SUCCESSFUL WINTHROP REPUBLICAN TOWN COMMITTEE "CANDIDATES NIGHT"

On Tuesday October 24 the Winthrop community got a chance to evaluate their potential town representatives as the Winthrop Republican Town Committee (WRTC) hosted another Candidate's Night. Every candidate for every town office was invited to participate in this nonpartisan event, and every participant displayed knowledge and commitment to community issues.

The format of the evening was all candidates had an opportunity to address the audience and present themselves and their platform. Next the School Committee and Town Council Candidates answered two questions presented to them from Moderator Cheryl Fiandra-

Schools receive state earmark funds for ELL programs

By Adam Swift

State Senator Lydia Edwards has helped the Winthrop Public Schools secure \$250,000 in state earmark funding that will help fund ELL programs and other services in the schools.

"(School Committee Chair Jennifer) Powell and myself spent quite a bit of time with Senator Edwards talking to her about the state of our schools when it comes to ELL (English Language Learn-

er) students and the work that is expected of us by the Department of Education," said Superintendent of Schools Lisa Howard.

Howard said schools in Winthrop and across the state have had difficulty in hiring ELL staff in the face of the rising number of ELL students.

"So doing some strategic work and laying out what we thought we needed," Sen. Edwards advocated for us and that earmarked funding was granted," said Howard. "It is coming in a little different form than we thought, so we were advised two or three weeks ago that we actually had to write like a grant proposal to write exactly what we are going to be doing with that money, and it works in a reimbursement manner."

Howard said she has been working with the

state and Edwards on how the schools will be using those funds.

"We want to be strategic about it, and we want to make sure we can provide the reimbursement documentation we need in order to receive the funds," said Howard.

Howard said she was expecting to have the documentation process ready within the week in order to receive the first round of money from the earmark funds.

One of the biggest items in the earmark is to support the opening of a parent information center at the Gorman Fort Banks school that will provide translation services and assistance for parents looking to register their children for school.

Howard said some

Town election set for Tuesday

By Adam Swift

Town officials are expecting a healthy turnout for the town election on Tuesday, Nov. 7.

Town Clerk Denise Quist and Town Council President Jim Letterie said they expect that about 40 percent of the town's 13,816 registered voters will make it to the polls on Tuesday.

This year's election is topped by a debt exclusion override question for the building of a new fire station at the location of the Wadsworth Building and Kirby Funeral Home. The total cost of the project is expected to fall between \$36-\$40 million.

Letterie noted that the town has moved forward with a number of major building projects over the past several years, including three schools and a new football stadium. He

said that while no projects are perfect, they were the right projects for the time.

"The fire station project might not be the perfect location for some folks," Letterie said. "But if people feel we need a new fire station, I'd suggest they support the project."

Project costs will only continue to go up the longer the town waits to build a new fire station, Letterie said.

"It's not going to be cheaper to build anywhere else, regardless of where it is," Letterie said. "Our firefighters deserve to have a facility that meets 21st century standards. They protect us and we need to protect them."

There are also four questions on the ballot recommending changes to the Town Charter.

Letterie said he consid-

LOOKING AT THE BALLOT QUESTIONS

DEBT EXCLUSION BALLOT QUESTION FOR PROPOSED FIRE STATION

Shall the Town of Winthrop be allowed to exempt from the provisions of proposition two and one-half, so-called, the amounts required to pay for the bonds issued in order to pay the costs of acquiring property and the construction of a new Fire Station Building to be located at 210-224 Winthrop Street, Winthrop, including the payment of costs related to studying, planning and designing the project, demolishing existing buildings, equipping and furnishing the building, making site improvements, and all other costs incidental and related thereto?

a temporary increase, in this case for 30 years, in the levy limit. The debt is excluded from (that is, exempt from) the levy limitations of Proposition 2½.

A No vote will not authorize the town to exclude the debt from the levy and will be held to the limitations required by Proposition 2½ in which case the town will not be able to build the fire station, or will need to bring forward a new or the same ballot question seeking authorization to override the Proposition 2½ limit at a future town election.

CHARTER BALLOT QUESTIONS

Recommendation No. 2: Should the Abandonment language in Section 2-1(d) be changed from missing more than half of the meetings over a one-year period to either: (1) three consecutive regularly scheduled meetings of the full council, or (2) by failing to appear at 50% of the regularly scheduled meetings of the full council over a three-month period?

A Yes vote would consider the Council member as abandoning office if missed 3 consecutive meetings over the first three months in lieu of the first year in office.

A No vote would not change the language of the Charter Section 2-1(d)

Recommendation No. 5A:

Should the Charter be amended to add a provision that will allow for the recall of an elected official

through a citizen's initiative?

A Yes vote would amend the Charter and allow the citizens to participate with a petition with 10% signatures of registered voters requesting this person be removed from office with substantial reasoning.

A No vote would not affect the Charter which currently contains no provision for a recall petition.

Recommendation No. 6:

Should the Charter be amended to include that, if there is a dispute between this Charter and Council Rules, Charter is binding.

A Yes vote would include in the Charter that if there are any conflict between the Charter Language and the Language contained in the Town Council Rules, the Language contained in the Charter would prevail.

A No vote would not affect the Charter.

Recommendation No. 9:

Should the Charter Section 7-8 be amended to change the time in which the Town Council may adopt the budget 'from a 45-day following the date that the proposed budget was received' to 'not less than 15 days prior to the start of the fiscal year.'

A Yes vote would allow the Town Council & Town Manager additional time to review the budget for the next fiscal year while allowing a Capital Plan with a more sufficient time frame for review.

A No vote would not affect current Charter Section 7-8

COURTESY PHOTOS

The photo shows a rendering of the proposed fire station. The station would be set back 100 feet from the sidewalk and the apparatus would be able to completely leave the station and still sit on the footprint of the property.

The picture give a depiction of what the whole site, including the police station, would look like in a future phase 2, creating a complete public safety facility

Summary:
The town council has determined that it is necessary to construct a new, centrally located fire station in the town. The new station will replace the two existing stations that will be deactivated upon completion of construction.

A Yes vote will authorize the town to fund all of the costs of building the fire station, anticipated not to exceed forty (40) million dollars, by issuing bonds to pay for the costs of the project and to temporarily exclude that amount of debt from the provisions of Proposition 2½. This is what is called a "Debt Exclusion." In other words, a debt exclusion is a means of funding a particular project with

ers Recommendation #9 the most important of the charter questions. He said a positive vote would create greater transparency in the town budget process.

There is also a contested at-large council race that is expected to draw in voters on Tuesday.

Max Tassinari is facing Todd Sacco in the race for the at-large seat.

In Precinct 2, incumbent councilor John Munson is being challenged

by Kurt Millar and Marc Chapdelaine.

Letterie is running unopposed for another term as Town Council President.

Suzanne Swope is running unopposed in Precinct 4 and John DaRos is running unopposed for the Precinct 6 council seat.

School Committee candidates on the ballot are Layne Petrie, Zachary Purinton, and Gus Martucci.

Frank Ferrara, John

Tranfraglia, and Roseann Trionfi-Mazzuchelli are on the ballot for the Housing Authority and Anne Ferreira is a candidate for library trustee.

Polls are open from 7 a.m. to 8 p.m. on Tuesday, Nov. 7. Voters in precincts 1, 2, 3, 5, and 6 will vote at the Old Middle School. Voters in precinct 4 will vote on Golden Drive.

two must masquerade as one another until they are able to solve the dilemma before Katherine's wedding the next day.

"They go through challenges that they have to face," described sophomore, Josie Barry, who plays Ellie. "It builds their relationship."

The mother and daughter come to appreciate the other's struggles and realize the boundless love and respect that they have for each other.

"I really like my part," said senior, Sarah Delehanty, who plays Katherine. "I was excited to find out that I was playing the mother. Katherine is uptight, neurotic, and very particular. She knows what she wants. When she switches with her daughter, she is more loosey-goosey."

Delehanty is a fan of Jamie Lee Curtis, who portrays the mother in the 2003 Disney movie. She and Barry collaborated closely to perfect the physicality of their characters so that audiences will understand the body reversal.

"I love working with Sarah," said Barry. "It was fun challenging myself."

Barry, who finds it difficult playing an adult character, is a fan of Lindsay Lohan, who plays the daughter in the 2003 Dis-

ney version. "I love the dance numbers," Delehanty smiled. "I think they're so fun. It's silly choreography."

Watching the play come together is the most fulfilling part of participating in "Freaky Friday" for senior, Zineb Belghiti, Stage Manager. Belghiti oversees every aspect of the production's development. From communications to the technical department and rehearsals, Belghiti is taking notes for the 30 cast and crew members.

"I see the actors' side of things; but I've also seen the set designed and built," explained Belghiti. "I think that's the most beautiful part of it."

The set is a series of interchangeable scaffoldings for various scenes such as high school lockers, a kitchen, and the wedding.

A team of costumers gather existing outfits from the Drama Society's collection; but actors are also self-costuming from their own closets, since the characters are mostly teenagers.

"Through self-costuming, we can add our own, personal aspects, which is important," added Barry.

Audiences will also view scenes that are not from the original movie, such as a scavenger hunt during the search for the determining item that

will return the mother and daughter to their true bodies.

"It's really funny, but it's also a nice story that people of any age could enjoy," said Belghiti. "People know the plot, so it's interesting to see a different take on it. The biggest difference is how they personify their characters. Each person puts a little bit of themselves into it."

"Freaky Friday" tickets cost \$15 for adults, \$10 for students/seniors, and can be purchased at www.WinthropDramaSociety.com.

OUR Opinions

GET OUT AND VOTE ON TUESDAY

Many of us view local government in the same way that we think about the weather: Everybody complains about it, but nobody does anything about it.

However, unlike the weather, there actually is something we can do about the future direction of our local government: We can get out and vote.

We've always found it ironic that the turnout for national elections far exceeds the turnout for local elections. Local government has a much more direct impact on our daily lives than what happens in Washington. Our local government officials are responsible for just about everything that affects the quality of life in our communities, including our schools, public safety departments, trash collection, snow removal, street repair, etc., etc., etc.

Local governments are holding elections across the state this Tuesday, November 7. We urge all of our readers to take the time to get out and vote in order to elect the leaders in our community who best will reflect our values and goals for ourselves and our families.

HOUSE DEMOCRATS: TOTAL FAILURES

It is clear that the decision by the Democrats in the House of Representatives to allow a small band of narcissistic and anarchistic Republicans, led by the odious Matt Gaetz of Florida, to throw the Congress (as well as the country and the world) into chaos when they sided with Gaetz's small band of fellow GOP anarchists to remove former House Speaker Kevin McCarthy has completely backfired.

It is axiomatic in politics that you always should have a plan (with a desired end result) before embarking on a course of action. But with the unanimous election last week by the Republicans of little-known Louisiana Congressman Mike Johnson to the speakership after three weeks of dysfunction, it is obvious that House Majority Leader Hakeem Jeffries and his team had no plan or strategy of any kind.

Sure, they were able to gloat for a few weeks while the Republicans stumbled and fumbled, but in the final analysis, the Democrats ended up with the worst of all possible outcomes: The Republicans now are completely united and Congress has a Speaker (a position that is second in line to become president) who is so far right-wing, that he is somewhere out in the proverbial left field on just about every issue imaginable. In addition, Johnson was a staunch supporter of Donald Trump's efforts to undermine the election and has gone on record as opposing further military aid to Ukraine.

Sometimes -- SOMETIMES -- politicians have to put the good of the country above their party's perceived short-term political gain. Yes, Kevin McCarthy was a sniveling snake, but he did do the right thing in June to craft a compromise with Joe Biden to raise the debt ceiling and then again in September to pass a short term budget deal that averted a government shutdown.

Democrats complained that McCarthy could not be trusted and that he's a liar (all of which is true) — but really? All politicians are less-than-truthful to some extent, from Joe Biden on down — do they think the people don't know that?

In short, the Democrats "strategy" of just standing by and allowing McCarthy to fall has turned out to be a total disaster, with the immediate beneficiaries of their inaction and their miscalculations being Donald Trump and Vladimir Putin.

The Democrats forgot a cardinal rule of politics: The enemy of my enemy is my friend, as well as a cardinal rule of life: The devil you know is better than the devil you don't.

VOTE NO ON THE FIRE STATION

Dear Editor,

At a cost of \$36 - \$40 million, the Town of Winthrop is asking us to approve an increased Fire Engine response time to much of Winthrop, including the area between Winthrop Shore Drive and Veterans Road, and Point Shirley. If approved, this will add \$423 in Property Tax per year for 30 years to a house valued at \$580,000.

By eliminating the Shirley Street Fire Station we will have to rely on service from the new combined station on Winthrop Street, adding several minutes to the response time. This can make the difference between having a fire contained to one room, or having your house burn down.

Many taxpayers are barely making ends meet, and many are in heavy debt. Don't add to it. VOTE NO on November 7.

Yours Faithfully,
John O'Gorman

Dear Editor,

In the October 19th issue of "The Sun Transcript," Winthrop's Chief Veterans and active military advocate, Richard D. Honan, officially retired from his 21 years of volunteer service. That service entailed designing,

preparing, and shipping military care packages and Christmas Tree care packages to service men and service women in all five branches of the military around the world.

I remember two occasions when our Winthrop Mixed Lodge #2057 Order Sons & Daughters of Italy in America helped Richard load up the boxes in assembly line fashion in his Crest Avenue sign-making shop. In fact, Honan, a 1969 US Army Vietnam Veteran, made a point to thank all who helped him donate goods, pack them, or pay for postage to deliver the care packages to our troops.

I thought it important, Dear Editor, to publicly thank and acknowledge Richard D. Honan for the smiles, little comforts, and student letters he sent to our deployed military men and women in seven continents. Thank you, Richard, and thank you for letting some of us be a small part of your giving and your far-reaching love and support for our armed forces.

Sincerely,
Donna Segreti Reilly

POPE FRANCIS

Dear Editor,

Our world was put on notice by Pope Francis recently in two seemingly different but related ways. Perhaps we should listen.

On climate change he reminded us of the accelerating threat to our planet

in a document addressed "to all people of good will on the climate crisis", issued on Oct. 4th. An article on the U.S. Conference of Catholic Bishops website described the Pope's document as a "severe rebuke" of resistance regarding the climate crisis, in which he criticizes science deniers. Indeed, we are seeing the early damages - terrible storms, massive fires, flooding, failed crops and people migrating away from the poorest and hottest places on earth. If humanity is to continue to thrive we must band together or we will be further divided by what is to come. We must "have the courage needed to produce substantial changes" wrote Pope Francis.

On the human condition Francis called on us to come together in human fraternity. He has long emphasized that the central element needed to bind us together is "Tutti" (for those not of Italian extraction- the phrase is often used as instruction for the chorus and all of the instruments to join in and play together). He instructs us to set aside our differences by ethnicity, sex, race, philosophy, and more, and include everyone in order to seek the peace and common ground required for a kind and sustainable world.

Let's follow his guidance. I am delighted he is the Pope.

VOTE NO ON THE FIRE STATION

Dear Editor,

On behalf of the Officers and Board of Directors of the Winthrop Improvement & Historical Association (W.I.H.A.) we unanimously oppose the fire station going in on the Winthrop Street, designated historical district.

We agree with the statements made in last week's Winthrop Sun Transcript by Richard Ferrino of the Winthrop Historical Commission. We want nothing but the best for the Winthrop Fire Department. They certainly deserve a new facility, but not at the cost of Winthrop Street's significant architectural structures.

The concern at WIHA is regarding the proposed destruction of the Wadsworth and Kirby buildings. One of our goals is to identify and encourage preservation of places and structures throughout the Town for future generations. If these two buildings are razed, we will lose a part of Winthrop's rich past that is impossible to get back.

One of the many reasons people love Winthrop is for its small-town charm. Let's not systematically lose the Winthrop we know and love.

Sincerely,
Michael Herbert

News from the WIHA Garden Club

Story & Photo by Marianne Salza

Winthrop Improvement & Historical Association (WIHA) members have been preparing and maintaining the grounds of the Deane Winthrop House before special events for decades, trimming hedges and bushes, and aerating and plugging the lawn. On September 26, Sandy Joneck-Schiff, past president, and Carole Brown, board member, founded the WIHA Garden Club, dedicated to the ongoing care of the yard.

"The house is a living museum, and the grounds could be," exclaimed Joneck-Schiff. "We're challenged with keeping the property usable for venue rental. It still has to be open. Right now, we'll design the perimeters."

Joneck-Schiff and Brown's vision is to return the nearly acre of land to its historic, 17th century splendor by producing simple-to-cultivate crops using colonial methods. The friends plan to grow native plants such as otto file corn, pumpkins, and flax.

"We'd like to bring back indigenous crops the way that the inhabitants may have used them," said Joneck-Schiff.

Joneck-Schiff and Brown also discussed the possibility of housing bees and chickens.

"Our vision is going to take a lot of time," acknowledged Brown, who would like to provide residents with a peace-

ful place within nature. "This is a beautiful, green space, which we lack in Winthrop. There is a lot of condo and apartment living. We have no earth space, and we want this to be a place where people can garden and enjoy. It's wonderful to be able to feel the earth and be creative."

Joneck-Schiff and Brown have been collecting salt marsh hay from Coughlin Park to incorporate as mulch in the garden, as colonists would have. Salt marsh hay grows naturally on the Eastern Seaboard, is accessible, free, and high in nutrients, like nitrogen.

"We'd like to bring back the sustainability that the colonists lived by," explained Brown. "We'd like to keep things sustainable through composting, rain water barrels, and more."

The ladies are in the process of designing an herb garden beside the kitchen of the Deane Winthrop House. Joneck-Schiff and Brown explained how colonists would grow multi-functional herbs to season their food and use medicinally.

"One of the things the Winthrop Improvement & Historical Association does is beautify the town," said Brown. "We'd like to spread that involvement. It can bring people together."

Joneck-Schiff and Brown plan to offer monthly educational opportunities and activities in the Deane Winthrop House

WIHA Garden Club founders, Carole Brown and Sandy Joneck-Schiff outside the Deane Winthrop House Barn on Shirley Street

barn, especially during the winter. A felting workshop using sheep wool, a class in using sheep wool as mulch around roots to retain moisture and prevent the growth of weeds, a composting course, and a class in natural fabric dyeing using plants grown in the garden are a list of possible presentations.

Joneck-Schiff and Brown are naturalists, members of the Friends of Belle Isle Marsh, and love tending to their home gardens.

Joneck-Schiff is an artist, and bee keeper; and enjoys helping her son care for his Weymouth apple orchard. She belongs to several, local, historic and horticultural organizations. Joneck-Schiff attributes her passion for nature to being raised by a family of botanists who maintained a hydroponic garden at their three-story Victorian home.

Brown's love of gardening was inherited from her Italian immigrant grandparents, who grew crops on the roof of their East Boston home.

The WIHA Garden Club meet on Saturdays, 10am-12pm, and Thursdays/Fridays, 2-4pm, weather permitting, up until Thanksgiving. Joneck-Schiff and Brown are encouraging all to join the Garden Club — not only WIHA members. Contact Sandy Joneck-Schiff at (617) 407-3438, or Carole Brown at (978) 604-5299 to learn more about the Garden Club.

"It's going to make an impact on the grounds of the Winthrop House. They're making a difference already," beamed WIHA President Michael Herbert, during the October 3 meeting. "It is a labor of love. Carole and Sandy are doing a beautiful job."

In addition, Howard said some of the funds would be used for the purchase of classroom books in different languages. There is also the possibility that some of the funds could be used to support families who need help

paying for athletic or club fees at the schools. In other business at Monday night's School Committee meeting, Howard said there will be presentations on MCAS results from the individual schools at the Nov. 13 committee meeting. Howard also noted that there will be no school for students on Nov. 7 during the town election, but that it will be a professional

development day for staff in conjunction with educators from Everett, Chelsea, and Revere. The School Committee also heard from WHS Student Council President Hannah Parker, who gave an update on events at the school, including a recent college fair and an upcoming dodgeball tournament and Thanksgiving pep rally.

Town Clerk Carla Vitale is predicting a 75 percent turnout of the town's 11,710 registered voters for the election on Tuesday, Nov. 5. Voters will decide whether to approve funding for a new middle/high school project. In addition, Town Council President Peter Gill and former Council President Jeffrey Turco are facing off in a rematch of their 2011 contest in which Gill defeated Turco in a close election. The two candidates have conducted highly visible and well-organized campaigns and the excitement is growing as Election Day approaches.

The Board of Assessors met with the selectmen to discuss the possibility of adopting tax classification, which is permitted under state law, that would allow the town to assess commercial property at a higher rate, thereby reducing the tax burden for residential property owners. However, Assessor Chairman Peter Martino said that the small number of commercial properties in the town would shift a substantially higher tax burden to a few, while making for only a very small reduction for residential taxpayers.

Representatives from Mass. Electric told the selectmen of the steps they are taking to upgrade and improve the town's electrical system to avoid the outages that have plagued the town this year.

More than 130 concerned parents and town officials held a forum last Thursday to discuss the problem of teen drug use in the town. Those in attendance learned that the abuse of prescription drugs by teens is among the biggest problems facing parents. It also was noted that the price of heroin is cheaper than the price of cigarettes.

A large number of letters to the editor in the Winthrop Sun express their opposition to an electric railway coming into the town. Though the writers acknowledge that having a competitor for the Narrow Gauge Railroad will result in lower fares for local residents, they fear that the proposed electric railway will ruin the town, making it an annex to the North End of Boston. In addition, because the proposed railway would cut through the heart of the town and past the homes of many residents, the privacy and seclusion of these homeowners would be destroyed.

WHS BOYS SOCCER HOSTS SOUTH HADLEY IN TOURNEY OPENER TONIGHT

The Winthrop High boys soccer team will host South Hadley in the first round of the upcoming MIAA Division 4 State Tournament this evening (Thursday) at 6:00 at Miller Field.

The Vikings enter the tourney as the 29th-ranked team in D-4 with a 7-10-1 record. Falmouth is the 36th-seed with an 8-8-2 mark.

The winner of the match will move on to the Round of 32 where they will face the fourth-ranked team, Hamilton-Wenham, which finished with a 13-1-2 record, on a date and time to be determined.

Coach Phil Ronan's Viking crew held Senior Night festivities last Thursday in their regular season finale against Marblehead at Miller Field. Although Winthrop came up short by a 1-0 decision to the Magicians (who are ranked 26th in D-2), Ronan was pleased with his team's performance.

"The boys played their best game of the year," said Ronan. "Marblehead scored in the dying minutes of the first half on a wild scramble in front of our net. Juan Mendoza hit the crossbar seconds later, which came straight down, barely missing crossing the goal line. We had a handful of chances in the second half, outplaying them completely, but we were unable to convert."

WHS GIRLS SOCCER HOLDS SENIOR NIGHT

The Winthrop High girls soccer team wrapped up its 2023 season this past week with a trio of matches against Northeastern Conference opponents. The Lady Vikings hosted Gloucester for Senior Night festivities and came up short by a score of 4-1, with Stella Osburn reaching the back of the Lady Fisherman net for the Winthrop tally. "We had a lot of opportunities, but just couldn't put it all together," said WHS head

coach Tracey Martucci.

The Lady Vikings then traveled to Salem, where they battled the Witches to a 0-0 deadlock. "We definitely had a few chances to take the game, but just couldn't find the back of the net," noted Martucci.

Winthrop then trekked to Marblehead for the season finale and fell by a score of 6-0. "Our goalkeeper, Tori Bates, had an outstanding game despite the score," said Martucci. "She made a few big breakaway saves.

"I have to shout out to all of my seniors, captain Hannah Parker, capt. Shannon Abbott, Samantha DiMento, Kaylee Farrell, Reese Brodin, Hailey Forsyth, Carolina Gonzalez, Malak Chahlaouy, and Daniela Gomez," said Martucci. "They were such positive leaders and kept the morale of the team up. Even though we didn't have a winning season on paper, when the team just clicks and has great chemistry and bonds are made, it's a winning season in my book."

WHS CROSS COUNTRY COMPETES IN NEC MEET

Members of the Winthrop High boys and girls cross country teams competed in the Northeastern Conference Meet that was held this past Sunday at Fort Stage Park in Gloucester.

"The team did great," said WHS head coach Nik Beshere.

The times for the boys and girls squads over the 2.97-mile course were as follows:

- Boys:
 - Liam Kenney -- 19:32
 - Thomas D'Amico -- 20:15
- Girls:
 - April Ferguson -- 22:39
 - Annabelle Giardino -- 25:04
 - Evan Tallent -- 26:50
 - Atiana Batolome -- 28:01

Some members of the team will be moving on to compete in the Division 3 State Meet on Saturday, November 11, at the Northfield Mountain Recreation Center in Northfield, MA.

HEADING TO THE PLAYOFFS: Seniors George Galuris (left) and Robert Rich, pictured after the game, made important contributions to the Vikings' 38-8 decision over Saugus.

INTs FOR THE SOPHOMORES: Classmates, teammates, and starting defensive backs Ace Daigneault (left) and Seth Sacco each had interceptions in the win over Saugus Friday night.

Vikings play Fairhaven in opening round of playoffs Friday

By Cary Shuman

The Winthrop High school football team is hitting its stride at just the right time.

One week after handing Salem its first loss, the Vikings scored early and often in a thorough 38-8 victory over Saugus High Friday at the Christie Serrino Jr. Memorial Athletic Complex.

Winthrop (5-3), the No. 9 seed, will begin its quest for a state championship against Fairhaven (7-1)

the No. 8 seed, Friday at 6:30 p.m., on the Blue Devils' home field. Fairhaven runs a triple option attack which will test the Vikings' defense.

Coach Jon Cadigan's surging contingent excelled in all phases of the game against the Sachems (4-4), who defeated Falmouth, 20-12, on the road in a driving rainstorm in their previous game.

But with quarterback Matthew Noonan at the helm, the Vikings offense scored five touchdowns in the first half while the defense kept the Sachems off the scoreboard.

Noonan provided one of the highlights with a 24-yard pass to Nick Cappuccio in the end zone for the fifth and final Win-

throp touchdown.

Cappuccio was again all over the stat sheet with two rushing touchdowns (13 and 3 yards) along with 10 tackles at his safety position, a stellar performance that earned him Viking Defensive Player of the Week honors.

Demetri Koutsouflakis had a 61-yard touchdown run, displaying his speed and athleticism on the play. George Galuris again exhibited his versatility with a 44-yard run to set up the first touchdown, a quarterback sneak for a touchdown, a pair of 2-point conversions, and a PAT.

The Winthrop special teams recorded a safety when the Saugus punter tried to throw a pass from

the end zone after an errant snap. Ryan Harris, arriving quickly on the scene in the end zone, was credited with the safety when the punter was flagged for intentional grounding.

Harris' two-pointer completed a dominating half of football for the Vikings.

Cadigan wanted his team to get off to a quick start against the Sachems, who were looking knock off a top-tier opponent.

"You want to make sure that you don't give them a chance, and in the first half, we took away any chance that it was going to be a close game," said Cadigan.

Real drama and nearly a league title on the bus

Winthrop almost became a NEC football champion during the bus ride home (and later in the locker room) as the players followed the television broadcast of the Salem-Peabody game, with the Witches rallying from a 20-0 deficit to tie the game. Salem ultimately decided to go for two points and the victory, but fell short, 27-26, when Peabody's Eli Batista made the key tackle at the half-yard line.

"Our guys were watching the game on their phones," said Cadigan. "It was a pretty interesting experience overall. They watched the last play of the game in the locker room."

A Salem victory would have given the Vikings a share of the NEC South championship.

Interestingly, all eight of Winthrop's opponents this season-to-date have .500 records or better and seven of those teams have qualified for the playoffs. Winthrop was 3-1 against divisional opponents.

"I'm very confident we've been battled tested," concluded Cadigan.

Noonan emerges at QB

Matthew Noonan's continuing emergence at quarterback has been crucial to the Vikings' success on offense and will give Fairhaven another potent weapon to consider in its

defensive plan.

"Certainly, going forward, we're going to need to be able to throw the football, and you can tell that Matthew is throwing the ball with more confidence," said Cadigan. "Saugus started loading up the box, and the safety was creeping down a little further, and that's when we called the pass to Nick running the post. Matt and Nick executed that play perfectly."

Sacco, Daigneault record interceptions

Sophomore defensive backs Seth Sacco and Ace Daigneault each had interceptions in the game. Sacco made a diving interception of a tipped pass and played well on special teams.

"Seth made a great play to grab the ball and fall backward," said Cadigan. "It was a pretty athletic play."

Daigneault (5 tackles) stayed at home ("He was doing his job in our Cover-3," said Cadigan) in excellent coverage and made an interception and a return for sizable yardage. Linebacker Phil Boncore deserves credit for blanketing the intended receiver on a slant pattern and forcing the quarterback to throw the ball high.

"Our two sophomores both had starting assignments for the first time and really made big plays," said Cadigan.

In addition to Cappuccio winning the Black

Shirt Award, Phil Boncore (9 tackles) and Alessio Marcoccio (5 tackles, 1 TFL) also led the way to a blanking of Saugus' offense.

Daniel Thomai joined Ryan Harris and Alessio Marcoccio in the three-man defensive front.

"The last three or four weeks, Dan Thomai has really turned it on defensively for us, and that's been a pleasant development," said Cadigan.

Senior defensive back Robert Rich nearly had an interception and was very effective in his blocking assignments for the other running backs.

Mark Johnson and Evan Rockefeller are both expected to return to the field for the playoff opener.

Saugus coach impressed by the Vikings

Saugus head coach Steve Cummings was offering the praises of Winthrop coach Jon Cadigan and the Vikings after the game.

"The [Winthrop] offense, if you get caught looking the wrong way for a second, they have backs that can make you pay for it," credited Cummings. "They have backs that are really good in space. You give them a little bit and they take a lot. Their offense is so fast, so crisp, and so precise. Coach Cadigan is one of the best coaches in the area for a reason. I wouldn't put it past them to knock anyone off [in the playoffs]."

Massachusetts Low Income Home Energy Assistance Program's Winter heating season to begins

Special to the Transcript

The Massachusetts Executive Office of Housing and Livable Communities (EOHLC) is pleased to announce the start of the Low Income Home Energy Assistance Program (LIHEAP) 2023-2024 winter heating season. LIHEAP is a free, statewide service funded by the federal Low Income Home Energy Assistance Program that helps eligible households stay warm during the winter months by paying a portion of winter heating bills.

Applications for home

energy assistance are currently being accepted online at toapply.org/massliheap, and income-eligible households may receive financial help to offset heating bills from November 1, 2023, through April 30, 2024.

Both homeowners and renters can apply online or through local administering agencies for LIHEAP assistance. Households must meet specific eligibility requirements to qualify for aid, which will be paid directly to their heating vendor.

Eligibility is based on

several factors, including household size and combined gross annual income of residents 18 and older. Qualifying households – including those with the cost of heat included in the rent – can receive assistance for all sources of heat, including oil, electricity, natural gas, propane, kerosene, wood and coal.

“The Massachusetts home energy assistance program is free, because no resident should have to worry about heating their home during the wintertime,” said Ed Augustus Jr., Secretary of Housing

and Livable Communities. “High fuel costs can have a devastating effect on household budgets and can even endanger Massachusetts’ most vulnerable residents. We encourage anyone who needs heating assistance to explore their eligibility by applying online or visiting the nearest administering agency. And to please share the information with loved ones or neighbors who could benefit from this free resource.”

For more information, or to find your local LIHEAP agency, visit www.toapply.org/Mass-LIHEAP.

EBNHC President and CEO Wilmot named to Modern Healthcare's Top Diversity Leaders List

Special to the Times

East Boston Neighborhood Health Center is proud to announce that President and CEO, Greg Wilmot, was recognized by Modern Healthcare as one of 2023's Top Diversity Leaders.

“I am deeply honored to be recognized by Modern Healthcare and want to thank my dedicated colleagues who work tirelessly to make EBNHC a leading provider of community healthcare,” said Wilmot. “At the heart of our mission is the belief that every person deserves access to high-quality healthcare. This recognition demonstrates the importance of diversity and representation in our journey towards better health

for all, and the belief that we are only able to unlock the full potential of our communities and organizations by embracing and celebrating our unique strengths and differences. In doing so, EBNHC is a stronger employer, health care provider, and community partner, better able to help our patients live healthier and happier lives.”

The Top Diversity Leaders in Healthcare recognition program takes great pride in honoring the top diverse healthcare executives and organizations influencing the policy and care delivery models across the country. In doing so, they are also highlighting the continued need to nurture diversity

in their organizations.

“Modern Healthcare's 2023 Top Diversity Leaders and organizations exemplify a commitment to meaningful diversity, equity, and inclusion,” said Modern Healthcare president Dan Peres.

“They have exceeded industry standards and continue to devote necessary resources to providing internal opportunities while advancing community health equity, setting a great example for others.”

As President and CEO, Wilmot leads the largest community-based primary care health system in Massachusetts, with 71% of patients identifying as Hispanic, the majority of whom are immigrants with low income, language and

EBNHC President and CEO Greg Wilmot.

cultural barriers to overcome. As CEO, Wilmot has expanded EBNHC's diverse workforce, with more than 45% of staff identifying as Latino/a/x. Greg has also increased

diverse talent at the organization's highest levels – people of color now represent 40% of the health center's leadership team.

The profiles of all the winners are featured in the October 16, 2023 print issue of Modern Healthcare and on their website.

East Boston Neighborhood Health Center (EBNHC) is one of the nation's largest Federally Qualified Health Centers (FQHCs) and the largest community-based primary care health system in Massachusetts, serving over 100,000 patients and recognized by the Health Resources and Services Administration (HRSA) as a Health Center Quality Leader. For more than 50 years, EBNHC has

offered access to comprehensive care for the underserved populations of Chelsea, East Boston, Revere, Winthrop, Everett and Boston's South End. EBNHC is dedicated to promoting and sustaining healthy communities, families, and individuals by providing accessible, person-centered, compassionate, and high-quality health care services, including primary care, 24/7 emergency care, behavioral health care, specialty care, and various other health and wellness programs, to all who live and work in our service area. Project Bread hosts another successful Interfaith Mini Walk for Hunger

Special to the Times

On Sunday, Oct. 22, over 75 participants of different faiths united both in person and virtually for the annual Interfaith Mini Walk for Hunger. Together, they raised \$15,000 to support Project Bread's year-round efforts to prevent and combat food insecurity statewide and are continuing to accept donations in the coming weeks. The 3-mile family friendly walk started and ended at Temple Beth David in Westwood. As in previous years, Christians, Jews, Muslims, and Hindus from surrounding towns participated. However, the walkers did not need to be members of a house of

worship to participate.

Project Bread is the leading statewide anti-hunger organization in Massachusetts. As 1 in 5 households through the state struggle with food insecurity, the nonprofit connects people and communities to reliable food sources and advocates for policies that make food more accessible for all.

"When people come together to fight for something, it unites them for a common purpose," says Alexa Drolette, Senior Director of Development at Project Bread. "The fundraising efforts from this Walk will go toward ensuring that everyone in Massachusetts has reliable access to healthy food."

During the event, remarks were shared by the clergy members, along with Dr. Jeffrey Greenwald for Temple Beth David, co-chair of the Walk, Alexa Drolette from Project Bread, and Trish Tucke from the Westwood Food Pantry. Walkers brought over 20 bags of non-perishable food items to donate to the food pantry and live music was played by Larry and Kyra Kramer of the Route 109 Band. The Interfaith Mini Walk for Hunger received major support from their Gold Sponsors: Wegmans and Dedham Savings Bank. Roche Bros donated snacks and drinks for the day, as well as pantry supplies.

"We were so pleased to be joined by the greatest number of houses of faith in the Walk's history, all coming together in solidarity, showing that addressing hunger in our community is an issue that transcends all differences in faith, culture, background, and politics," says Dr. Jeffrey Greenwald, one of the organizers from Temple Beth David.

Money raised from the annual Interfaith Mini Walk for Hunger will fund statewide hunger prevention efforts, advocacy for permanent policies that solve hunger, and local partnerships with organizations and people with lived experience with hunger to develop community-driven solutions.

People experiencing food insecurity should call into Project Bread's toll-free FoodSource Hotline (1-800-645-8333), which provides confidential assistance to connect with food resources, including SNAP benefits, in 180 languages and for the hearing impaired. For more information, visit: www.projectbread.org/get-help.

The Myles P. Vercruyse Memorial Community Fair

The Myles P. Vercruyse Memorial Community Fair to be held at the Old Middle School Gymnasium on Nov. 4th to Benefit the Mylestones Fund. the Mylestones Fund.

On Saturday, November 4th, please join the Vercruyse family and friends at a community fair to benefit the Mylestones Fund: The Myles P. Vercruyse Memorial Community Fair will be held at the old Middle School Gym in Winthrop, located at 151 Pauline Street. The doors will be opened promptly at 9am and the event will run until 3pm. The fair will be featuring crafters, small businesses, community programs, non-profits, and much more!! There will be games, prizes, project play, touch-a-truck, and fun for the entire family. Proceeds from vendor fees, raffle tickets, and games will all be donated directly to Mylestones Fund. Visit our event page on Facebook.

The Mylestones Fund was created in memory of Myles Philip Vercruyse, who in 2021, entered this world three months early and left far too soon, July 17, 2021 – August 4, 2021.

Myles was born weighing 2 pounds, 4 ounces, but was stronger than most term babies. Our fighter loved to lift his little blonde head and look around, push himself with his little legs out of the sleeping ring in his isolette, and had a champion's grip. Unfortunately, due to his prematurity, his lungs just were not as ready for this world as he was, and he passed peacefully in his parents' arms.

Myles had so much strength and light, we knew he still has so much more to offer this world. It is our mission to do our best in his memory to help all babies meet their "Mylestones." For more information, please visit <https://bit.ly/MylestonesFund>.

Ready to fall back? When you change your clocks, check your alarms

Special to the Transcript

With the end of daylight savings time coming on Nov. 5, Massachusetts fire officials issued a seasonal reminder to check your smoke and carbon monoxide (CO) alarms and

change the batteries when you change your clocks.

“Working smoke and CO alarms are crucial home safety tools,” said State Fire Marshal Jon M. Davine. “As we ‘fall back’ this weekend, be sure you have the best protection

by putting fresh alkaline batteries in alarms that use them and replacing alarms that are out of date.”

Today’s smoke and carbon monoxide alarms have the manufacturing date printed on the back of the device. Smoke alarms

should be replaced when they’re 10 years old, and CO alarms should be replaced when they’re five to seven years old, depending on the model. Unless you

Daylight Savings // CONTINUED FROM PAGE 14

have newer alarms with 10-year sealed batteries, this is also a good time to replace the alkaline batteries in all your alarms. And remember to test your smoke and CO alarms once a month to be sure they're working properly.

Heating Season brings Carbon Monoxide hazards

Hyannis Fire Chief Peter J. Burke, Jr, president of the Fire Chiefs Association of Massachusetts, emphasized the importance of working carbon monoxide alarms as we enter the colder months. "Carbon monoxide is the leading cause of poisoning deaths in the United States, and heating equipment is the main source of carbon monoxide in the home," Chief Burke said. "We can't see, smell, or taste carbon monoxide. Working CO alarms are the only way to detect this invisible killer."

Replacement Alarms Should be Photoelectric

With 10-Year Sealed Batteries

Replacing your old smoke alarm? The Massachusetts Comprehensive Fire Safety Code requires replacement battery-operated smoke alarms in older one- and two-family homes to be photoelectric and have sealed, long-life batteries and a hush feature. This makes it less likely that someone in the home will use the batteries for another device, forget to change them twice a year, or remove them when cooking causes smoke in the kitchen. "Disabling a smoke alarm puts you, your loved ones, and everyone in the building at risk," said State Fire Marshal Davine. "Never remove batteries from a smoke alarm except when putting fresh ones in."

Alarms Should Be Listed by an Independent Lab

Massachusetts requires that all smoke and carbon

monoxide alarms be listed by a nationally recognized testing laboratory such as Underwriters Laboratories (UL) or Intertek (ETL). Listed devices will have the laboratory's mark on the back. In recent years, fire officials have seen numerous smoke and carbon monoxide alarms that were purchased online and either have counterfeit marks or no mark at all.

"If the price seems too good to be true, then it probably is," said Chief Burke. "Smoke and CO alarms can be the difference between life and death, but only if they work properly. If you're purchasing a new alarm, choose one from a well-known, national brand."

Create & Practice a Home Escape Plan

"In the average house fire, you could have less than three minutes to escape after the smoke alarm activates," said State Fire Marshal Davine. "Creating and practicing a home

escape plan that includes two routes out will help you make the most of that precious time to get outside before poisonous gases and heat make escape impossible."

Senior SAFE

Adults over 65 are at disproportionate risk of dying in a fire, especially if they live in one- or two-family homes. Hundreds of fire departments across Massachusetts have grant-funded Senior SAFE programs that may provide assistance with alarm installation and testing. Seniors who need help testing, maintaining, or replacing smoke alarms should contact their local fire department or senior center for assistance.

For more information on smoke alarms or the Senior SAFE program, visit <http://www.mass.gov/dfs> or contact your local fire department.
