## The Life and Times of John H. Orrall

Story & Photos by Marianne Salza

At the onset of World War II, Winthrop High School graduate of 1942, John (Jack) H. Orrall, left his studies at the University of New Hampshire

to enlist in the United States Air Force, where he served in the 533rd Squadron in the 381st Bomb Group in Europe. His experiences as a 19-year-old tail gunner were presented during a November 8

presentation by his eldest granddaughter, Jennifer Marquis, at the Winthrop Public Library.

"Jack's story is a remarkable one," said Marquis, who co-authored, "The Life and Times of John (Jack) H. Orrall," with her great uncle, Robert McKersie, PHD, Jack's brother-in-law.

The biography is a collection of stories corroborated from Jack's journal and letters sent to loved ones.

"This was a labor of love," said Marquis. "This is a memoir we are telling through Jack's diary, as well as mail correspondence that Jack exchanged

Kathy Orrall, Jack's daughter-in-law, Jennifer Marquis, Jack's granddaughter, and Nancy Orrall Marquis, Jack's daughter.

## Ingleside Park tennis courts to be dedicated to John Domenico

By Adam Swift

The tennis courts at Ingleside Park will be dedicated and named after former Winthrop High School Principal and tennis coach John Domenico.

Last week, the Town Council unanimously approved the recommendation of the town's memorials committee to dedicate the courts in Domenico's honor.

"I had the pleasure of meeting Mr. Domenico when I was playing high school tennis," said Precinct 6 Councilor Stephen Ruggiero. "I couldn't think of a better person to name this after."

A member of the Winthrop High School Class of 1945, Domenico was an athlete, coach, teacher and administrator at Winthrop High School. He was captain of his baseball team in 1945 and the winner of the Bentley Swift Award given at graduation to the boy who has done the most for athletics during his high school years.

Domenico played baseball at Northeastern University and tennis at the University of Maine from which he graduated. He became the WHS baseball

coach in 1953 and served in that capacity until 1960. He was the principal of Winthrop High School from 1970 to 1986 and the WHS boys tennis coach for many years.

"I'm not from Winthrop, so I don't know the long history, but every time his name comes up, he's so highly regarded both as a principal and as a tennis coach," said Precinct 2 Councilor John Munson.

In other business, the council approved the use of Election Voter Information Input Machines, or poll pads, in future elections.

The iPad-like devices are synced to the state computers to provide rapid voting information on the precincts for voters when they arrive at the polls. They are not used for voting itself.

Town Clerk Denise Quist said the town already has 8 poll pads, but needs to let the state know of any changes in election procedures so that they can be used inside polling locations.

Quist said the poll pads should help speed up the voting process during elections.

WINTHROP POLICE TOY DRIVE

Winthrop Police Department will be conducting their annual Toy Drive for families and children in need of assistance. Donations are also being collected at a drop off box located in the Winthrop Police Station Lobby 24/7 from now until mid-December. We humbly ask that if you are donating, please remember older teens too!

On Sunday Nov. 26, 2023, from 4pm-5:30pm at the Cummings School loop (Pauline Street), Winthrop Police will be hosting a toy drop off event where Santa will be accepting gifts to deliver to children. He's also very excited to meet and greet kids and families and pose with them for a picture!

Last year, because of the community's support, we were able to provide toys for over 75 Winthrop families (over 300 children). Additionally, the generosity of Winthrop residents enabled us to support non-profits Suffolk County Child Advocacy Center, Harbor Cove Domestic Violence Center as well as East Boston Neighborhood Health Center, The Salesians Boys & Girls, Winthrop CLEAR Team, DCF, and Winthrop Public Schools. We also assisted 25 elderly citizens with supplies for Christmas Dinner.

Santa and the Winthrop Police Department thank you for making Winthrop always at the top of Santa's good list!

THANK YOU!

I am writing to express my gratitude to those residents who live in Precinct Four and who voted for me for Town Council on November 7th.

I am honored to have received your votes.

In addition, I want to thank my supporters who encouraged my candidacy and helped me in the campaign.

I look forward to working with my colleagues on the Town Council on the many issues facing our town. I will work hard to further shape our community into an inclusive, vibrant and caring one.

Whether you live in Precinct Four or elsewhere in our town, please contact me with your ideas or comments. Now it is time to get to work!!!

Cassie orchestrated a culinary masterpiece, guiding the troop through three distinct cooking stations. The meticulous-

ly crafted menu featured phyllo-crusted chicken tenders, a Mediterranean salad with pomegranates, Israeli couscous with brown butter tomato sauce, and a delectable finale of pistachio/chocolate/apple jam-filled rugelach.

into the world of top-tier culinary craftsmanship.

Troop leader Nadia Munson expressed deep gratitude to Cassie Piuma for generously sharing the secrets of Sarma and instilling invaluable cooking skills in the girls. This immersive experience is poised to leave a lasting impact, empowering the troop to create culinary delights not only for themselves but for their families at home.

with friends and family, and interviews from later in his life. The letters were a lifeline, and helped him endure the physical and mental stresses of the war. It was encouraging for the men to feel connected to home.”

Jack was a member of the crew that flew four-engine Boeing B-17 heavy bombers out of England, aiding in 35 of 50 known combat missions.

“On average, the bomber crews in World War II

did not survive more than 25 missions,” Marquis explained. “The average tenure was 11 missions. The chance of survival for air- men manning B-17s was less than 50%.”

Jack, 6’2”, would crouch into the tail gunner compartment at the rear of the plane, which had little insulation. He endured sub-zero conditions during missions that would last up to 14 hours in Germany, where temperatures could be -60°.

“The Life and Times of John (Jack) H. Orrall” describes B-17s in depth, as well as the account of Jack’s crew being shot down and rescued by Belgian resistance fighters.

“He had an attitude for gratitude,” said Marquis, who remembers her grandfather sharing stories about soldiers bundling dogs in their parkas to keep warm.

An audio clip of Jack expressing that he would never gripe about the hot and humid summers of New England was played.

“I’ll never complain about the heat,” said Jack in an interview recorded over 20 years ago. “The cold went through you.”

Jack was the recipient of the Purple Heart for an injury in service, as well as the Europe, African, and Middle Eastern Service Medal with three bronze stars, and an air medal with five oak clusters.

“My grandfather was witty and a jokester,”

smiled Marquis about Jack’s antics.

During down time, when missions were deterred due to bad weather, Jack would play ping pong and configure puzzles in the barracks. Often, soldiers would travel to London; and – according to Jack – swap the clean sheets with their dirty ones because the hotels were known to upcharge American soldiers.

After the war, Jack continued his father’s business: the Winthrop Printing Company, on Old Colony Avenue, in South Boston; and lived well into his 80s.

Marquis remembered visiting the Wings of Freedom World War II aircraft exhibit in Beverly with her grandfather and family. She had the opportunity

John (Jack) H. Orrall's graduation portrait in his 1942 Winthrop High School yearbook.

to climb into a B-17, and crawl into the tail gunner space where her grandfather was positioned during missions.

“Jack was in his glory sharing stories about his

bombing crew,” said Marquis.

OUR Opinions

HAPPY THANKSGIVING

A Harris poll a few years back revealed that Christmas is the favorite holiday of the year among all age groups of Americans, but we think that Thanksgiving, our uniquely American holiday, has much more to recommend it than Christmas. Thanksgiving has its roots with the Pilgrims, long before the concept of a United States had crossed anyone’s mind. It always has been a secular celebration of peace and relaxation. It simply is a day to be grateful for what we have, however much that may be.

Thanksgiving is a day of no pressure. It is the ultimate family-centered holiday. It has no religious meaning, no national-celebration connotations, and no required gift-giving. It lacks the commercialism, solemnity, and political overtones of all of our other national observances. In a world where anxiety follows us 24/7, Thanksgiving provides a welcome respite from the commercialism that accompanies Christmas and most of our other holidays. There is no obligation to spend a lot of money (that many of us do not have in the first place) to buy the perfect gift in order to be the perfect spouse, or the perfect parent, or the perfect friend. Thanksgiving demands nothing more from each of us (other than for the person who is doing all the cooking!) beyond just showing up and enjoying the company of our family and friends and then having a great meal.

When we think of the Christmas vs. Thanksgiving debate, we think it’s analogous to the late comedian George Carlin’s skit about football vs. baseball (check it out on YouTube if you’ve never seen it). Football is the equivalent of war, while baseball is all about going home. Similarly, while Christmas epitomizes our hyper-capitalist, consumerist, and frenetic society, Thanksgiving is its antithesis.

Thanksgiving is a national celebration that serves to remind us how blessed we are at a time when circumstances are so cruel for so many others in a world in which there are more refugees than at any time since the end of World War II. Despite our own trials and tribulations, Thanksgiving reminds us how remarkably fortunate we are to live in this country. And in a day and age when so many of us are connected 24/7 to some instrument of communication, it truly is a relief to have a day when we can just shut it all off (other than perhaps watching a football game.)

We wish all of our readers a happy -- and restful -- Thanksgiving.

LET’S GO, WINTHROP --

BEAT REVERE!!!!

When the Winthrop High football team takes to the field at Harry Della Russo Stadium on Thanksgiving morning, coach Jon Cadigan and his Vikings will be looking for their second straight holiday victory over their ancient rivals after snapping a five-year losing streak last year.

The 6-4 Vikings will enter the game as the favorite against the 4-6 Revere team. Coach Cadigan’s crew defeated two teams, Salem and Stoneham, that have qualified for the Final Four in their division and narrowly lost to a Fairhaven team in the playoffs that also has advanced to the Final Four.

However, as the players, coaches, and fans on both sides of the field know all too well, you can throw out the proverbial record books when Winthrop and Revere get together on Thanksgiving to renew their annual rivalry to bring home the coveted Beachcomber Trophy. Regardless of their records, the Thanksgiving Day contest rates as a “second season” for both Winthrop and Revere, with a victory in front of the biggest crowd of the year making for a successful season.

With seasonable weather being forecast for Thursday morning, we expect that there will be a large crowd on hand. We urge both the players and the fans to exhibit good sportsmanship both on and off the field.

We wish coach Cadigan and his Vikings the best of luck.

Let’s go Winthrop -- beat Revere !!!!

GUEST OP-ED

Bay Staters deserve opportunities to build a better financial future

By State Reps. Jeffrey Rosario  
Turco and Francisco E. Paulino

Whether you grew up in Revere, Winthrop, Lawrence, Brighton, or Boston, every community in the Commonwealth values kitchen-table issues: an honest day’s work, safe streets, affordable homes, good schools, access to quality and affordable healthcare, and the ability to earn a good living and save for the future.

Just last month, we were able to pass a historic Tax Relief Bill which will make the Commonwealth more affordable, competitive and equitable by putting real dollars directly back into the pockets of hardworking Bay Staters. Whether it’s by increasing the child and dependent tax credit for families or lowering the capital gains tax so folks see more of their money when they invest in their Robinhood or Fidelity accounts, this legislation will provide immediate relief and opportunities for working class people fighting hard every day to make a living.

There’s more work to be done. It’s no secret that for much of this country’s history, the financial system has been largely closed off to most Americans. Teachers, plumbers, steamfitters, steelworkers, nurses, members of the military, and men and women in uniform simply have not always had the same opportunities to save and build wealth as the one percent.

Until recently, owning stocks was largely reserved for older, wealthy, and less diverse Americans, including those with the means to pay a financial professional to do it for them. Fortunately, recent innovations aimed at empowering a new age of investors tore down these barriers, reshaped our financial system, and paved the way for a massive influx of new investors into the stock market. These millions of new investors are younger, more diverse, and come from every community and every part of the country, including hundreds of thousands of people right here in Massachusetts.

Not only did this trans-

formative shift expand access to the stock market for an entirely new generation of Americans, it has made finance and investing more approachable and relevant to millions of people who had previously avoided it because of its intimidating and exclusive nature. Today, technology has democratized investing with easy-to-use, low-cost mobile platforms like Robinhood that for the first time provide tools allowing ordinary Americans to save a little more, make a few extra dollars in income, and invest in great American companies they believe in, including companies that are based here in the Commonwealth. These new platforms have not only simplified the act of purchasing a stock, they’ve increased the overall relevance and interest in personal finance. Whether it’s through podcasts, newsletters, or in-app education modules, these platforms are using technology to communicate with and educate investors, making financial literacy more accessible by breaking-down complex concepts such as compounding and dollar cost averaging, as well as the differences between a traditional and Roth IRA and the implications of a ‘wash sale’ or capital gains.

We must encourage these platforms, who are uniquely positioned, with their reach and resources, to continue prioritizing financial literacy with the understanding that developing a new generation of informed investors will lead them to a more sustainable financial future. We also need to promote sound policies that will help keep these new investors involved for the long-term while protecting them from fraud and abuse. Unfortunately, recent efforts by financial regulators are threatening to throw these new investors right back out of the markets. At both the state and federal levels, securities regulators are considering new rules that, while intended to protect investors, would strike at the very heart of the online model most prefer to use to invest today. These rules could

even make it impossible for financial providers to use the very same innovative technologies that have brought millions into the stock market in the first place. And they are likely to disproportionately harm those underserved populations that for decades have been told they aren’t smart enough or wealthy enough to invest.

We reject this narrative, as do many of our colleagues. We’ve personally spoken to our neighbors – construction workers in Lawrence, firefighters in Revere, cab drivers around Boston, and the staff here in the State House – many of whom tell us that they feel more empowered and equipped than ever before to make their own financial decisions. These are normal people who don’t necessarily have the resources, the need, or the desire to completely turn

the management of their finances over to expensive professionals. Instead, they’ve gravitated toward affordable and easy-to-use mobile platforms that allow them to take a more hands-on approach in managing their finances. These investors deserve strong, sensible regulations that protect them from fraud and abuse, but they also deserve the opportunity to participate fully in our financial system and achieve the American dream. We will continue to fight in the State House for policies that give our communities both.

### 60 years ago November 27, 1963

Winthrop joined the nation in shock and sorrow this past week after the assassination of President John F. Kennedy. Many Winthrop residents knew the President personally, including Sun-Transcript publisher Andrew P. Quigley. Kennedy had a special affinity for Winthrop because he spent many summer days as a boy with his family at the home of his paternal grandfather on Washington Ave. Kennedy also was a frequent visitor to town during his campaigns for U.S. Senate and during his tenure as a Senator from 1952-1960.

Although a solid majority of voters, 3417-2657, voted to approve the construction of a new Winthrop High School at a special election this week after Town Meeting unanimously had approved the project, the \$2.7 million new school will not go forward because a 2/3 majority of voters is required under the town charter for such a measure. There now is talk that a vote of Town Meeting may be required to amend the charter to require only a simple majority of voters to support such a measure.

Winthrop attorney Joseph V. Ferrino will lead a delegation from Massachusetts to the National Sons of Italy conference in New York City.

Although the School Committee has been informed of the need to purchase new textbooks for the high school, some members are questioning where the money will come from.

Congressman Torbert Macdonald has announced the appropriation of a \$17,000 grant by Congress that will be used to study the feasibility of reopening Shirley Gut, a move that some claim will alleviate the pollution conditions in Boston Harbor. Paul Newman and Joanne Woodward star in A New Kind of Love at the Winthrop Theatre.

The fog-shrouded waters off Deer Island claimed the life of David H. Barnes, President of the C.M. Kimball Co., a metal polish manufacturer, when the plane on which he had hitched a ride crashed while attempting to land at Logan Airport.

The local fund-raising campaign for the Red Feather drive is lagging and is being extended for another week, according to local campaign chairman Edward Adams.

Popular resident Charles A. Hagman, who has served as Executive Secretary to the Board of Selectmen since 1913, with only a brief interruption when he served in WWI, will be feted by his friends and town government colleagues at the VFW Post.

The Winthrop Community Hospital Nursing School capped four new nurses last week.

Burt Lancaster, Montgomery Clift, and Frank Sinatra star in From Here to Eternity at the Winthrop Theatre.

A special service will be held at the Union Congregational Church in the memory of Sgt. Axel Larsen, who was killed in action in the South Pacific. He is the first casualty from among the 70 boys from the church who are serving in our military. The public is invited to attend the rites for this brave, 19 year-old boy who laid down his life for his country.

The town is on target to meet its \$7000 War Fund quota.

The annual Christmas Fair of the St. John's Episcopal Ladies Guild, under the direction of Mrs. Sidvin Frank Tucker, will be held December 1 and 2.

The local OPA has authorized local meat dealers to give two meat ration points for every pound of fats turned in by housewives.

Town flags are being flown day and night by special order of the governor so as not to wear out the halyards, which are all but impossible to replace these days.

Sonjie Henie and Cesar Romero star in Wintertime at the Winthrop Theatre.

### 90 years ago December 2, 1933

The final pieces of rock for Winthrop Shore Drive's three new breakwaters are scheduled to be laid into place this week. The total cost of the project was \$150,000, of which the state paid \$125,000 and the town the balance. Altogether, the three breakwaters contain 66,000 tons of rock along their combined length of 1100 feet. There are gaps of 100 feet in between the breakwaters.

### All types of services for all types of people.

Some people prefer traditional funeral services. Others prefer cremation. Some want an elaborate ceremony. Then there are others who don't want any ceremony at all. When it comes to funerals, there are as many options as there are people. And we take pride in being able to say we offer them all.

Winthrop plays Revere in annual Thanksgiving game

By Cary Shuman

A large crowd is expected at Harry Della Russo Stadium in Revere for the annual Thanksgiving game matching the Winthrop High football team from the Northeastern Conference and the Revere High football team from the Greater Boston League.

Winthrop (6-4), under head coach Jon Cadigan, will be looking for its seventh victory of the season and second in a row over Revere on the holiday.

Revere (4-6), under head coach Lou Cicatelli, has won four of its last five games and hopes to continue its second-half surge with a win over the Vikings.

Cicatelli said that Winthrop's offense, led by quarterback Matt Noonan and running backs Nick Cappuccio, Robert Rich, George Galuris and Demetri Koutsouflakis, will be a test for his team.

"Winthrop runs the ball well. They throw the ball

well," said Cicatelli. "We definitely have our work cut out for us, but we have a good game plan. There will be a big crowd supporting us. There's nothing like the Thanksgiving game. A victory would be a great way for us to end

the season after struggling with injuries early.”  
Cadigan said his team is ready for the inter-league showdown that determines the winner of the coveted Beachcomber Trophy.  
“Revere is definitely playing as well as they have played all year long,”

said Cadigan. “The game plan for us is similar to what it always is, to run the football to start and then if we have opportunities to throw the football play-action-wise, we’ll take it. I think the concern on defense for us is also similar: Revere has some

pretty dynamic threats on offense and it’s certainly not going to be easy for our defense.”  
Cadigan said he will be meeting with the North-eastern Conference coaches Monday night to select the NEC All-Star team.  
But first, one of the most significant games of a player’s career in the two neighboring communities – Revere versus Winthrop – is on everyone’s Thanksgiving morning schedule.  
“They run the ball well. They throw the ball well. We definitely have our work cut out for us, but we have a good game plan,” said Cicatelli. “There will be a big crowd supporting us. There’s nothing like the Thanksgiving game.

Captain Mateo Martinez was clearly the seasons MVP for the Vikings, also chosen as All Conference All-star, the award was presented by Head Coach Phil Ronan, Asst. Coach Alex Brown, and JV Coach Leif Faber.

## WHS LADY VIKING POWDER PUFF FOOTBALL TEAM DEFEATS RHS LADY PATRIOTS AT MILLER FIELD FOR THIRD YEAR IN A ROW

Head Coach John Cross, Asst. Coaches Butch Martucci, Kenny Hodgkins and Joe Ferrara with the 2023 WHS Lady Viking Powder Puff Football Champions for the 3rd year in a row.

When the dust settled from the game last Saturday afternoon at Miller Field the Lady Vikings had shut-out the RHS Patriots 22-0.

The Viking running game was flawless and the defense dominated the field. Three unanswered touchdowns, with only one miscue on the extra point set the stage for the 3peat for the Lady Vikings. The trophy was carried onto the field and presented to the victors of the 2023 Thanksgiving Powder Puff Game, the WHS Lady Vikings.

Racking up points for the Vikings was all in a day's work for running back Reese Brodin.

# Metropolitan Beaches Comm. holds first meeting in-person since shutdown

Special to the Transcript

For the first time since the COVID-19 shutdown, the Metropolitan Beaches Commission gathered on Beacon Hill on October 31 for an in-person hearing on the state of the region’s beaches. This was also the first opportunity for the Commission to hear from recently appointed DCR Commissioner Brian Arrigo on his priorities and vision for the agency. The Metropolitan Beaches Commission is managed by Save the Harbor/Save the Bay and is responsible for making recommendations on the maintenance, improvement and accessibility of the region’s public beaches from Nahant to Nantasket.

Over 100 people attended the hearing in person or over Teams as DCR Commissioner Brian Arrigo testified to the agency’s efforts to address recommendations from the MBC’s Breaking Barriers

report, including steps towards equity and diversity-focused hiring practices and improvements to ADA-accessibility. Commissioner Arrigo also committed to adding more multilingual signage to the region’s beaches before the 2024 beach season.

“We are really proud of all the work that has brought us to this point today,” said Commission Co-Chair Senator Brendan Crighton. “Our collective work to break down with a particular focus on racial equity and language equity has identified concrete action steps to help address very complex long-standing issues that impact our beaches and communities.”

“DCR’s public beaches belong to everyone, and all of our residents should be able to safely access and enjoy them,” said DCR Commissioner Brian Arrigo. “We are committed to working with the Commission and Save the

Harbor/Save the Bay to ensure our metropolitan region’s public beaches are welcoming places for everyone regardless of race, ability, language or income.”

The MBC and Commissioner Arrigo also discussed potential for improving the flagging protocols on our region’s beaches to communicate to the public more clearly on the infrequent days when water quality may be potentially unsafe for swimming, usually following a heavy rainfall. While Massachusetts continues to boast some of the country’s cleanest urban beaches, stormwater runoff can impact that quality. Director of Green Infrastructure for the City of Boston Kate England addressed the increased impacts of stormwater due to climate change and the potential to mitigate those impacts through strategic green infrastructure improvements, teeing up the

Commission’s next efforts to address climate resiliency and sea level rise along our coast.

“The beaches are absolutely a critical open space and natural resource for the Commonwealth and need ongoing improvements,” said Co-Chair Rep. Adrian Madaro. “We have had great success working in partnership with DCR to upgrade our public beaches and are looking forward to continuing our collaboration so all families can enjoy them no matter what part of the world they come from.”

The Commission also heard testimony from members of the public who spoke to the success of the Better Beaches Program, which brought over 200 free public and diverse cultural events to the beaches this past summer, and also addressed community specific concerns about water quality in Lynn and Dorchester that the Commission will con-

tinue to try and address.

“It’s terrific to have a Commissioner that shares our goals and values when it comes to making our spectacular urban beaches accessible to everyone,” said Save the Harbor Executive Director Chris Mancini. “We’re looking forward to supporting and collaborating with our partners at DCR to continue breaking barriers for people of color, people with disabilities and those who don’t speak English as a first language. And to

see if we can’t do something about rising seas while we’re at it.”

Next steps for the MBC are to keep partnering with DCR to address the infrastructure and equity priorities discussed at the hearing, and to host a series of community charrettes in beachfront neighborhoods on strategies for dealing with rising seas and other effects of climate change.

## WHS SPORTS THROUGH THE YEARS

**10 years ago**  
**November 20, 2013**  
Playing with the heart of a champion, the Winthrop High football team continued its quest for a winning record with a workmanlike 28-14 win over Amesbury Friday night at historic Landry Stadium. Senior captain Jordan Corbett-Frank added to his glowing resume with a 175-yard effort on the ground as part of a huge offensive showing for the Vikings and scored two touchdowns. Corbett-Frank was immense, averaging more than seven yards per carry while helping the Vikings consume the clock on long scoring drives. He increased his season rushing total to 1,205 yards. Junior quarterback Dylan Driscoll was coolly efficient at the controls, rushing 13 times for 85 yards and producing 81 more yards on 8-of-10 attempts through the air. He rushed for a touchdown and threw a touchdown pass. Winthrop evened its record at 5-5 with one game remaining in the 2013 season. A victory over Revere next Thursday on Thanksgiving would give the Vikings their third consecutive 6-5 season.

**20 years ago**  
**November 26, 2003**  
The 7-3 Winthrop High football team will rate as the strong favorite when Coach Tony Fucillo's Vikings take on a 4-6 Revere squad on Thanksgiving Day morning at Miller Field. A potent Viking offense, which has scored 266 points on the season, will be led by quarterback Anthony Fucillo (43-for-100 passing for 725 yards). Fucillo also has scored six touchdowns and kicked 19 extra points. His favorite receivers have been wideout Alex Smith with four TD receptions and tight end Matt Duplin, who has grabbed 18 passes for 301 yards. Michael Adelstein, who has scored nine touchdowns, leads the Viking ground game. Winthrop leads the series with Revere, 44-25-2, and has won all but three games in the rivalry since 1975. Ten of the 25 Winthrop victories in that 28-game span have been shutouts.

**30 years ago**  
**December 2, 1993**  
Super Bowl fever has gripped the town as the Winthrop High football team will host Westford Academy in the Division 3 Super Bowl game at Mill-

er Field for which a capacity crowd is expected to be on hand. The Vikings put the finishing touches on a 9-1 season with a smashing 49-22 win over Revere on Thanksgiving Day before a large crowd at Miller Field. Winthrop was led by Anthony "Touchdown Tony" Palmer, who scored five TDs, including kickoff returns of 80 and 90 yards, to set a new WHS single-season scoring mark with 191 points, eclipsing the previous mark of 166 points set by Chuck Sullivan in 1981. Saturday's Super Bowl appearance will be the fourth in school history. Winthrop won Super Bowls in 1981 and 1983 and lost last year to Mansfield, 20-12.  
Anthony Palmer has been named the MVP of the Northeastern Conference and is joined on the NEC all-star team by four teammates from the WHS football team, Dan ny Godfrey, Stephen Spinalli, Ryan Gaughen, and Chris Butler. It also was announced after the league meeting that WHS head coach Tony Fucillo has been named the NEC Coach of the Year.

**40 years ago**  
**November 29, 1983**  
An undefeated and Su-

per Bowl-bound Winthrop High football team had little trouble in maintaining its recent mastery over Revere with a 24-6 victory at Miller Field on Thanksgiving Day. A decade ago, there had been talk of ending the Winthrop-Revere football relationship because Division 1 Revere was thought to be too big for Winthrop. But Coach Bob DeFelice's Vikings have now won nine straight Turkey Day tilts, many by wide margins, against their Beach City rival. The Vikings, who are 9-0-1 on the season and have a 33 game unbeaten streak on the line, now will face 10-0 Xaverian in the Division 2 Super Bowl contest this Saturday. Winthrop won the D-2 Super Bowl in 1981 with a 14-0 triumph over Tewksbury, but did not qualify for the Super Bowl last year, despite sporting a 10-0 record, because of the controversial MIAA computer ranking system.  
The Rotary Club has announced this week that the co-winners of the 1983 Irving P. Alexander Memorial Trophy are Steve Staffier and Rich Driver.

**50 years ago**  
**November 28, 1973**  
A heavily-underdog

Winthrop High football team put up a valiant effort, but the undefeated Revere High squad scored two touchdowns in the first half, both by their all-scholastic running back Joe Festa, to come away with a tight 13-0 victory on Thanksgiving Day. Revere thus completed its first-ever undefeated season and now will meet Brockton in the second-ever schoolboy Division I Super Bowl.  
The Rotary Club has named WHS fullback Matt Flaherty as the recipient of the Irving P. Alexander Memorial Trophy.

**60 years ago**  
**November 27, 1963**  
Last Saturday's game between Winthrop and Revere, which had been postponed because of the big nor'easter storm a few weeks ago, was cancelled on account of the assassination of President Kennedy. Winthrop will meet Danvers tomorrow on Thanksgiving Day. The contest likely will be the last Thanksgiving Day meeting with Danvers because Winthrop and Revere are expected to announce that they will resume their Thanksgiving Day rivalry, which has been suspended for the past 15 years after a brawl

broke out among players and fans at the 1947 contest. Winthrop and Revere have been playing each other for the past few years during the season before Thanksgiving without incident.

**80 years ago**  
**November 27, 1943**  
Winthrop's star quarterback, Eddie Gingrich, scored two touchdowns, including a 58-yard punt return, to lead the favored Winthrop High football team to a 19-0 victory over Revere before a capacity crowd at Paul Revere Stadium in Revere on Thanksgiving Day. Winthrop finished the season with a 6-2-1 record and Revere at 2-7. Gingrich was named to the Greater Boston Suburban League All-Star team which will meet another high school league's all-star team at the Manning Bowl in Lynn. At the pre-Thanksgiving Day game rally, six cups were presented to members of the football team who have achieved seven points in their studies. Three members of the School Committee addressed the audience before making the presentations.

# EBNHC launches new behavioral health urgent care service

Special to the Transcript

East Boston Neighborhood Health Center (EBNHC), the largest community-based primary care health system in Massachusetts, gathered

with city, state and community leaders last week, to officially announce the opening of its new Behavioral Health Urgent Care Service (BHUCS). Part of the EBNHC's integrated behavioral health

program, the BHUCS provides same-day and urgent mental health services for children, adolescents, and adults, in East Boston and surrounding communities, transforming how community members -- predominantly low-income immigrants -- can access the high-quality behavioral health services they need and deserve.  
"Timely access to high-quality behavioral health services is a common challenge across the Commonwealth, especially for vulnerable families. I'm proud to say that EBNHC's Behavioral Health Urgent Care Service addresses this growing need head on," said EBNHC President and CEO, Greg Wilmot. "Our industry must offer innovative ways to close long-standing gaps in care. This expansion of our behavioral health program is a monumental step in the right direction as we strive to achieve health equity for our patients and neighbors."  
The new service is innovative and different from other behavioral health urgent care options

across the state as it is co-located with the state's only community-based satellite emergency facility, operated by EBNHC. Additionally, the service is fully integrated within the health center and EBNHC's larger behavioral health and recovery services program. This unparalleled care model allows patients in the community to be connected to a wide range of care services, seamlessly and immediately moving from the BHUCS to emergency medical care, primary care, additional behavioral health care, and other health and wellness programs available through the Center.  
Addressing health equi-

ty gaps, like disparities in access to behavioral health care for Black and Latinx communities, has long been a focus for EBNHC which was recently recognized by the Department of Health and Human Services' Health Resources & Services Administration (HRSA) as a 2023 National Quality Leader and one of the nation's leading health centers in reducing health disparities.  
To help put patients at ease, the new BHUCS suite features state-of-the-art behavioral health care design. A calming space, intentionally constructed to be safe and aesthetically pleasing for those struggling with a mental health or substance use

disorder, the BHUCS provides access to immediate crisis evaluation, next-step planning, and support for all patients ages six and above. The BHUCS currently welcomes walk-ins five days a week and will move to seven-day a week access in early 2024.  
"We are in the midst of a behavioral health crisis that requires new ideas, more resources, and a strong investment to meet this demand," said EBNHC Executive Vice President and COO, Ryan Boxill, PhD, MBA. "Since our soft-opening last month, we've already seen great demand for this service that will be especially vi-

tal for low-income and non-English speaking patients. Our highly trained, diverse, multi-disciplinary behavioral health team members are eager to welcome many first-time patients and are equipped to offer care in their native language.”

Thanks to earmarked state funding advocated for by Massachusetts State Rep. Adrian Madaro, EBNHC has hired more than 20 diverse new staff, experienced in providing behavioral health care to adults, adolescents, and youth.

“Behavioral health care providers are still seeing the effects of the COVID-19 pandemic, which, for many children was a two-year hiatus from achieving key developmental, academic and social milestones,” said Michael Mancusi, MSW, LICSW, EBNHC Vice President and Chief Behavioral Health Officer. “This has had a deleterious effect on the mental health of our young people, and we realized a better model was needed to address community behavioral health — one with an im-

mediately accessible entry point and a range of care to match our patients’ needs. That is why we created the BHUCS -- to provide an urgent response to an urgent health care crisis.”

Patients can now access the following services at the BHUCS, Monday-Friday, 9:30 a.m. – 6:00 p.m. (weekend hours will be available in 2024):

- Same-day clinical triage, crisis evaluation, next step planning and support
- On-site medical evaluation and necessary laboratory tests
- Psychopharmacology

evaluation and medication prescription

- Crisis response and stabilization
- Care navigation and care coordination
- Enrollment in EBNHC primary care, based on availability

EBNHC has also expanded mind/body offerings for patients, such as reiki, trauma-informed yoga, community peace circles and other community interventions to meet interest in non-traditional, indigenous, and culturally relevant healing methods.
