Kneeland said, "It's been a long time. We started with this project back in 2016 and we broke ground in 2018, and then the world-wide pandemic hit. The whole town was watching this building sitting there. But we made it

TOGETHER FOR  
MENTAL HEALTH

May is recognized as National Mental Health Awareness Month.

According to data from the National Alliance on Mental Illness (NAMI), nearly 1.2 adults in Massachusetts – nearly 7 times the population of Chelsea, Revere, Winthrop and East Boston combined -- have a mental health condition. Statewide, 42.2 percent of adults in Massachusetts reported symptoms of anxiety or depression, based on February 2021 data from NAMI, and 66,000 youths in Mass. ages 12-17 have been diagnosed with depression. More than half of Americans report that COVID-19 has had a negative impact on their mental health.

The most important message to understand, this month and every month, is that you are not alone. Annual prevalence of mental illness among U.S. adults, by demographic group:

could be used as a Christmas tree.

Two trees were illegally removed from Pleasant St. The tree warden issued a cease and desist order and those responsible will have to donate to the tree fund or replace the trees.

The E.B. Newton School clock tower project has been awarded for a sum of \$82,000.

There is ongoing discussion over who should take over the ownership of Miller Field.

OUR Opinions

MAUREEN GILL WAS A GREAT LADY

Winthrop lost one of our community’s best this past week with the passing of Maureen Gill, the wife of former Town Council President Peter Gill and mother of Supt. of Schools Lisa Gill Howard.

Maureen was the mother of four children, grandmother of 10, and great-grandmother of one. She truly was a bright light for all who were blessed to know her. Maureen was a wonderful and vivacious woman who loved music and dancing.

Her son, Brian, delivered a beautiful eulogy about his mother at the funeral Mass at St. John the Evangelist Church on Tuesday. He told of how she set such a great example for everyone in the family with her kindness and the joy she brought to everyone who knew her.

“A true love story from Day 1,” is how Brian described his parents’ many years of marriage.

We know we join with all of our fellow residents in offering our condolences to her husband Peter and children Lisa, Brian, Gretchen, and Brendan.

May she rest in peace.

ALCOHOL IS STILL #1

Americans have been dying prematurely at unprecedented levels in the past two years from a number of causes.

COVID-19 has taken away almost one million of our fellow Americans, with the number still rising daily for the foreseeable future.

Fatal accidents on our roadways, as we noted last week, have skyrocketed over the past two years.

Drug overdose deaths, mainly attributable to the lethal synthetic drug fentanyl, have exploded, exceeding 100,000 in 2021, compared to about 60,000 in 2019.

However, another statistic came to our attention in an article in the New York Times which is equally tragic and worrisome:

Among adults younger than 65, alcohol-related deaths outnumbered deaths from COVID-19 in 2020. Alcohol-related causes accounted for the deaths of 74,408 Americans ages 16 to 64, compared to 74,075 deaths of individuals under 65 who died from COVID.

More ominously, the rate of increase for alcohol-related deaths in 2020 — 25 percent — outpaced the rate of increase of deaths from all causes, which was 16.6 percent.

Alcohol-related deaths went up for men and women, as well as for every ethnic and racial group. Deaths among men and women increased at about the same rate, though the absolute number of deaths among men was much higher.

However, death rates alone don't tell the whole story of the direct and negative impacts that alcohol abuse has upon individuals, their family members, and our society as a whole.

Alcohol abuse is a crucial factor in just about every negative context one can imagine, ranging from domestic abuse, to violence among unrelated parties, to non-fatal traffic accidents that leave victims severely injured, to lost productivity in the workplace, to mental health issues, to health-care costs, to fetal alcohol syndrome.

Clearly, our society needs to undertake a public health campaign similar to what we did in the 1990s when the American public and politicians finally got tough on the tobacco companies by means of public health campaigns, increased taxes, and stricter enforcement of the laws prohibiting sales to minors.

Unlike tobacco or drugs, alcohol abuse impacts more than just the user -- and it's time that we acknowledge that reality and do something about it.

IS NUCLEAR WAR INEVITABLE IN UKRAINE -- AND BEYOND?

We don't want to sound like alarmists, but in our opinion, the escalation both in military weaponry and rhetoric by the Western powers and the Kremlin is bringing us closer and closer to the brink of nuclear warfare in Ukraine.

We fully support the effort of the U.S. and NATO to help the Ukrainian people defend themselves against the Russian genocide that is occurring in their country.

But none of the politicians or the experts have prepared the public for the possibility that Vladimir Putin will use tactical nuclear weapons to avoid what is looming as a significant military defeat.

The conventional wisdom is that Putin will restrict his army only to the use of conventional weapons.

But that is the rational thinking of those who do not have the mindset of a sociopath for whom rules do not apply.

History has shown us time and time again that sociopathic leaders have no limits. Just when we think, "They will never go THAT far," the sociopaths indeed cross the line and push the boundaries further.

Putin has at his disposal tactical "mini-nukes" that have the explosive power of just a fraction of the bombs we dropped on Japan in WWII.

So our question is this: If Putin uses one on the battlefield, what do we do?

What’s the Buzz? Preparing for Mosquito Season

By Marianne Dalton, RN

Summertime on the ocean. Backyard barbecues, outdoor sports, days at the beach, walks at Deer Island, all privileges Winthrop residents enjoy. One privilege that is not appreciated is the cloud of mosquitoes that often accompany all these outdoor activities.

What measures can be taken to avoid the nuisance and health hazards presented by mosquitoes?

Preventing mosquito bites involves more than just swatting or using repellent. Any water that is standing more than 5 days outdoors is an invitation to mosquitoes laying eggs. Water collecting on swimming pool covers, birdbath water that is not changed/cleaned regularly, clogged gutters, trash/recycling containers uncovered outdoors, even something as small as a bottle cap with water in it can be a breeding ground for mosquitoes.

Once the breeding sites of mosquitoes have been addressed in your yard, the next step is avoidance. Long sleeves and pants, and use of repellants with EPA/CDC-approved active ingredients are key to reducing mosquito (and tick) bites. This also lessens the risk of illnesses borne by these pests. Avoid outdoor activity when mosquitoes are most active. All these measures should be taken until the first hard frost.

But what can be done besides avoidance and use of repellent? And how can residents stay informed about the presence of EEE, West Nile Virus, and other arboviruses in their community?

This is where the Northeast Massachusetts Mosquito Control District (NEMMC) enters the picture. The Town of Winthrop subscribes to the services of NEMMC, along with 31 other Massachusetts municipalities, for a flat yearly fee. This fee includes surveillance, ground larviciding, catch basin treatments, manual ditch maintenance, adulticiding, barrier treatments, tire recycling, property inspections, mosquito habitat mitigation, research and development, education and outreach, and social media.

NEMMC guidelines recommend larviciding as a first line of defense. Spraying (adulticiding) is actually less effective as it only affects the mosquitoes flying at the time of spraying; there is no residual effect from the spraying. Of note, salt marsh mosquitoes are daytime flyers and biters; the evening spraying has little effect on these pests.

NEMMC monitors for presence of arboviruses by trapping and testing the mosquitoes, taking samples from various traps that are scattered at strategic points throughout the town of Winthrop. If specimens are positive for EEE or West Nile Virus, the Board of Health will be notified and NEMMC will help coordinate a plan of action.

The Winthrop Board of Health has voted this year to allow residents to send requests for spraying and/or larviciding directly to the NEMMC, either by requesting service on their website at: <https://survey123.arc-gis.com/share/323ede5d6f1f44eb91e930c7d443d380>, or by telephone: (978) 352 2811. Calls can be made to NEMMC during office hours (7:00 am – 3:30pm) or after hours a message can be left on their voicemail system. Please leave your name, full street address, town, and phone number.

The newly designed website of NEMMC is user-friendly and has easy-to-access educational material on mosquitoes, habitat, mission of the NEMMC, and frequently asked questions. Please visit their website at: <https://www.nemassmosquito.org>.

WCAT is televising a Zoom presentation recorded by NEMMC on March 31, 2022 for local boards of health. This provides a good overview of the mosquito control services provided by NEMMC.

Please stay safe from mosquito bites and have a peaceful summer!

Celebrate Mother’s Day

A great mom. The main thing is don’t forget the day. If you are a long way from home by all means make a phone call.

I know some great mothers. My wife is a phenomenal mother. I have sisters, daughters and a daughter in law who are great mothers. So, there are plenty of people around for me to honor this weekend. I suspect you may know one or two. Even if they aren’t family, wish them a happy Mother’s Day.

My mother has been in heaven for a long time and so has the mother of my two sons. Mother’s Day is a tough day for them as they lost their mother when they were 20 and 17 year’s old. My wife’s mother passed just a few years ago. It happens. The chair at the table suddenly is empty and all you are left with are pictures and memories.

I miss the long telephone conversations with my mother. We talked on the telephone for 30 minutes sometimes twice a week. When I was a child, she was my advocate. She was my school tutor. We didn’t eat out growing up so she kept food on the table three times a day. When I was a small child, we still had a wringer washing machine and the water was not great. We caught rain water in large tubs and then carried it in to wash clothes. I remember a couple of summers of carrying water from the creek to wash clothes. She ironed clothes for an entire day every week. It was a great day when we were finally able to have an automatic washer and dryer.

Mom worked hard and about twice a week dressed up really nice and she and dad went to church. Like most of our mothers I could write a lot about her but Eula Hinkle

Mollette was a wonderful mother. She loved me, corrected me and supported me. I know there were times I disappointed her but she never disconnected from me. She was always there as best as she could be.

The point is don’t miss celebrating Mother’s Day. You only have one mom. Cherish every minute.

Glenn Mollette is the publisher of Newburgh Press, Liberty Torch and various other publishing imprints; a national columnist – American Issues and Common Sense opinions, analysis, stories and features appear each week in over 500 newspapers, websites and blogs across the United States.

## ART 947 - REMEMBERING WINTHROP VETERANS

One of the most enjoyable things about writing these Then and Now articles is the questions we are asked from time to time. Today we are addressing four questions about Winthrop service men of the past and how they have been recognized and remembered. First, John Biggio noted that Herman Kuchmeister was given the highest military award, the Congressional Medal of Honor for his service in the Spanish American War. Picture 1 depicts the plaque mounted on a stone monument in the upper Winthrop Cemetery near the old cemetery office building. The text shown on this plaque is as follows: “Awarded – Congressional Medal of Honor for heroism and Gallantry – under fire of the enemy, to Herman W. Kuchmeister, Private U.S. Marine Corps-U.S.S. Marblehead – Cutting cables, Cienfuegos – Cuba May 11, 1898.” This is the only such award known to have been presented to a Winthrop Veteran. The second question deals with who Miller’s Field was named after. Based on research conducted by Roger Hathaway and myself in 2005, the area was first known as Playstead Ball Park from 1921 to 1931 and then was named Miller’s Field on 10/22/32 after Pvt. William A. Miller, the last of three Winthrop service men who died in France just prior to the end of World War I. The current stadium, see picture 2, was built as a WPA project in 1934-35. The third veteran to be address in this article is Private Simon J. Donovan who was a member of the Winthrop Machine Gun Company that fought in World War

I. The beach along Pleasant Street, see picture 3, was named in his honor. The fourth question deals with the first Winthrop Serviceman to be killed in WW II, Harold E. French Jr. He was one of 110 men who lost their lives when the U.S.S. Truxton crashed into the coast of Newfoundland during a blizzard on February 18, 1942. On September 9, 2011, Winthrop was honored by the visit of Wayne Rowsell, Mayor of the Town of St. Lawrence, Newfoundland, to French Square to view the Memorial Park set aside in honor of Harold E. French Jr. The Mayor was in the process of retracing the route of the U.S.S. Truxton on that fateful cruise. Picture 4 is of Mayor Rowsell, his wife Carmelita and son Dion at French Square where he told his local tour guide, Joseph Neville how impressed he was with the

way Winthrop remembers her Veteran’s that have died in action by dedicating intersections and parks in their honor. There have been many other Winthrop Veterans who have fought and died in our country’s wars. In 2007, the previously mentioned research by Roger Hathaway and I revealed the almost 60 Street Corners, Parks and Squares that have been named after Winthrop Veterans and have Memorial Plaques mounted at them. A future article will include a copy of this list which is currently being updated to include the past 6 years. Winthrop has always honored their military service personnel and continues to do so with the efforts of dedicated people such as Richard Honan and his group who untiringly mail care packages to those currently serving our country, The United States of America.

*God saw you getting tired  
And a cure was not to be  
So He wrapped his arms  
around you  
And whispered "Come to Me".*

*With tearful eyes we  
watched you,  
And saw you pass away,  
Although we loved you  
dearly,  
We could not make you stay.  
A golden heart stopped  
beating,  
Hard working hands at rest.  
God broke our hearts to  
prove to us,  
He only takes the best.*

because of all of you here, and I'm so grateful."

Kneeland Keegan is considered a pioneer in the field of afterschool educational programs. Forty years ago, she determined that children needed organized, afterschool programs for the critical hours of 3 to 6 p.m. each day. She worked hard to launch For Kids Only, making it one of the first licensed, after-school programs in Massachusetts. FKO now operates in Winthrop, Revere, Chelsea, Everett, and Peabody.

Kneeland Keegan told the large and enthusiastic gathering at the ceremony, "FKO now has our own forever home in the heart of Winthrop."

And that solar-powered home is extraordinary, with spacious areas for a teach-in kitchen, a gymnasium, a library, library, STEAM lab, early childhood classroom, multi-person movement studio, and a reflection room.

The half-court gymnasium, where the speaking program was held, will certainly be in demand in a sports-minded town like Winthrop. The reflection room, designed by interior designer Corina Boncore, was a bold, creative idea, but one that has been well received by parents and children.

"The building presents itself as a welcoming, homelife atmosphere that we cannot be prouder of," said Kneeland Keegan.

Members of Winthrop's Levesque family, who lived in the former home on Winthrop Street that is now FKO's flagship, were in attendance.

The new FKO building, like FKO itself, will no doubt become a national model in afterschool programming. In fact, the Winthrop Chamber of Commerce recently honored FKO with its Visual Achievement Award. Manuel Tavares was the chief architect for the project. CBC Construction was the general contractor.

Kneeland Keegan also praised local historian and architect Frank Constantino "who worked with us to maintain the historical integrity" of the site.

### Robert A. DeLeo Early Education Classroom is Dedicated

The celebration also included the dedication of the Robert A. DeLeo Early Education Classroom in honor of the former House Speaker.

"The leadership that Bob DeLeo gave to the Commonwealth over his

twelve years as Speaker and his 30 years as a representative have transformed not just this town, but the Commonwealth with so many different issues," lauded Rep. Jeff Turco. "Mr. Speaker, we wouldn't be here today if it weren't for your bold leadership years ago to prioritize early childhood education. Your achievements for this Commonwealth and this town in early childhood education are unparalleled, and people will talk about you for decades to come about what you've done to transform our town."

Kneeland Keegan said she first met DeLeo in the 1970s when they were both serving on the JCC, "which is a leadership training organization that is dedicated to grassroots, community service."

"I know Bob is a person who is understanding, generous, kind, and caring," said Kneeland Keegan. "I know him as a loving father and grandfather. As Speaker, he always prioritized high-quality, early education and after school programming for every child in this Commonwealth. We are grateful for his unwavering friendship and tremendous leadership."

DeLeo, who was joined at the event by his daughter, Rachele, and his granddaughter, Autumn, accepted a citation of appreciation from FKO, who "is pleased to announce that our Early Childhood Classroom is being named in your honor."

DeLeo received the largest ovation of the day. He summarized the recognition humbly, "Wow. I thought I was just going to see a ribbon-cutting and that was going to be it. But I have to tell you how really special this is. The former Speaker is a little bit speechless."

But as many, including FKO Executive Director Deborah Kneeland Keegan have said, Bob DeLeo was the state's true champion of early childhood education and afterschool programming throughout his illustrious career as a state representative and the longest-serving Speaker of the House.

The grand opening of the new For Kids Only building - 40 years after it all began - was a triumph for all, especially the children of Winthrop who get to enjoy the beautiful, state-of-the-art building and interact with the professional, caring staff that works there shaping lives in a positive way each day.

## All types of services for all types of people.

Some people prefer traditional funeral services. Others prefer cremation. Some want an elaborate ceremony. Then there are others who don't want any ceremony at all. When it comes to funerals, there are as many options as there are people. And we take pride in being able to say we offer them all.

of Environment, Energy, and Open Space Rev. Mariama White-Hammond, Embrace designer Hank Willis Thomas, Amandi Music, Boston Mayor Michelle Wu, Governor Charlie Baker, and US Attorney Rachael Rollins, as well as supporters and funders, for the celebration, which took place on what would have been Coretta Scott King’s 95th birthday.

The Embrace Memorial will be a 22 foot bronze sculpture depicting the hands and arms of Rev. Dr. Martin Luther King, Jr. and Coretta Scott King, based on a 1964 photo of the two after King found out he had won the Nobel Peace Prize.

The design was chosen out of 126 submissions from around the globe by an art team at King Boston and the City of Boston, after being narrowed down to five finalists. The Embrace was designed by Hank Willis Thomas and MASS Design Group, and will be located near the Tremont Street side of the Boston Common.

According to a press release, “The monument will be the country’s largest memorial dedicated to equity representing Boston’s path to becoming the city where all are welcome and a place of opportunity for everyone.”

Imari Paris Jeffries said at the event, “this moment represents the power of all of us and is part of a vision to create a radically and equitable and inclusive Boston, by 2030, the city’s 400th birthday.”

Along with the Embrace Memorial, King Boston has plans for a Center for Economic Justice, which, according to the King Boston website,

will be “grounded in community engagement and aimed at generating the data and knowledge needed to inform movements at the grassroots level and beyond.” The center will eventually become a “research institute,” and partner with “community groups, coalitions, and other stakeholders,” the website states.

Sam Giarratani, a public art manager who worked closely with Hank Willis Thomas on the design side of the memorial process, is a Revere native and moved to Winthrop when she was a teenager.

“It’s been incredible, for lack of a better word,” Giarratani told the Transcript. “I started this in 2018 and through the pandemic, through mayoral shifts, it’s still happening and there’s a huge hole in the ground and I’m just really proud of my city that it’s actually happening.”

Giarratani is a founder of Negative Space, LLC, a NYC-based production management company for public art campaigns.

“I operate behind the scenes for the artwork,” she said—“coordinating the vision.”

She added, “It’s a really interesting arts administrative role.” She said she works “really closely and collaboratively” with those involved in the project, including landscape designers and the visionaries behind the idea to put a memorial on the Boston Common.

Giarratani said she was happy to see “so many people come out in support of this project” at the groundbreaking last Wednesday.

“Just like seeing people from all industries show up, I think, is telling that

The Embrace by Hank Willis Thomas.

this is a really important groundbreaking thing that’s happening—not only to put a monument in one of the old-est parks in the country, but to sort of talk about the racial history that we have and I know Boston can sort of gloss over some of the issues it’s had in the past,” she said. “This is sort of a show that they’re ready to actually commit and do the work.”

She praised King Boston for its work in “uplifting the Black community in Boston,” and said she looks forward to people interacting with the memorial, which is set to be officially unveiled on Martin Luther King, Jr. day next year.

She said she hopes the Embrace Memorial will become as important to the park as the Make Way for Ducklings statue has become.

“I’m hoping that it becomes part of the ecosystem of the park, and I’m excited to see people taking pictures underneath it and reading around it and just kind of adding to the backdrop.”

Giarratani said that construction will continue through December, when the piece is expected to be fully installed.

“I’m just super grate-

ful,” she said.

At the groundbreaking, Rev. Mariama-White Hammond led a land acknowledgment, reminding those in attendance that the land that is now the Boston Common is the “traditional home-lands of the Massachusetts tribe.” She added, “we are so glad today to celebrate the legacies of the Kings and their love.”

Embrace designer Hank Willis Thomas thanked those who were involved in making this memorial possible, saying “this is an amazing amalgamation of so many people’s love for humanity; love for the possibility of what we can do and what can happen when we work together.”

Barry Gaither, a member of the art selection committee of King Boston, spoke about the selection process and why The Embrace was chosen as the winner.

“We came to the Embrace,” he said, “and it presented us with the great problem of ‘how do you express love in an intimate and global sense simultaneously?’ The Embrace represented that distillation of gesture.”

Governor Charlie Baker also made remarks,

saying that “this is the sort of thing that requires everybody to embrace the notion that every day, if you’re not moving forward, you’re moving back.”

He continued, “and I really do hope this memorial and all it stands for, and the work that will be done by the center going forward, will be there as a constant reminder to all of us what’s left to be done and why it’s so important that it be done here in the Commonwealth and here in the City of Boston.”

their counterparts.

In the doubles matches, with captain Maddie Rossi out with an illness (which forced some shuffling in the Winthrop lineup), senior captain Emma Forsyth and Casey Petersen steamrolled their opponents at second doubles, 6-0, 6-0.

The third win of the week was a solid 4-1 victory over Saugus. Brant, Bueno, and Ivanis once again set the pace with convincing wins in the singles contests.

The duo of Emma Forsyth and Casey Petersen won a marathon three-set match at first doubles, while the second doubles tandem of Viona Bytyqi and Ava Beshere came out on the short end of a tough three-setter.

The Lady Vikings' winning streak was snapped via a 5-0 decision to Danvers on Monday, but Nickerson's crew bounced back on Tuesday with a strong 4-1 win over Gloucester. Kendall Brant at #1 singles and Mira Ivanis at #3 singles won their matches.

Senior captains Maddie Rossi and Emma Forsyth played a tough three-setter, but rolled 6-0 in the deciding set. Ava Beshere and Viona Bytyqi played very impressively in their 6-3, 6-1 win.

Nickerson and his crew now stand at 5-2 on the season and will play five matches in the next nine days. They were scheduled to play at Watertown yesterday (Wednesday) and will host Marblehead tomorrow (Friday). They will trek to Salem on Monday, entertain Peabody next Wednesday, and travel to Masconomet next Thursday.

**WHS GIRLS TRACK DEFEATS SALEM**

The Winthrop High

girls outdoor track and field team overwhelmed Salem by a score of 80-21 last Wednesday.

First-place finishers for the Lady Vikings were: Shannon Abbott in the long jump with a flight of 12'-5"; Daniela Gomez in two events, the triple jump with a final landing of 26'-4" and the shot-put with a throw of 21'-1"; Cori Powell in the discus with a spin of 40'-8"; Olivia Skomro in the javelin with a throw of 45'-8"; Rebecca Linfdinger in the 400 hurdles with a time of 1:24.1; Sophia Munson in the 100 meter dash with a sprint of 14.8; Shannon Abbott in the 200 dash in a clocking of 30.9; April Ferguson in two events, the 800 in 3:08.3 and the two-mile with a time of 14:53.3; and Libby Carney in the mile with a clocking of 6:33.7.

Contributing three points to the Winthrop victory with second-place finishes were: Delia Parco in the discus (26'-11") and the 800 (3:45.6); April Ferguson in the javelin (44'-11"); Cori Powell in the 400 hurdles (1:29.3) and the 100 hurdles (20.8); Olivia Skomro in the 100 dash (15.8); Julianna Demers in the 200 (33.2); and Libby Carney in the 400 dash (78.7).

Adding single points to the Winthrop side of the scoresheet with third-place performances were: Arianna Cappuccio in the long jump (11'-9"); Shannon Abbott in the 100 hurdles (22.9); and Rebecca Lindstedt in the 400 dash (79.6).

**WHS BOYS LACROSSE TOPS REVERE, 12-1**

The Winthrop High boys lacrosse team, which is competing this season as

a club program, enjoyed a successful week.

The Vikings took on the Revere varsity squad this past Monday and came away with a 12-1 victory over their Beach City rival.

"We had a slow first half and struggled with our fundamentals, but came roaring back in the second half with goals spread out across our offense, which is really what you want to see," said WHS head coach Brian Donnelly. "It was great having Jack Hayes back who had a couple of beautiful goals from up top. Jack gives our offense a whole new dynamic."

"Freshman Stephen Lindinger and sophomore Glen Calla also had their first goals of the year," added Donnelly. "They both had a pair of goals and that is exciting for our offense in the future."

"Our defense played lights out with some great takeaways from sophomore defenseman Dan Thomi," Donnelly continued. "Hunter Fife stood strong in net, only letting in one off an awkward bounce. He has been an awesome captain and is really coming into his own out there as a great leader."

Donnelly's crew, which last week earned victories over the JV teams from Swampscott and Essex Tech, now stand at 7-1 on the season.

They were scheduled to play the Medford JV squad yesterday (Wednesday) and will take on the Stoneham JV team on Monday and Swampscott next Wednesday.

"We just want to continue improving our fundamentals, fix some issues with positioning, and just in general continue to develop young players,"

Donnelly said.

**WHS GIRLS LACROSSE DEFEATS MYSTIC VALLEY**

Mia Martucci scored five goals to lead the Winthrop High girls lacrosse team to a 6-3 victory over Mystic Valley this past Friday.

Hannah Parker reached the back of the MV net for the other Lady Viking goal.

Sam DiMento, Mia Norris, Emma Holmes, and Reese Brodin all were credited with assists in the win.

Talia Martucci played in net and made six saves.

In a 14-4 loss to Marblehead this past Monday, Emma Holmes netted a hat trick and sister Abby Holmes scored one goal.

Goalie Adrianna Rizzotto made seven saves on the day.

Coach Emma Marrs and her squad are scheduled to travel to Peabody today (Thursday) and will host Salem on Monday on the turf at Miller Field at 4:00. They will entertain Beverly on the Miller turf next Thursday at 4:30.

**WHS SOFTBALL TEAM DROPS TWO CONTESTS**

The Winthrop High softball team dropped both of its contests this past week, falling to Northeastern Conference rivals Masconomet (14-4) and Saugus (19-4).

Izzy Cash and Lily Talent hit the ball well in the Masco tilt. Izzy went 3-for-4 with three singles, scored two runs, and had an RBI. Lily was 2-for-4 with a single and a double.

Tallent played well in center field, making eight putouts. Shortstop Summer Tallent, who has had

an outstanding year in the field, also played well defensively.

Leading the way offensively for Winthrop in the Saugus encounter were Summer Tallent, who went 2-for-3; Cash, who also was 2-for-3; and Ava Martello, who was 2-for-3 with two doubles.

Coach Dave Guffey is hoping that the return to action of Gabby Golden, who is coming back from a broken arm, will bolster the Lady Vikings in the second half of the season.

Guffey and his crew have a busy week. They were scheduled to play at Danvers yesterday (Wednesday) and at Swampscott tomorrow (Friday). They will return home to host Excel Academy on Monday at the Little League field in a contest that will be highlighted by Senior Day festivities. They will trek to Salem Academy Charter School next Wednesday.

# Winthrop Baseball is Back

## Vikings' program is making a resurgence under first-year coach Mark DeGregorio

By Cary Shuman

The Winthrop High baseball team already has a signature moment in the 2022 season, a rousing 5-4 come-from-behind victory over Danvers, handing the Falcons their first NEC defeat of the season.

Joe Ferullo singled in the bottom of the seventh to lift Winthrop over the Falcons, who have been a perennial nemesis to Winthrop in the Northeastern Conference. Zack Bogusz pitched six strong innings while freshman Jay Fotiades hurled a scoreless seventh inning to earn the victory.

But first-year head Mark DeGregorio and his hungry band of Vikings aren't looking back at one of the more memorable victories in WHS baseball annals. No, they're looking ahead and after another stirring victory this past week - a come-from-way-behind 8-7 decision over Lowell Catholic - the future is bright with a 6-4 record and a state tournament berth in sight. Freshman Phil Boncore was the batting star, going 4-for-5 with three RBIs, including a clutch hit in the bottom of the seventh.

"From the very beginning, the one thing that

I've been trying to stress with this team is just one word, and that's 'compete'," said DeGregorio. "All I've tried to get these kids to do is understand that they have the ability to believe in themselves to compete - just play as hard as you can and play for each other, and we're doing that. The fact we were able to come from behind and beat a strong Danvers team and score five runs against one of the better pitchers in the NEC - it showed that we're able to battle and win in the conference."

One of DeGregorio's new installations has been the players wearing Winthrop practice uniforms with "Practice With Pride" on the back of the uniforms.

"We want them to look like a team, so they have to wear the same hats, same practice jerseys, and same practice pants," said DeGregorio. "The JV team is the same way, too."

### Colin Kinsella has been a force

DeGregorio, who played college baseball at Merrimack for former Winthrop High Coach Barry Rosen, has always been a team-first, stats-second player, but

even he says it's hard to not talk about junior catcher Colin Kinsella's marvelous performance through the mid-point of the season.

Kinsella, a team captain, is hitting a robust .458 with 10 RBIs. He is also the team's leading base stealer and has drawn a league-high 12 walks from opposing pitchers.

"He's the leaders in nearly all of our offensive categories," said DeGregorio. "I do believe that Colin is a Division 1 college-caliber player and he's on the radar."

Phil Boncore, a freshman who also excelled in his first season with the WHS hockey team, is batting .481 with 7 RBIs. He is also among the team leaders in stolen bases.

"We're a team that has to generate runs by stealing bases, being aggressive, and doing all the little things," said DeGregorio. "And Phil has been a great example of that."

Pete Silverman, an exceptional hockey player, is making a strong contribution in the leadoff spot, setting the table with a .310 average and five walks.

Junior lefthander Zack Bogusz has been a stand-out on the mound.

The Winthrop High School baseball team is pictured at a practice session. Front row: Nick Marchese, Ryan Gagnon, Cam Martin (Captain), Joseph Hayes (Captain), Pete Silverman, Phil Boncore, and Chris Gibbons. Back row: Coach Mark DeGregorio, Zach Bogusz, Juan Sanchez, Jackson Andy, Colin Kinsella (Captain), Joseph Ferullo (Captain), Anthony Indrisano, Matt DeCarney, Evan Rockefeller, and assistant AD Frankie Fabiano.

"He throws strikes and generates groundballs," said DeGregorio. "He allows our infielders to make plays and he's done a really good job for is."

Matt DeCarney has demonstrated a very good fastball and tricky curveball. Senior captain Cam Martin, who is heading to Colby-Sawyer College for baseball, is the starting centerfielder and one of the team's pitchers.

Three-sport athlete and shortstop Joe Hayes is hitting .348 and making the plays on defense.

"Joe is one of our captains and he's having a phenomenal season at shortstop," said DeGregorio.

DeGregorio, who is being assisted by coaches Mike Vatalaro, Anthony Sorrentino, Joe Murphy, and Eric Mathieu, and Neil Cacciola, believes the sky's the limit for his resurgent baseball program.

"The idea is to always compete for the state championship," said DeGregorio. "Our goal this year is to get in the playoffs, make a good playoff run, and see where that takes us. I just want these kids to get better every single day. But I think they really saw after the Danvers game that we're a team that's capable of competing with everybody. We play for the names on the front of our

shirts, and it doesn't matter what the front of their shirts say."

Athletic Director Matt Serino, whose brother, Nicky, was drafted by the Washington Nationals as a lefthanded pitcher out of UMass/Amherst, is pleased with the baseball team's ascension in the NEC.

"Coach DeGregorio and his staff are really getting a lot out of all of their players and getting everyone involved," said Serino. "There's a lot of multi-sport athletes like Joe Hayes, Pete Silverman, Cam Martin, Anthony Indrisano, and Phil Boncore on the team and that's great to have."

## Free Tea Tasting event at Winthrop Public Library and Museum

Special to the Transcript

It's tea season! On Wednesday, May 11th from 6 - 7:30 p.m., Tea Oasis will present an informative introduction to loose leaf tea featuring

the fresh teas of the "first plucking." Unsure what a "first plucking" is? Come and find out during this interactive 90-minute session, which will look at what tea is, how it goes from plant pot, where it's

from, its fascinating history, health benefits, and how this simple drink has changed the world. Along the way, participants will sample numerous varieties of tea to experience what different styles are

like and learn how to steep for the perfect cup. There will be plenty of time for sipping, comparing notes, and asking questions.

"Tea has a 4,000 year history," says tea sommelier and Tea Oasis

founder Hillel Bromberg. "There are thousands of types of tea and always more to learn. But at its heart, a good cup of tea is as simple as leaves in hot water. It's an effortless but profound step from mediocre tea in bags to a

superb beverage brewed from loose leaves."

The event is free, thanks to a donation from the Friends of the library. Seating is limited. Please call the library at 617 846-1703 to reserve a spot at the tasting.
