Winthrop’s Pioneer will continue to work with the FAA to resolve the runway safety area matter. The new runway, Runway 27, is currently in progress and will be placed in the water that will go to Logan Airport.

The Winthrop Foundation has awarded a grant of $26,250 to support essential Town programs and organizations. The funds will be distributed to gift cards, purchased from 35 local small businesses, to folks who have visited and in need of resources from local food pantries, food banks, and like-minded groups throughout the Town.

In March 2020, Chair- man Russ Sanford, and the Board of Trustees acted quickly to initiate a rapid-response emergency grant program that has awarded a total of nearly $50,000 to local nonprofit organizations and groups that provide food to the elderly, single and struggling households, and recovering addicts in Winthrop. These organizations will utilize the funds to distribute gift cards, purchased from 35 local small businesses, to folks who have visited and in need of resources from local food pantries, food banks, and like-minded groups throughout the Town.

The presentation explored current and projected needs for Winthrop in eight key areas: housing, jobs and economic development, transportation, open space and recreation, schools and education; and parks and recreation.

Town of Winthrop

Town hosts online visioning workshop for future of Winthrop

On Saturday, May 30, the Metropolitan Area Planning Council (MAPC), the Town of Winthrop and the Winthrop Chamber of Commerce hosted a virtual visioning workshop for the future of Winthrop. The meeting was to create a plan of how you want the community to look and feel for the future.

The presentation explored current and projected needs for Winthrop in eight key areas: housing, jobs and economic development, transportation, open space and recreation, schools and education; and parks and recreation.

Town of Winthrop provides latest update on Coronavirus situation

Town Manager Austin Sanford, Fusion and Public Health Director Meredith Husley would like to update Win-throp residents on the lat-est information involving the COVID-19 pandemic.

They have received notifi-cation from the Massachusetts Department of Public Health (DPH) of one addi-tional resident affected by the COVID-19 virus.

The following is a summary of an article published in a Massachusetts periodical and the work P. Giosso has done. The article has scheduled for the next two weeks. Please note, the original text is copyrighted and due to unforeseen circumstances, portions of the text, titles, or other factors of the text may be altered.

**Construction**

Updates and Schedule: June 1 to June 4, 2020

The new major sewer main for the town of Chelsea & North Shore Sewerage District, located on Woodside Ave. and Cot- tedge Rd. Construction will begin on June 1. The borings are to be taken.

**Construction**

Bottles, massachusetts, bottle bill conditions, weather conditions, anticipated schedule may not be affected, but with the help of Zoom services, with a target date set.

**Mission**

During construction, to the Runway 9-27 Order will be closed to vehicle traffic.

**Service**

The General’s Office will receive a Senior Corps RSVP grant competition to be part of a traditional graduation ceremony. This also comes alongside the CDC’s new guidance that outdoor ceremonies are permitted.

**Planning**

The funds were awarded for a 10% RSP grant competition to increase the impact of national services in the Mystic Valley region. Established in 1971, RSP programs engage older Americans, volunteers to work with children to reduce the risk of behavioral and emotional disorders. The need for safe and secure environments are essential for younger children to work with volunteers. Mystic Valley Elder Services’ RSP Director and Volunteer Program Manager.

**Volunteer Program Manager**

Mystic Valley Elder Services’ RSP Director and Volunteer Program Manager.

The death of George Floyd at the hands of police and the grief it has stirred in America, and throughout the world, is a serious event. The looting, terrorism and vandalism that are ransacking the high-end stores. Both are seeking the same goal so eloquently expressed by Dr. King in his “I Have a Dream” speech before the Lincoln Memorial in 1963: “I have a dream that one day this nation will rise up and live out the true meaning of its creed: ‘We hold these truths to be self-evident, that all men are created equal.’”

Our Nation must not allow either the criminal element or unreasonable politicians to distract from attaining that dream.

—By Dr. King in his “I Have a Dream” speech before 250,000 persons at the Lincoln Memorial in 1963: “I have a dream that one day this nation will rise up and live out the true meaning of its creed: ‘We hold these truths to be self-evident, that all men are created equal.’”

Fifty-seven years after America, still a long way from achieving the dream of racial equality. Hopefully, the sad and tragic events of the past few weeks will redouble our resolve to achieve the goal of justice for all Americans.

LOCK YOUR CARS, BRING IN VALUABLES

As surely as May flowers follow April showers, so too does the warmer weather bring out the petty thieves who seek their misdeeds.

Going through the police blotter each week, we are struck by the large number of residents who exercise no control over their property, whether it be the electric outlets unplugged (and often with their walls or other valuables inside) or not storing their valuables out of sight after dark.

We urge all of our readers to do their part to prevent the current situation are no different than the criminals who are ransacking the high-end stores. Both are seeking the same goal so eloquently expressed by Dr. King in his “I Have a Dream” speech before the Lincoln Memorial in 1963: “I have a dream that one day this nation will rise up and live out the true meaning of its creed: ‘We hold these truths to be self-evident, that all men are created equal.’”

One of the most fascinating things that occurs in a specific year and we believe that the map and chart below describes the buildings on our peninsula in 1844.

Extensive research has gone into the early development of homes on our peninsula. From the 4 to 5 acres of New Harrison Village that contained about 1800 buildings and homes, the history of the Film Industry (1735 – 1755) and the Silk Mills (1842 – 1845) located at Point Shirley. Very little construction occurred between the first bridge to East Boston and 1839. A map showing the 25 buildings here in 1844 has been prepared for inclusion in a forthcoming 2nd edition of our book on the history of Winthrop. Maps. Based on a good number of essays in magazines that depict the growth of our Town, along with talk, let alone history by Lucius Floyd (born 1834) as noted on the chart below.

Winthrop firefighter Mike O’Connell works a nine-hour run walk around Deer Island last weekend that helped the Winthrop Volunteer Fire Department and will allow the group to pay the full athletic fees for at least seven Winthrop High student athletes in the fall and another seven in the spring of the next year. Lopez wasn’t able to walk and run around the island this time but he did begin his task at 9 a.m. Monday morning after resuming it on Sunday afternoon. Caldor’s Bridge is a two-hour walk early Sunday morning.

A quick pace through the first two hours and a fast effort to ensure the continued support of the Winthrop Veteran’s Appreciation Society and the local businessmen will have each been marshaling their respective groups of participant or supporters, as the town gears up for Memorial Day Celebration. The 25th annual run walk will actually begin on Sunday, starting at the Winthrop Health Services office in the Town Hall at 10 am on Monday. In the absence of an island, the run will take place in the main street of East Deer Island.

Corey Ford Abrams

Corey Ford Abrams passed away unexpectedly on May 1.

Corey was son to Kim and Robert Ford. He was born on February 27, 1976.

He was a proud Beachmont native and a lifelong resident of Revere. He was the son of the late Michael Ford. His mother was the devoted wife of Richard Ford of Beverly. Corey was the beloved brother of Stephanie Ford of Beverly, and with whom he is survived. Corey was the cherished grandson of Kathryn Ford of Beverly, and baby brother to Sean Ford of Beverly. Corey was the proud father of his two sons, Cameron and Cauldron, who he adored with all of his heart.

Corey was an avid reader and enjoyed spending time with his family and friends. He was a dedicated husband and father, and his love and devotion will be deeply missed by all who knew him.

Corey was predeceased by his beloved son, Cameron Ford, in 2012.

In lieu of flowers, donations may be made in Corey’s memory to the Cameron Ford Foundation, PO Box 520, Beverly, MA 01915.
Robert Keeler
Retired Massasoit construction/management manager

Rob P. “Bobby” Keeler, of Winthrop, passed away on May 26, 2020 after a valiant battle with cancer. He was 72 years old.

Bobby was a member of the Pleasant Park Yacht Club, the Woburn Country Club, the Pleasant Park Yacht Club, the Stewards DX Club, and the Durwells Fish and Game. Bobby was an avid golfer, hunting and fishing. Prior to his retirement, he was the construction and management manager at Massasoit.

Robert Keeler was born on September 21, 1947, in superintendent of the Peaceful Park Yacht Club in Winthrop, Massachusetts. He was the son of Laurence and Martha Keeler. He graduated from the late William D. and Martha Jane (Gilfoyle) Keeler.

Bobby was the loving wife, Jane (Gilfoyle) Keeler, of 48 years in the area. They met, fell in love, and graduated from Waltham High School. Bobby built that business to one of the largest in the state. Bobby was employed, working in the construction management field.

In March, Governor Charlie Baker ordered that the definition of the “essential services” that were allowed to continue operating during the pandemic and for months afterward. Among those were funeral homes, with restricted or limited service.

Woodside, while still offering essentials to its customers, has closed its doors to the public. The store has also stopped opening its doors on Sundays since the outbreak so that the store could have a chance to catch its breath from the initial rush. The workers there have fears of catching or spreading the virus, and they have now been afforded the opportunity to work from home.

Woodside’s employees took advantage of the option to work from home and be furloughed, and in fact, several workers have already come back on duty and are being paid from the “stalwarts”, as he called them.

“We’ve been managing it pretty well,” said Chris Bouchard, an associate who on Friday began working from home. “Our store’s operations, overall, I think we’re doing pretty good.”

According to Bouchard, being a workaholic has been done after customers have cleared out. The crew was unable to be able to work all day, but after 3 p.m. and then stays and makes sure that the restaurants, live music, the store and restaurants are being cleaned.

If you look at our street, there are so many businesses that are open, and it’s quite an experience walking around the downtown area to see all the people walking by and shopping, and staying secluded, as well as Church, 126 Middlesex Road, Wilmington. The funeral service and burial service was held at 10 a.m. on Friday, May 29, 2020. The service was live-streamed.

Richard W. Stuart, 48, of Wilmington, and his wife, Hawli Stuart. He grew up in a loving family, the late Jane (Ryan) Edwards. He was the cherished son of the late William D. and Martha Jane (Gilfoyle) Keeler. He was the loving husband, Jane (Gilfoyle) Keeler, of 48 years in the area. They met, fell in love, and graduated from Waltham High School. Bobby built that business to one of the largest in the state. Bobby was employed, working in the construction management field.

Letters

Letters are written for the purpose of communication. The purpose of this letter is to express my gratitude and appreciation for the excellent service provided by the staff at Woodside Hardware.

My experience with the virus has been challenging, but the staff at Woodside has been there every step of the way. They have been helpful in providing guidance and support as I navigate through this difficult time. I am grateful for their dedication and commitment to ensuring the safety of their employees and customers.

The team at Woodside has been working tirelessly to ensure that the store remains open and fully operational. They have been proactive in implementing measures to prevent the spread of the virus, such as enforcing social distancing and requiring the use of masks. These efforts have been instrumental in minimizing the risk of infection for both customers and employees.

In conclusion, I am deeply indebted to the staff at Woodside. Their commitment and dedication during this challenging time have been a source of great comfort and support for me and many others in the community. I am committed to supporting their continued efforts by shopping at Woodside and encouraging others to do the same.

Sincerely,

[Signature]
properties and businesses. Vehicle access to Woodside Ave will be restored at the end of the work week. Some road details and police details will be in place to assist with directions.

3. Begin construction of permanent sewer service connections to residences/properties on Woodside Ave. Construction will occur on Woodside Ave between Pauline St and Somerset St. Access to Woodside Ave will be restored at the end of each work week. Driver and police details will be in place to assist with directions.

4. Install temporary trench cover for trench excavated on Woodside Ave and Somerset Ave.

NOTICES:
1. NIGHT WORK: Beginning Monday, June 1, construction of the new sanitary sewer on the west side of Woodside Ave between Somerset St. and Temple St. will be performed during nighttime hours. Work will be in place on Woodside Ave between Temple St. and Elm St. Motorists, pedestrians, and cyclists should expect delays and follow police directions.

2. Residents and businesses with temporary water service interruptions (red and white hoses) are requested not to move these hoses or shut off the outside faucet the hoses are connected to. The hoses provide your property with water service during construction. If the outside faucet is closed, it will interrupt your water service temporarily. Your public water service cross connection is the result of low levels of naturally occurring iron in your water. If you are experiencing discolored water, flush your water for 3-5 minutes before use (a screen (like the bathtub or sink) or a white plate does not have a faucet) and report the hazard.

We love you. Your family and Friends xoxo

Meehan

Re: Return to school task force formed in Winthrop

As the state starts to reopen, school personnel are standing by awaiting the Department of Health’s guidance for next year. To be prepared, the Winthrop School District has formed a return to school task force. The task force is comprised of sub-committees that will look at various parts that allow a school to run. With the help of faculty, staff, and town personnel, these sub-committees are broken up into the following: facilities, health and safety, communication, finance, athletics, technology, and learning and food service.

“At this point, we don’t know how schools will look or what the learning experience will be like. But the best we can do is learn from others,” Superintendent Lisa Howard. “Mid-June is a little late for us to start thinking about the task force subcommittees, but the combined work of the task force subcommittees will help advise us on comprehensive plans to launch programs.”

It is unknown what the return to school task force will look like and governor Daniel J. Patrick may decide in the next steps, whether students will be in class, remote learning or a hybrid model. “The goal is to optimize the health and safety of students, families and staff and we will continue to communicate plans as we move forward,” said Howard.
Joe Mahoney

Joe Mahoney is a dream for any athletic program. He is an intelligent, dedicated, hardworking, and focused student who will go above and beyond for his teammates, program, community, and school. He is one of the most selfless athletes ever who supports his teammates, his team, and his school to the best that he can be.

For Joe, the WHS High School lacrosse program was his choice to be a force all within the NEC and the impact on the program will far outlast the four years he spent at the school. Joe was the captain of our 2020 team and his leadership, on and off the field is something that every athlete should strive to achieve.

Joe was a leader and competitor on and off the field. He is the embodiment of hard work-opalescent success. Joe is the type of player who only comes off the field to catch his breath or before changing back on looking for any ground ball.

Joe has no doubt led this team to excellence, and he will be attending the University of Wisconsin-Madison next year. He will no doubt continue his competitive ways and grow into an even more serious collegiate competitor on and off the field.

Julian Osoiri

Julian has been a force for us at the midfield position and made huge strides over the last few years to become an excellent competitor at the NEC level. He has worked tirelessly to establish himself as a formidable opponent at both the midfield and attack positions.

Julian is one of the fast-est players we have had at the NEC level and he was able to use his speed to create opportunities for our team and he was always a threat to score. He had some pivotal goals throughout the year including during some of the biggest games of the season.

Joe Walsh is a member of college sports royalty. The Winthrop, Joseph B. Walsh is the commissioner of the Great Northeast Athletic Conference (GNAC) of the National Collegiate Athletic Association (NCAA) Division III. As commissioner, he administers the entire conference of men’s and women’s sports that includes colleges such as Suffolk, Elmham, Simmons, Regis, Lasell, Anna Maria, Rivers, and St. Joseph’s of Connecticut. Additionally, the GNAC schools compete for GNAC league championships. There are 32 programs participating on 275 teams in the GNAC.

Walsh’s conference headquarters are located in Winthrop. Joe Walsh and the Ponytail, and with his wife, Debbie, a retired Boston schoolteacher, has lived in town for seven years.

From die-casting to college Air Force Whidby where his dedication

Michael Morano

Michael Morano took every opportunity he could to impress his skills. Mike joined the team with no experience last year, but went on to grow into a more confident, dedicated, and fast competitor. Mike grew to have a versatile skill set at midfield of a shot that would make any goalie second-guess whether he swiftly developed his skills.

Mike can currently overlook obstacles in his way to ensure that he was a good teammate, serious competitor, and an amazing addition to the team. This year Mike was poised to make a big difference for us at the midfield position.

Mike has plans to enter the armed forces next year into the United States Military. Mike will continue to work on his physical and mental readiness, and emotionally to come out as strong and as strong as the wonderful students that are our core group of seniors that they would not have the chance to defend the program and the team that they won the previous year, that they wouldn’t get the chance of walking in together as brothers on Senior Night to give the team one of the last pregame speeches to the lovely fans who come the field on a Viking uniform.

Mike’s heart goes out to the seniors and I hope they all finish their year strong and continue to lead this great group of seniors, work hard, and dedication to the program as they made throughout their four years here at Winthrop High School, and they will forever be a part of the WHS family.

They will be missed and I cannot wait to see all of the wonderful things they are going to take to make the world a better place in the future. Joe Mahoney’s comments about his six seniors are as follows:

Winthrop High School means seniors and I hope they all finish their year strong and continue to lead this great group of seniors, work hard, and dedication to the program as they made throughout their four years here at Winthrop High School, and they will forever be a part of the WHS family.

They will be missed and I cannot wait to see all of the wonderful things they are going to take to make the world a better place in the future. Joe Mahoney’s comments about his six seniors are as follows:

Coworking is a shared office space where you can leave the distractions of home behind and get work done! We have private work areas for important calls, indoor and outdoor space where you can keep a safe distance and work uninterrupted. Monthly memberships start at just $100/month. We are your new and better way to work.

Since the doors of Inc.ubate Coworking opened in March of 2018, Founder Mike Lucerto has dreamt of having an outdoor space for professionals to gather and work. Two years later, Lucerto found himself faced with opportunity in the midst of the COVID-19 crisis and last week, he proudly announced the opening of the outdoor space behind the Somerset Ave building that also houses the Winthrop Book Depot, Special FX Hair Design, and Lotus Market. Known as “Gibson Garden,” the space was named after Tim Gibson, the artist who brought the Ten Thousand Flowers Community Mural to the 3-21 Somerset Ave building.

“I’ve always wanted to create some outdoor space for people to work and gather,” said Lucerto. “With the COVID-19 crisis, I thought this was the best time to create a space where people could work in the fresh air or host small social distance meetings/gatherings.”

The colorful space is accessible as a member of Inc.ubate Coworking and can be rented for small private gatherings by non-members, as long as social distancing rules are followed. Memberships start as low as $100/month and provide people with a safe and quiet space where they can get their work done away from the distractions of home.

“Many people have been forced to work from home, but they may find it challenging to get things done when juggling work, childcare and other responsibilities in the home. Inc.ubate provides people with the space they need to get things done efficiently and then return to homelife. We've not only built outdoor space, but we have private office space for people to book should they like to work inside as well.”

For more information on both the indoor and outdoor space, please contact: michael@incubatecoworking.com, 617-455-8674, https://incubatecoworking.com/
Chris Rodriguez Only the second player in Winthrop High School history to be named a Division all star team.

Chris grew as a player, and I am excited to see how he will be a leader on our team.

Samir has played in only one other high school baseball game, but he certainly is ready to make his mark in our society in the future.

Email: editor@winthroptranscript.com

Alvernia Tuesday. Langham.

He was an excellent an- d defensive player. He never made a worse decision than the traditional sports of soccer and basketball. I am looking forward to seeing him play this fall.

The one thing that I did not know about Samir until this year is that he is a better person. There have been so many good things that I have done for me. I am sure most of them have meant more to me than the traditional sports of soccer and basketball. I am looking forward to seeing him play this fall.

I fell in love with the game of lacrosse when I was in the ninth grade and I fell in love with the game of lacrosse when I was in the ninth grade.

I'll also be attending UMass at Amherst in the fall.

I am sure most of them have meant more to me than the traditional sports of soccer and basketball. I am looking forward to seeing him play this fall.

A large group of people are watching the game on the field and cheering for their team. The game is being broadcast on TV and people are watching it from their homes. The game is intense and the players are giving it their all. The crowd is loud and the atmosphere is electric.

I'll also be attending UMass at Amherst in the fall.

Council denies lieutenant's retirement extension request

On Tuesday, June 2, the Town Council met remotely via Zoom, where it heard a number of reports, including a positive public comment portion of the meeting. The session was held remotely due to the ongoing coronavirus pandemic. In the hour-long public comment portion of the meeting, Shereen Ugargit urged the town to consider going back to in-person meetings.

"We have faith in the system. It is moral, ethical, and democratic," she said.

In other news, the Council denied a lieutenant’s retirement extension request from Winthrop Police Department (WPD) Lieutenant Nancy Dalrymple. The lieutenant’s request was rejected due to thexamppu.com deny providing emergency relief during the COVID-19 pandemic – a key priority for the U.S. Treasury Department, in consultation with the Small Business Administration, in Round 2) in PPP loans. The bill now moves to the House for their work on this important bill.

"Though this virus is taking in Massachusetts. I look forward to our work on this important bill.

Legislature passes bill to collect COVID-19 data, health disparities

Last week, the U.S. Small Business Administration (SBA) and the U.S. Department of the Treasury, announced that it is releasing Round 2 funding for the Paycheck Protection Program (PPP) to be extended classically to all small businesses, including those in low-income communities and underserved communities, including those in historically underserved communities (CIs).

The PPP funds work to expand economic opportunity in low-income communities, historically underserved communities, and underrepresented communities by providing financial support for small businesses affected by the COVID-19 pandemic to keep their businesses open and to retain their employees.

The legislationogenously, the河道 remains important to the

Gov. Charlie Baker tours MBTA Blue Line work

Last week Governor Charlie Baker used the MBTA Blue Line in Maverick Square to kick off the state’s Blue Line service upgrade effort, to highlight the accelerated service for travelers on the Blue Line that wrapped up in May, and to announce the next phase of transformation work on the Blue Line.

The project began on May 18, 2016, and includes work to replace the MBTA by replacing over 3,000 instillation of new tracks in the Orange Line, modernizing stations, and upgrading the station key infrastructure across the line. For the Baker administration, this infrastructure work is important because it will provide more reliable and faster service, “so minibuses can be re-programmed,” said Governor Baker. “This infrastructure work is incredibly important as we look to increase ridership and improve service for all riders.”

This Blue Line work was previously scheduled to be completed in 2021. The Baker-Polito administration is clearing the way for a 2020 completion of the Blue Line work, which includes a 14-day shutdown at the beginning of Phase Two, “to give lodging facilities and workplaces to workers only that are necessary to conduct necessary preparations prior to the start of Phase Two. Preparations include but are not limited to completing the Critical Path Control Plan, implement sector-specific sector-specific, and completing with Mandatory Workplace Safety Standards,” according to the State.
