NATIONAL
PRESCRIPTION
DRUG TAKE BACK
DAY COMING TO
EAST BOSTON

On Saturday, April 22, East Boston Neighborhood Health Center (EBNHC) as part of The East Boston Alliance for Support, Treatment, Intervention and Education (EASTIE) Coalition will be supporting National Prescription Drug Take Back Day to help reduce easy access to addictive drugs.

National Prescription Drug Take Back Day aims to provide a safe, convenient, and responsible means of disposing of prescription drugs, while also educating the public about the potential for addiction and misuse of medications. As part of the initiative, EBNHC will be collaborating with Recovery on the Harbor (RoH)

Council approves ZBA changes

By Adam Swift

The Town Council unanimously approved two motions that seek to make the Zoning Board of Appeals more efficient at its meeting on Tuesday night.

The first motion increases the size of the ZBA from six to seven members, and the second adopts Massachusetts General Law to allow associate members to vote on hearings if a full member is absent.

“Both of these give the ZBA the ability to be more efficient and to keep these hearings moving through the system,” said Council Vice President Stephen Ruggiero, who chairs the rules and ordinance subcommittee.

Currently, the ZBA has six members, with three sitting in on any one hearing. The changes expand the ZBA by one member to seven, with five members taking part in a hearing.

With the change under Massachusetts General Law, a request to the ZBA will need four of five votes to pass as opposed to the current system, which requires a unanimous vote of all three members on a hearing.

“This will enable us to have five members sit on a particular hearing, so it gives more flexibility,” said Council President James Letterie. “It gives the associate members, someone not sitting on a hearing but they have been at all the meetings, they are able to step in.”

Letterie said there have

Council set to vote on Revere Street easements

By Adam Swift

The Town Council is expected to vote on the list of temporary and permanent easements required for the Revere Street reconstruction project at its next meeting on May 2.

Town Manager Tony Marino said most of the takings are for sidewalks that residents may or may not know that they own. However, he said there are three or four properties where permanent easements do encroach more on private property that may require a little more negotiation.

Marino said there is a June deadline to get that list of easements to the state for the \$6.4 million state TIPS project that will see the reconstruction of about half a mile of Revere Street.

The project is scheduled to go out to bid this summer, with construction getting underway by next spring.

Marino also provided the council with an update on the commuter ferry, which had its engines replaced. He said the current schedule has the ferry getting its hull cleaned and inspected before going out to sea for a trial run. Marino said he was hoping the sea trial could be done and everything could be done to get the ferry running by the end of the month, but that it depends on the

Council discusses future of public walkways in Town

By Adam Swift

The many public-way walking paths that wend their way through Winthrop can be part of the town's charm, increasing the town's walkability and putting residents in touch with their history.

But many of the paths have also not been properly maintained for decades, and can create privacy issues as they stretch between residents' homes and backyards.

Correspondence read at Tuesday night's by Council President James Letterie set off a short debate among members that is likely to continue at future meetings.

Letterie said he received the correspondence from a constituent near Summit and Sagamore Avenues requesting a discussion about the state of public ways in that area.

“I had received a correspondence quite a while ago saying it was an issue and I talked with the Town Manager and he is looking at trying to resolve this issue,” said Letterie. “There are several public ways throughout the town, and we should be more diligent in monitoring them, but we are also potentially looking into a scenario where we could eliminate them or see if property owners would be willing to take them over, which was a request here that we are looking at.”

Letterie noted that several of the public ways in town are easements that go between people's homes and near their backyards. Because they are

sometimes out of the way, Letterie said those public ways are not always used for the best purposes.

However, several councilors said the town should take a closer look at how those public walkways can be maintained before giving up on them.

“Those walkways were originally installed to access the train stations, and they are part of the charm of Winthrop,” said Precinct 4 Councilor Barbara Flockhart. “I think as a whole, they are well used.”

Precinct 5 Councilor Joseph Aiello noted that some of the public ways are easements on private property, and some are

owned outright by the town.

Overall, Aiello said the public ways increase the walkability and connectivity of the town and that it would be a mistake to get rid of them.

“We do need to do a better job of maintaining them, and that is why we collect taxes,” said Aiello.

Councilor-at-Large Rob DeMarco said he often walks the paths with his daughters, but said he also said he understands the privacy concerns of some residents who live near them.

“These walkways, if they stay, they need to be maintained,” he said. “A lot of them haven’t been

fixed in 70 years or even longer, and I’m not just thinking about the walkway from Revere Street up to Summit Ave., I’m also thinking about the walkway up into the Highlands by the old Century 21 building. Those haven’t been touched, and are actually somewhat dangerous.”

Council Vice President Stephen Ruggiero said the issue deserves a much longer conversation.

Ruggiero added that one of his neighbors had mentioned implementing an adopt-a-pathway program in the town, much like the one used for street intersections.

to offer two neighborhood collection sites to increase community participation in East Boston.

“As we saw in the most recent Boston Indicators report, the COVID-19 pandemic created a community-wide mental health crisis, with corresponding increases in substance misuse, particularly among the Latinx population and other communities that were hit hard by the pandemic,” said Nancy Slamet, Director of the EASTIE Coalition. “Participating in Prescription Drug Take Back Day is an important step everyone in our community can take in preventing and reducing substance use among our youth.”

Together with Drug Free Communities and the MGH’s Center for Community Health Improvement, the EASTIE Coalition works to address the mental health stressors, trauma and inequities that drive East Boston youth and residents to turn to substances as a coping mechanism.

In response to these challenges, EASTIE is taking a strengths-based, healing-centered and systems change approach to foster resilience among youth, families, and the community as a whole. Coalitions across the country that use this approach have achieved amazing results in preventing and reducing substance use in their communities. The EASTIE coalition is confident they can do the same in East Boston, and invites everyone to help make this happen!

Residents can drop off their unwanted medications at the collection sites located at EBNHC’s location at 20 Maverick Square from 10:00 a.m. – 12:00 p.m. and RoH’s location at 983 Bennington Street from 12:00 p.m. – 2:00 p.m. The Boston Police Department (East Boston A-7) and the BPD Drug Unit will collect and dispose of the turned in medication.

As a year-round effort to support drug safety, EBNHC also offers a per-

manent prescription drug drop box in the waiting room of its 10 Gove Pharmacy location.

East Boston Neighborhood Health Center (EBNHC) is one of the nation’s largest Federally Qualified Health Centers (FQHCs) and the largest community health center in Massachusetts, serving over 100,000 patients and recognized by the Health Resources and Services Administration (HRSA) as a Health Center Quality Leader. For more than 50 years, EBNHC has offered access to comprehensive care for the underserved populations of Chelsea, East Boston, Revere, Winthrop, Everett and Boston’s South End. EBNHC is dedicated to promoting and sustaining healthy communities, families, and individuals by providing accessible, person-centered, compassionate, and high-quality health care services to all who live and work in our service area. The town manager also stated that the site plan outlining the potential use for the old middle school could be completed within the next week. Marino also noted that the proposed town budget for Fiscal Year 2024 is now available on the town’s website.

“There will be a formal presentation to the Town Council on May 2 in accordance with the charter,” said Marino.

In other business, the Massachusetts Clean Water Trust Board of Trustees recently announced that Winthrop received a \$4.89 million low interest loan for a drinking water distribution improvements along Revere, Crest, and Grovers Avenue.

The Clean Water Trust, in collaboration with the

state’s Department of Environmental Protection, helps communities build or replace water infrastructure that enhances ground and surface water

resources and ensures the safety of drinking water by providing low-interest loans and grants to local communities.

OUR Opinions

53 EARTH DAYS LATER, OUR PLANET IS FAR WORSE

This Saturday, April 22, will mark the 53rd anniversary of Earth Day, the movement that is credited with bringing the issue of environmentalism into the forefront of public thought and opinion.

To be sure, many of the objectives of the environmental movement since that first Earth Day have been achieved. Compared to 1970, our air and water are cleaner. The haze of smog that hung over our major cities each and every day is not as bad as it was 50 years ago and here in the Boston area, Boston Harbor is an example of the progress that has been attained in cleaning up our waterways.

But despite the visible progress we have made, the overall health of our planet unquestionably is far worse than it was five decades ago. “Climate change” and “global warming” were terms that were unheard of then, but now we know that just about everything we do --driving our cars, heating our homes, producing the food we eat, and making just about everything with plastics -- releases greenhouse gases and other chemicals that are altering our environment with grave consequences for life on the planet.

The wild weather recently in Ft. Lauderdale, in which that city was inundated by 20 inches of rain that brought the city to a standstill, was deemed a “1000-year event” by the National Weather Service.

But the reality is that in 2023, 1000-year events are occurring somewhere every year, to say nothing of 100-year events that are happening almost every month.

The future reality is that carbon emissions will not be coming down anytime soon and even if they do, there is so much heat trapped in our oceans and in the atmosphere that it may be too late to stop the dreaded feedback loop that will accelerate climate change.

Yes, we’re old enough to remember the hoopla that accompanied the first Earth Day, a movement that was catalyzed when a river in Cleveland that essentially was a toxic cesspool caught fire when a spark from the shore ignited the volatile chemicals in the river.

Back in those days, we had hope that things would be better.

We never imagined that five decades later, the degradation of our environment would pose an existential threat to life and civilization as we know it -- but that’s the reality we are confronting in 2023.

LOGAN AIRPORT WAS A BREEZE

We hadn’t flown for a while because of the pandemic and other reasons, so we approached our recent vacation with some trepidation, particularly as we contemplated our air travel.

However, we are happy to report that traversing to, through, and from Logan Airport actually was a pleasant experience. We took the boat to Logan, caught the shuttle bus to our terminal, and made it through security within 10 minutes. Our terminal (Terminal B) was crowded, but not overly so, and there were plenty of seats with outlets for our electronic devices.

Returning home, we found the signage to ground transportation was clear and straightforward as we made our way to the Silver Line -- which, by the way, was free of charge -- in order to get to South Station .

We recently wrote about our travails on the Red Line, in which we highlighted all of the problems facing the MBTA, almost all of which are directly related to a decades-long lack of funding for public transportation at the federal and state levels.

However, in comparison to the other airports we visited during our vacation (JFK and Miami), Logan overall offered a superb experience (including better restaurants!).

So we wish to tip our hat to Massport and the T (which operates the ferry boat and the Silver Line) for their smooth operations at Logan Airport.

Even Massport’s critics (as we have been for decades) have to concede that its various operations are a huge driver of our economy that contribute to our region’s prosperity in countless ways. A smooth-functioning Logan Airport is a key piece of that ecosystem and we are happy to report that our recent experience was a highly-positive one.

Healey-Driscoll Administration highlights 100 days of making Massachusetts more affordable, competitive and equitable

Special to the Journal

Governor Maura T. Healey and Lieutenant Governor Kimberley Driscoll’s 100th day in office was on April 15, and they are highlighting their key accomplishments to make Massachusetts more affordable, competitive and equitable.

In addition to building out a strong team of cabinet members, the administration filed its first budget and tax package that propose historic investments in education, transportation and climate and deliver relief for seniors, renters and families. Governor Healey also swiftly followed through on key pledges, such as establishing a housing secretariat and proposing an expanded Child and Family Tax Credit, free community college for students over 25, full funding of the Student Opportunity Act, one percent of the budget for the Executive Office of Energy and Environmental Affairs and tripling the budget of the Clean Energy Center.

And when faced when a radical ruling from a federal court judge in Texas that threatened reproductive freedom in Massachusetts, Governor Healey took immediate action to protect access to medication abortion in the state.

“As we pass the 100-day mark of our administration, our entire team is just as energized and committed to delivering results as we were on Day One. I’m proud that we hit the ground running, building out a strong Cabinet of experienced, dedicated leaders who share our drive to meet this moment for Massachusetts,” said Governor Healey. “We’ve made important progress on housing, food security, transportation, climate and education, and we’ve brought new voices to the table and gotten out into communities to meet people where they are. There’s much more work to be done to make Massachusetts more affordable, competitive and equitable, but we’ve set a solid foundation in these first 100 days that we will continue to build on in the years to come.”

“100 days goes by in the blink of an eye when you’re busy working for the people of Massachusetts all day every day. We knew when we took office that the challenges before us were daunting, but that there was enormous opportunity as well,” said Lieutenant Governor Driscoll. “We’re proud to have made important strides in making Massachusetts a better place to

live, work, go to school, raise a family and build a future. In the days, months and years ahead, we’re not going to let up steam. We’re going to continue to hustle every day to deliver results for Massachusetts.”

Healey-Driscoll Administration 100 Days Highlights

The Healey-Driscoll administration filed a \$55.5 billion budget proposal and \$750 million tax relief package that builds a strong economy, livable communities, and a sustainable future by:

• Creating a Child and Family Tax Credit, increasing the rental deduction and senior circuit breaker, and reforming the estate and short-term capital gains tax to keep up with other states.

• Creating MassReconnect, which offers free community college to students over 25 years old and expanding Early College and Innovation Pathways programs.

• Dedicating 1% of the state’s overall budget to the Executive Office of Energy and Environment.

• Tripling investment in the Clean Energy Center, which is leading the way in clean energy entrepreneurship, job creation, and home electrification.

• Creating the Environmental Justice Office, led by the Undersecretary of Environmental Justice and Equity, and hiring 14 Environmental Justice Liaisons.

• Establishing a new Education and Transportation Fund to protect Fair Share revenue and maximize this new funding source.

• Fully funding the Student Opportunity Act for K-12 education, the largest dollar-amount increase in Massachusetts’ K-12 schools in state history.

• Notifying municipalities of local aid funding levels early to give them a head start on planning to deploy these funds for residents.

• Freezing the tuition at the University of Massachusetts for four years and freezing fees at other state universities for four years.

• Fully supporting the Commonwealth Cares for Children (C3) to help child care providers keep the doors open and invest in programming and staff.

• Investing in transportation across the state, including MBTA fares program, the Red-Blue connector, West-East Rail, and Regional Transit Authorities.

Governor Healey signed a \$389 supplemental budget for fiscal year 2023 that combines many

of the priorities the administration outlined in three separate bills filed by the Governor, including:

• Investments in C3 grants, MassWorks, the Clean Water Trust, RAFT, broadband infrastructure, a reproductive health services awareness campaign, the NAACP Conference, and support for the public health workforce ahead of the end of the COVID-19 public health emergency.

• Matching grants to compete for federal dollars through the CHIPS and Science Act.

• Funding for the state’s housing shelter system to support families and children.

• Universal school meals through the end of the 2023 school year to make sure kids can focus on learning in the classroom instead of worrying about hunger.

• A three month off ramp for the end of enhanced federal SNAP benefits, providing families with 40% of the previous federal benefit to help keep food on the table.

Governor Healey announced the appointment of a new, experienced transit leader as MBTA General Manager and took steps to improve transparency and address staffing shortages at the MBTA, including:

• Launched an online safety dashboard to provide transparency around the status of FTA special directives, as well as an online speed restrictions dashboard.

• Implemented \$7,500 sign-on bonuses for all eligible positions across the MBTA (Bus Operators, Rail Repairers, Track Laborers, Streetcar Operators, Subway Train Operators, Service Technicians and Fuelers) and proposed \$20 million for recruitment and retention efforts in a supplemental budget.

• Established a technical working group to identify process improvements at CRRC to expedite car delivery and improve safety.

By Executive Order, Governor Healey:

• Appointed the nation’s first cabinet-level Climate Chief to lead the new Office of Climate Innovation and Resilience and established a Climate Cabinet.

• Established a Housing Working Group to examine the structure of the administration’s new Housing Secretariat.

• Established Governor’s Councils on Black Empowerment and Latino Empowerment.

• Reconstituted a historically diverse and talented Judicial Nominating Commission.

• Led the Executive

Branch to conduct equity assessments.

The Healey-Driscoll administration also:

• Joined the multistate Reproductive Freedom Alliance, stockpiled mifepristone and issued an Executive Order protecting access to medication abortion and protection for patients and providers.

• Filed a supplemental budget for fiscal year 2024 that extends universal school meals through the end of 2024 school year and explores how to keep the program running long-term, invests in MBTA hiring, and makes preparations for the end of the COVID-19 health emergency.

• Launched a \$50 million grant program to fund decarbonization retrofits of existing low- or moderate-income residential buildings.

• Created the Office of Federal and Regional Energy Affairs to promote regional cooperation and advocate for advancing the state’s clean energy transition with federal, state, and other stakeholders.

• Created the position of Director of Federal Funds and Infrastructure to drive and support the state and municipalities’ competition for federal funding and convened an Inter-agency Task Force.

• Filed and worked with the Legislature to establish the Executive Office of Housing and Livable Communities.

• Created the position of Director of Rural Affairs to serve as a dedicated advocate and ombudsman for rural communities, responsible for cultivating rural economic development to ensure that state government is attuned to the unique needs of rural communities.

• Appointed the state’s first Secretary of the newly established Executive Office of Veterans’ Services.

• Announced 9 new early college programs including the first partnership with UMass to expand access to Highschools.

• Created the Office of Environmental Justice and Equity and the Office of Federal and Regional Energy Affairs.

• Announced a Director of Data Initiatives to strategize the state’s economic growth and launched a Future Skills awareness campaign to connect talent with employers.

• Established the Municipal Cybersecurity Awareness program to fund 177 cities and towns with cybersecurity training.

been cases where one of the three members sitting on a hearing hasn’t been able to make it to the meeting for a vote, causing a case to be repeatedly postponed.

“It just makes it a lot more fluid, and looking at what other cities and

towns have done, it seems to fall in line,” said Letterie.

Ruggiero noted that allowing the associate members to vote is simply following an existing state statute.

“We are literally just adopting the chapter of the

Mass General Law as another tool to make a more efficient style of government,” he said.

Letterie added that the town did get a legal opinion on the proposed changes, and that a number of questions about the proposal were answered

during rules and ordinance subcommittee meetings.

“This is clearly an example of making government procedure more efficient,” said Precinct 2 Councilor John Munson.

ART 996 - MEMORIES OF REVERE BEACH

Revere Beach, established in 1896 as “America’s First Public Beach”, has always been visited by those of us living in Winthrop who enjoy the seacoast and the many activities it offers. In recent years, the July Sand Castle Contest continues to be one of Revere Beach’s notable events. At an earlier dinner meeting of the Winthrop Improvement and Historical Association, we were fortunate to have Bob Upton, a Revere Beach enthusiast and member of the Revere Society for Cultural and Historical Preservation organization, as our program guest speaker. His talk and slide show was excellent and has inspired the preparation of this article to look at four areas with historical tales from not only his presentation but also from numerous books by Peter McCauley, a Revere Historian, and Joseph Garland who authored books about the life and times along the North Shore during the hundred years from 1880 through 1980. The first area we will look at is the North end of the beach which is called Point of Pines, also known in early days as the “beach with trees” since many trees existed there almost down to the water’s edge. Picture one depicts this area

about 1880. The two hotels shown are the “Goodwood” (previously known as the Ocean View Hotel) and the “Pines”. Behind them is a large open field where in 1881 Charles Thayer began holding reenactments of Civil War Battles, using veteran’s of that war in their uniforms, as well as military presentations of current events, such as England’s Invasion of Egypt. These were attended by thousands who for only fifty cents could ride the NGRR train out from Boston, have refreshments and see the show. It is reported that his final show was a well advertised “head on” collision, at full speed, of two old steam engines in 1904 from which sufficient income was received to buy a new locomotive for the Narrow Gauge Railway Line. Picture two is of the General Edwards Inn, which was located on the site of the previously mentioned Goodwood Hotel, until about 1990 when it was replaced by the current “Point of Pines Condominium” at the North end of the beach. Picture three is the Paul Roger House originally built during the teens by the Episcopal Church as a home for single women with children and called “Mother’s Rest”. It was later pur-

chased by Mayor Raymond Cary and his brother one of whom had two sons named Paul and Roger - - hence the name “The Paul Roger House”. In 1951, they held a huge Roast Beef Dinner and had so much food left that they sliced the remaining meat into thin strips and made sandwiches which they sold on the small lot to the left of the building. Due to the success of this venture the two cooks, Frank McCarthy and Ray Cary Jr. built what is known today as Kelly’s Roast Beef stand on the same corner. The Paul Roger House was later replaced by the Jack Satter House during the mid 1970’s. Picture four depicts the Wonderland Amusement Park when it was located from 1903 to 1909 on the site where the Wonderland Dog Track and adjacent Shopping mall are today. A number of the amusements were subsequently moved over along the beach by the Ocean where many continued to operate until the late 1970’s. Ah yes, fond memories. For those interested in further historical information on Revere Beach, you are invited to visit the website “reverebeach.com” which was founded by Bob Upton.

The Town Council unanimously approved the appointment of Michael Power to the Board of Appeals Tuesday night.

After Boston was devastated by a horrific bombing at the finish line of the 117th marathon, Kate Economides of Blackstrap BBQ felt she had to do something to help. Tuesday morning, Kate called her friend Wendy Millar-Page to help mobilize bringing lunch into Boston. The plan was to serve the multitude of police, fire, EMS and special operation teams to help the heroes that help us. Blackstrap BBQ, Paesans, Nick’s Place, and Paul W. Marks Co. made donations of pulled-pork sandwiches, pizza, organic beef sticks, yogurt, and water. Kate and Wendy were directed to Exeter Street where they set up behind barricades to serve hungry and tired workers. They provided lunch on Tuesday for 150 of Boston’s first responders, who were grateful for a moment to stop, eat, share, and rest.

Energy and Environmental Affairs (EEA) Secretary Rick Sullivan presented the town of Winthrop with a \$169,625 Green Communities grant to fund municipal clean energy projects last week. “Winthrop is now one of the 110 Green Communities across the Commonwealth making smart investments in clean energy,” said Governor Deval Patrick.

Long-simmering tension between the selectmen and the Advisory Committee boiled over at Town Meeting Monday night. What many had thought would be a quick and quiet affair turned out to be neither as the selectmen and Advisory Committee clashed on a number of issues. Of most significance was the decision by Town Meeting members to approve a three percent payraise for all town employees at the suggestion of the selectmen. Advisory Committee Chairperson Carol Demio called the selectmen unprofessional and irresponsible for the manner

in which the payraise was presented to Town Meeting. Selectmen Chairman Robert E. Noonan rebutted by asserting that the Advisory Committee was irresponsible for recommending a budget that did not take into account the first town employee payraises in three years that the committee knew fully well the raises were going to be recommended by the selectmen.

Town Meeting approved a request by the selectmen for a \$900,000 appropriation for the town’s share of the sewer improvement project. In other business, the expected controversy over an article calling for the rezoning of certain land on Belle Isle Marsh to allow for the development of residential apartments never materialized when the article was withdrawn by its sponsors. In other noteworthy action, Town Meeting members unanimously adopted a resolution honoring former long time Town Moderator John L. Murphy Jr. for his many years of service. Murphy stepped down as Moderator last year after being named a superior Court judge by former Gov. Edward J. King.

George Galuris kicks up a burst of sand as he lands his long jump at 16' 1" but finished out of the top three.

WHS SPORTS ROUNDUP

THREE MORE WINS FOR UNDEFEATED BOYS LACROSSE

The Winthrop High boys lacrosse team improved its record to 5-0 with a trio of victories over Northeastern Conference opponents this past week.

Last Monday (April 10), coach Brian Donnelly's squad knocked off Swampscott, 16-11.

Leading the Vikings' offensive attack were Alex Daigneault, who potted five goals and earned four assists, and teammate Robert Rich, who also reached the back of the Swampcott net for five goals and earned two assists.

Ace Daigneault struck for four goals with one assist and Jack Hayes added two goals and three assists. Mike Holgerson earned a pair of assists.

WHS goalie Hunter Fife turned in a superlative game in the net, making 22 saves.

"We had a great game against Swampscott," said Donnelly. "The game was a good battle and the

score was back and forth all game with lots of lead changes.

"Our guys were able to hold onto the lead in the fourth and got a couple goals towards the end to hold onto the lead," Donnelly continued. "Robert Rich has consistently been one of our best players and is an amazing leader. He is a great dodger from up top and creates opportunities for other guys. Alex Daigneault played a 'lights-out' game as well, scoring five goals and off-loading four assists. We had to move Alex down to attack after coming back from a slight injury earlier in the game and his return was a momentum shift as he was able to find the back of the net as well as create opportunities for other guys. Jack Hayes also played a great second half, showing what it takes to step up as a senior leader.

"Our defense played excellently across the board," the coach continued. "Freshman Colin O'Leary had an excellent game covering their best midfielder. Colin was all over the field, and it was a

tough battle trying to shut down their best player and limit his goals. Welvis Acosta also played fabulously with some huge ground balls and clears that helped us maintain possession of the ball and lead to some points. Hunter Fife also had some huge saves and continues to be super strong for us in goal. He gives the team a level of confidence that is invaluable during peak mo-

WHS SPORTS THROUGH THE YEARS

Maura Lanza tossed a brilliant three-hitter to pace the Winthrop High softball team to a 2-0 victory over Boston Latin last Thursday in the opening game of the North End tournament held in Woburn. Lanza was in command all the way, fanning seven enemy batters and walking none. Her teammates played solid defense behind her and gave her all the runs she would need in the second frame. Liana Ferullo led off with a base hit, after which Lanza and Kelly Swanson both bunted and reached on Latin errors, the latter allowing Ferullo to come home with the first run of the game. Amanda Pelletier successfully laid down another bunt which brought in Lanza with what would prove to be an insurance run.

The Winthrop High baseball team put together a complete game on the mound, in the field, and at the plate to roll to a 9-5 win over Marblehead last Wednesday. Viking starting pitcher Chris Fucillo gave coach Frank DeMarco's squad a strong performance, going six full innings to pick up the victory. Steven Goddard came on in the seventh when Fucillo began to tire to record the save. Brendan Van Dalinda enjoyed

a big day at the plate with three hits and three RBI. Zack Mills continued his torrid hitting with a double, a triple, an RBI, and a run scored. Ben Spinazzola went 3-for-3 with a run and Mike Rich led off the game for Winthrop with a double and scored the first Viking run. Three days later the Vikings traveled to Austin Prep for a game in which Goddard took to the hill and tossed a superb four hitter over the full seven inning route, yielding just two earned runs while fanning five. However, the Viking bats were silent, managing just three hits on the day, and the end result was a 5-0 loss. The Vikings then trekked to Saugus. David Kirby got the starting nod and turned in his second straight fine effort (and fourth consecutive strong outing for Winthrop starting pitchers). David went into the sixth inning before coming out with the score at 4-3 as he approached the 100 pitch count. However, Saugus erupted for four more runs in that frame to pull away for an eventual 8-3 triumph. Kirby was 2-for-2 on the day with two walks, a run, and an RBI and Van Dalinda had two hits and a run.

20 years ago April 23, 2003

Junior Josh Asquith

tossed a five-hitter and fanned six to lead the WHS baseball team to a 9-1 win over East Boston. Freshman Jarrett Herdt had two hits and scored two runs; Matt Driscoll had two hits and an RBI; and Anthony Fucillo banged a two-RBI base hit to pace the Viking offense.

The Winthrop Youth Hockey Pee Wee girls hockey team captured the Route 1 hockey tournament recently to cap a memorable season. Among the team members are Jillian Dempsey, Chelsea Goll, Vanessa Caruccio, Alex Smith, Katie Caruccio, Laura Howard, Rachel Malhiot, Desirae Trainor, Janelle Ferrara, Nicole Ferrara, Ashley Fiandaca, Erica Higginbotham, Caitlin Leslie, and Sarah Clewer.

Winthrop resident Ruth Porter Bernstein was inducted into the Brandeis Hall of Fame this past weekend. She played on the first Brandeis women's team in 1953-54 and played on the undefeated 1955-56 squad, all of whose members were inducted into the Brandeis Hall.

30 years ago April 29, 1993

Mike Mason hurled a four-hitter to lead the WHS baseball team to a 2-0 win over Marblehead. The Vikings last met Marblehead

in the state tourney last season when Marblehead pulled off a major upset of Winthrop and then went on to win the state championship. A triple by Danny Godfrey followed by doubles by James Faretra and Jeff Sablone accounted for the two Winthrop tallies.

The WHS boys tennis team took the measure of Lynn English and Beverly this week. Mike DellOrfano won both of his matches at first singles. Sean Fertal won both of his contests at third singles. Doubles winners were the tandems of David Pennybaker and Kim Milligan and John DeCost and Chris Ford.

The WHS boys track team forfeited its meet with Gloucester when Coach Pat McGee pulled her team from the track because of what McGee deemed dangerous conditions after a torrential downpour which occurred early into the meet.

The softball team earned its first win of the season with a 31-4 rout of Marblehead. Lady Viking freshman Jamie Mazzone had four hits and seven RBI.

40 years ago April 27, 1983

The WHS softball team rolled to its seventh straight win with a thrilling, come-from-behind victory over Lynn Classical, 12-10. Winthrop

trailed 9-2 after four innings, but roared back to hand the defending NEC champion Lady Rams their first loss of the season. Lisa Monteleone delivered the key blow of the game, a grand-slam homer in a nine run Winthrop fifth inning.

Winthrop Little League will open its season May 1 with the traditional parade of Little League ballplayers.

The annual Michael's Mall Road Race is set for this weekend. The race is held over one of the few certified 10K courses in New England.

The boys track team improved to 2-1 with a 69-58 win over Marblehead. Junior Steve Staffier captured the 100 yard dash and anchored the winning 440 relay team. Junior Paul Mazzone sewed up the Viking victory with a triumph in the 220 yard dash.

The girls track team is set for a showdown for first place in the NEC with Swampscott tomorrow.

50 years ago April 25, 1973

Junior righthander Kevin Lydon tossed a shutout to give new WHS baseball coach Ed Nazzaro a winning start to his coaching career in a 1-0 win over Swampscott.

Paul McGee set a new WHS record in the 880 with time of 2:01.5 to highlight a lopsided 101-21 victory for the Viking track team over Lynn English.

New WHS tennis coach Ron Spinney missed out on his team's match with Malden this week as he awaited the arrival of his daughter, Elizabeth, at the Beth Israel Hospital. Winthrop dropped the contest, 3-2.

50 years ago April 25, 1963

Matt Boyle's track team proved to be the only highlight for WHS sports teams in their opening week with a win over Danvers. Neither new tennis coach John Domenico nor his successor as baseball coach, Jack Conway, enjoyed success in their debuts with shutout losses to Marblehead.

A weary but happy Winthrop High basketball team returned to Winthrop Friday evening after their three-day, whirlwind educational trip to Washington, D.C., that was highlighted by a visit with Atty. General Robert F. Kennedy in his office, where the President's brother congratulated the team on their Class B Tech tourney championship.

ments."

Three days later, the Vikings rallied from a 9-5 deficit in the final period to post an 11-10 victory at Beverly in which Ace Daigneault scored the game-winning goal with 30 seconds left to play.

"This was an amazing team win," said Donnelly. "Our defense played excellently and we were able to shut down some of their key players in the fourth period. Hunter Fife has been fantastic and has kept us in every game. With him in net, he gives the rest of the team confidence in any situation. Robert Rich continues to be a massive playmaker in important situations. His ground ball game and on-field leadership is massive."

This past Monday, the

Vikings made the long bus trip to Gloucester a worthwhile journey for their effort on the Patriots Day holiday, returning home with a 10-7 triumph over the Fisherman.

"We beat Gloucester in a tough one," noted Donnelly. "The game was pretty chippy and we were able to hold on for the win."

"Overall, the coaching staff is really happy with the direction we are headed in," Donnelly said. "We just need to continue to focus on fundamentals and trust our systems. The whole team is coming together and putting some impressive lacrosse together. We have a tough one against Danvers that the guys have been prepping-for. We are really happy going 5-0 into the middle of our season."

The Vikings will entertain Danvers this morning (Thursday) at 10:00 on the turf at Miller Field and will host Northeast Regional next Tuesday at 5:00. They will trek to Peabody next Thursday.

WHS BASEBALL TEAM TO HOST GLOUCESTER, CARDINAL SPELLMAN

The Winthrop High baseball team will host a pair of morning contests to close out their vacation week. Coach Mark DeGregorio and his squad will entertain Northeastern Conference (NEC) rival Gloucester tomorrow (Friday) and non-league opponent Cardinal Spellman on Saturday. The opening pitch for both en-

counters is set for 10:00 at Veterans Field.

DeGregorio and his crew, who were 3-2 on the season entering their game at Saugus yesterday (Wednesday), are coming off a 5-1 victory over NEC rival Swampscott last Friday.

They will entertain Salem at 4:30 next Wednesday and will trek to Peabody next Thursday.

WHS GIRLS LACROSSE HOSTS PEABODY NEXT THURS.

The Winthrop High girls lacrosse team will host Northeastern Conference (NEC) rival Peabody next Thursday (April 27) on the turf at Miller Field. The opening draw for coach Emma Marrs and her crew is set for 4:00.

The Lady Vikings will be seeking to get back on the winning track this week after a pair of recent losses to NEC rivals Beverly (14-4) and Gloucester (7-1).

"We had a tough first half against Beverly," said Marrs, whose squad trailed 9-0 at that point. "However, in the second half the score was 5-4 and it was awesome that we were able to hold them to only five goals. The girls worked really well together. Our draw looked awesome, as well as our

transitions. We also had our JV goalie in net, Emily Maddalone. Emily had an awesome game, saving six shots on net."

Hannah Parker led the WHS offense with two goals. Teammates Kailey Sullivan and Talia Martucci also reached the back of the Beverly net with a goal each.

"Gloucester also was tough," noted Marrs. "We had a tough time clicking all game. We faced challenges against Gloucester's zone defense, but we are really looking forward to making adjustments during practice and seeing them again later in the season. We also had a new goalie in net, Tegan Pereira. She stepped up big this week with both of our goalies away and offered to take on goal. Tegan made 10 saves, which is pretty incredible for never having played in net before."

Kira Diaz scored the Winthrop goal.

Marrs and her crew travel to NEC rivals Danvers today (Thursday) and Saugus on Monday before returning to Miller for next Thursday's tilt with Peabody.

VIKING BOYS WIN FOUR EVENTS IN MEET WITH PEABODY

Although the Winthrop

High boys outdoor track and field team came out on the short end of their meet with Northeastern Conference powerhouse Peabody last week, there were a number of notable performances by the Vikings.

Nick Cappuccio took first place in two events, the high jump with a leap of 5'-6" and the 100 meter dash with a sprint of 11.2 seconds.

Teammates Daniel Guaque and Thomas D'Amico also took first in their respective races. Daniel won the 200 meter dash with a time of 25.16 and Thomas captured the two-mile run with a clocking of 12:37.4.

Also adding points to the WHS scoresheet with third-place finishes were George Galuris with a javelin throw of 122'-7" and Benjamin Prew in the 400 hurdles with a time of 70.8 seconds.

On the girls' side, Jillian Buonpane scored six points with a pair of second-place performances in the 400 hurdles and the 400 dash. Shannon Abbott took third place in the high jump with a leap of 4'-6" and tied for third in the 110 high hurdles in a time of 20.4. Reese Brodin took third in the 200 dash in 30.5 and Gabrielle Cutter grabbed third in the 400 hurdles.

Thanks to the heroic work of our firefighters, both the regular men and our energetic call force, a disastrous conflagration was averted in the Highlands. Neighbors discovered the fire, which was in the St. Dennis Apartments, 9 Cliff Avenue and 95 Quincy Avenue, where Upland Road, Quincy Ave., and Cliff Ave. all intersect to form a five point corner. There were about 50 people bedded down for the night in the 15 units. A dozen thrilling rescues were made, but there were several frantic tenants who threw themselves out of windows. They were taken immediately to Winthrop Community Hospital for treatment of their broken bones and other injuries.

Winthrop police officer LeRoy Coffin received praise for his efforts in nabbing two young men, both residents of East Boston, who had broken into Stover's Drug Store, corner of Shirley and Sturgis Sts., early Tuesday morning. George Wendell, who lives across the street from the drug store, assisted Off. Coffin in apprehending the young men.

WINTHROP CATHOLIC WOMEN’S CLUB CHARITY BOWL RAFFLE DRAWING

Cary Shuman Photos

The Winthrop Catholic Women’s Club (WCWC) held its annual Charity Bowl Raffle Drawing Monday night.

President Fannie Massa said the proceeds from the fundraiser will go toward the presentation of individual \$500 scholarships to five graduating high school seniors, and to the Club’s continuing efforts in assisting the Winthrop Food Bank and other charitable causes.

Massa said the WCWC has been in existence for 103 years and there are 81 active members of the Club.

The next event is the Scholarship Awards Night on Monday, May 15.

Front row are Joann Burke, Patty Moscatelli, and Ethyl Hellender. Back row are Heather Martin, Maureen Ford, Barbara Survilas, and WCWC President Fannie Massa.

Front row are Rita Driscoll and Patricia Sullivan. Back row are Nancy Kilmartin, Donis Santana, and Christine Lynch.

Front row are Alice Haskell and Adele Cutillo. Back row are Barbara Matarazzo, Pauline Frati, Ann Carver, and Beth Butler.

The officers of the Winthrop Catholic Women's Club are pictured at the Charity Bowl fundraiser Monday night. Front row are President Fannie Massa and Alice Haskell. Back row are Ethyl Hellender, Event Chairperson Carol Pizziferri, Maureen Ford, Adele Cutillo, and Patricia Sullivan.

Front row are Mary Ann Andre and Claire Colvario. Back row are Philippe Doucet, Belinda Borrelli, and Florence Guidara.

Doing a great job as coordinator of the raffle drawing are Donna Dreeszen, assistant director of the Revere Veterans Services Office, and Carol Pizziferri, chairperson of the Charity Bowl.

Enjoying the Winthrop Catholic Women's Club Charity Bowl are Mary Hodgkins, Mary Hagan, and Elaine Sullivan.

NE Metro Tech student athletes lend a helping hand at Revere Food Pantry

Special to the Journal

Superintendent David DiBarri is pleased to announce that Northeast Metro Tech's Student Athlete Leadership and Mentoring Program (SALM) recently helped prepare and distribute food at the Revere Food pantry.

On Wednesday, April 12, a dozen student athletes from Northeast Metro Tech, along with Teacher Sarah Pierce, visited the food pantry to help prepare, bag and distribute food for those in need.

The Student Athlete Leadership and Mentoring Program includes team captains and leaders who learn about leadership, accountability, commitment, discipline, and empathy, while also participating in a leadership council and community service opportunities. The goal of the program is to teach student athletes to make an impact over the course of decades, and not just during their four years at Northeast.

The students who contributed at the Food Pantry are Gianna Scoppetiuolo, Sofia Giraldo, Mike Sou-

sa, Alex Moneretto, Aidan Jones, Mikey Follis, Cam Correa, Emelly Acevedo, Sam Cubas, Briana Boccelli, Marisa Boccelli, and Ethan Crespo.

SALM will be sending another team of students to help next Wednesday as well, and other shops may soon join the efforts.

"Our student athletes were so excited and proud to participate in this program, and we've now had more student athletes, as well as several shops, ask about the possibility of helping out more in the future as well," said Athletic Director Donald Heres. "I

Student athletes who are part of SALM pose for a group photo while helping out at the Revere Food Pantry.

am proud of these students for being so eager to help their fellow community members."

"Teaching our students

to be upstanding citizens who contribute to the communities around them is a major part of our efforts here at Northeast Met-

WINTHROP MARKETPLACE

ASPARAGUS, LEMON, & MINT SOUP

INGREDIENTS:

• 1 pound fresh asparagus, trimmed

• 1 tablespoon olive oil

• 1 shallot, chopped

• 1 tablespoon chopped fresh mint

• sea salt and freshly ground black

pepper to taste

• 2 cups chicken stock, or more if needed

• 1 teaspoon lemon zest

• 1 hard-boiled egg, chopped (optional)

DIRECTIONS

STEP 1: Cut tips from 6 asparagus spears, about 1 1/2 inches from the top; reserve for garnish later. Chop the remaining asparagus into chunks.

STEP 2: Heat olive oil in a soup pot over medium heat; cook and stir shallot in the hot oil until softened, about 3 minutes. Add chopped asparagus; season with mint, salt, and pepper. Cook until asparagus are slightly tender, about 3 minutes.

STEP 3: Pour chicken stock into asparagus mixture; bring to a boil. Reduce heat and simmer until asparagus are tender, 12 to 15 minutes. Stir in lemon zest.

STEP 4: Blend soup using a hand blender or a food processor until smooth.

STEP 5: Bring a small pot of lightly salted water to a boil; cook asparagus tips in the boiling water until just turning bright green, about 2 minutes. Strain asparagus tips and run under cold water to stop the cooking process. Garnish soup with asparagus tips and if desired hard-boiled egg

Why early detection of Lung Cancer is so important

Lung cancer is the leading cause of cancer death in the United States. While early detection can vastly improve a patient’s chances to lead a full and healthy life, the majority of those who are high risk are not getting screened.

The American Lung Association, which is committed to defeating lung cancer and supporting those with the disease, is sharing vital information to help more people learn their risk and connect them to screenings and other life-saving resources:

Preventable Deaths

According to the 2022 “State of Lung Cancer” report, a mere 5.8% of Americans eligible for a low-dose computed tomography (CT) scan were screened. A low-dose CT scan is a special kind of X-ray that takes multiple pictures as the patient lies on a table that slides in and out of the machine. A computer then combines these images into a detailed picture of the lungs. Studies estimate that if even just half of the approximately 8 million Americans identified as high risk for lung cancer were screened with a low-dose CT scan, over 12,000 lung cancer deaths could be prevented. In fact, since low-dose CT scans started to be used for screening, it has reduced cancer deaths by 20% and it has reduced deaths from other causes by almost 7%.

Risk Eligibility

Many people who are at risk for lung cancer and are eligible for screening are not identified and are not referred for screening. Under the most recent lung cancer screening guidelines, those ages 50-80 who have a 20 pack-year smoking history or who have quit smoking in the past 15 years should get screened for lung cancer.

The American Lung Association offers a helpful tool for determining your eligibility for screening, found at www.SavedByTheScan.org.

Eliminating Racial Disparities

It is especially important for Black men and women to speak to their health care provider about their risk and get screened if necessary, as they are more likely to develop lung cancer and less likely to survive five years with the disease than people of any other racial or ethnic group.

Research suggests that Black Americans have a higher baseline risk for developing lung cancer -- Black American smokers get lung cancer at least 20% more often than other people who smoke. Furthermore, systemic racism and injustices and issues continue to persist in the healthcare system, and Black people and other communities of color are less likely to be diagnosed early, less likely to receive surgical treatment, and more likely to not receive any treatment at all.

Fighting Barriers

Despite the fact that lung cancer screening is extremely effective at improving life expectancy and has the potential to dramatically improve lung cancer survival rates, many patients are not getting screened, even when they have a referral from their doctor to do so. The reasons for low screening adherence range from practical concerns, such as financial and transportation barriers, to more elusive issues like distrust of the medical system and lack of awareness regarding the seriousness of the disease.

Emerging resources are helping eliminate these barriers and are making it easier for people to assess their screening eligibility, locate screening centers, schedule appointments, and receive financial assistance if they don’t have insurance or transportation. Free tobacco cessation resources and other lung health resources also exist to help people to reduce their risk. THE THIRD ANNUAL DOUG FLUTIE JR. AUTISM AWARENESS HOCKEY FUNDRAISER
SPONSORED BY THE WINTHROP POLICE DEPARTMENT

The Winthrop Police Department, long known for its support of community events, held its Third Annual Doug Flutie Jr. Autism Awareness Hockey Fundraiser April 15 at the Larsen Rink at the Mike Eruzione Center.

Teaming up with the Winthrop Fire Department and many local skaters aka the Winthrop All-Stars, a hockey game at Larsen Rink was a no brainer. All proceeds have been and will continue to go to the Doug Flutie Jr. Autism Foundation.

Last Saturday at Larsen Rink the game took place, tee shirts and patches were sold and everyone that contributed in any way walked away a winner. Thanks to the continued efforts of WPD Lt. Steven Rogers, Lt. Mary Crisafi and Detective Samantha Ferrino, the Winthrop Police Department will rank high in goodwill and if history repeats itself for the third time, the WPD will
