Anderson/Woburn station then running express to North Station. A dedicated diversion schedule will be in effect and will be available online soon.

Riders can find more information on service changes through in-station signage, in-station public announcements, and at [mbta.com/alerts](http://mbta.com/alerts). Transit Ambassadors and MBTA staff will be available on-site during these service changes to offer information and assistance. Riders are encouraged to subscribe to T-Alerts or to follow the MBTA on Twitter @MBTA for up-to-date service information.

The MBTA previously announced service changes in August on the Red, Green, Orange, Silver, Kingston, Middleborough, Greenbush, and Lowell lines. More information is available [here](#).

The MBTA apologizes for the inconvenience of these scheduled service changes and appreciates the understanding and patience of riders as this critical and necessary work to maintain, upgrade, and modernize the system takes place.

# Boston area Planet Fitness locations donate school supplies to local Boys & Girls Clubs

Special to the Transcript

Alder Partners LLC, an independent franchise group of Planet Fitness, owned and operated by the DeMartinis brothers, recently held a school supply drive at their nine Planet Fitness locations throughout the Boston area to support the Dorchester, Plymouth, and Salesian Boys & Girls Clubs (East Boston). Thanks to the generosity of their members and non-members they were able to collect and donate backpacks, pens, pencils, notebooks, markers, crayons, and folders, to help local Boys & Girls Clubs members thrive through the school year. The donation benefited more than

275 children across the three Clubs.

“Many students start the school year without some of the essential supplies they need to succeed. We are very thankful to all those who contributed, and we look forward to continuing our partnership with the Boys & Girls Clubs,” said Planet Fitness franchisee Stan DeMartinis.

“We look forward to sharing these items with our members as they head back to school next month. Thanks to the team at Planet Fitness for their ongoing support of Boys & Girls Clubs of Dorchester!” said Mike Joyce, Sr. Vice President of Operations at Boys & Girls

Clubs of Dorchester.

The local franchise group has always been passionate about giving back to the communities in which they do business, through multiple backpack and toy drives, events sponsorships, monetary contributions, and building a Mini Judgement Free Zone in the Salesian Boys & Girls Club of East Boston.

Planet Fitness is proud to partner with Boys & Girls Clubs of America as part of the brand’s national philanthropic initiative, The Judgement Free Generation®, which aims to prevent bullying and promote kindness. Since 2016, together with its franchisees, members and

partners, Planet Fitness has contributed more than \$8.4 million to support anti-bullying, pro-kindness initiatives.

## CURRY COLLEGE SPRING 2023 DEAN'S LIST

Curry College congratulates roughly 900 students who were named to the Spring 2023 Dean's List. Local students are as follows:

Michael Dichiaro  
Colin Jordison  
Peter Jurovich

Curry College, founded in Boston in 1879, is a private, co-educational, liberal arts-based institution located on 131 acres in Milton, Massachusetts. The College extends its educational programs to a continuing education branch campus in Plymouth. The College offers 25 undergraduate majors

in specialized and liberal arts programs, as well as graduate degrees in accounting, business, education, criminal justice, and nursing to a combined enrollment of nearly 2,050 students. The College offers a wide array of co-curricular activities ranging from 16 NCAA Division III athletic teams to an out-

standing theatre and visual arts program. Visit us on the web at [www.curry.edu](http://www.curry.edu).

## GAGNON ENROLLS AT JAMES MADISON UNIVERSITY

Winthrop resident, Ryan Gagnon, has enrolled at James Madison University

for the fall 2023 semester. Gagnon has selected Finance - BBA as a major.

Founded in 1908, James Madison University is a public university located in Virginia's Shenandoah Valley. JMU is one of the nation's leading lights in higher education, where students enjoy engaging relationships with world-

class faculty who drive education innovation and support advanced research. With state-of-the-art amenities and facilities, students have access to NCAA Division 1 athletics. JMU also has the highest post-graduation job levels of all Virginia colleges.
